HRSA
Health Resources & Services Administration

Division of Policy and Data Business Day

2022 National Ryan White Conference on HIV Care and Treatment

August 23, 2022

CAPT Tracy Matthews, Acting Director
HIV/AIDS Bureau (HAB)

Vision: Healthy Communities, Healthy People

Health Resources and Services Administration (HRSA)

Overview

Supports more than 90 programs that provide health care to people who are geographically isolated, economically or medically challenged

HRSA does this through grants and cooperative agreements to more than 3,000 awardees, including community and faith-based organizations, colleges and universities, hospitals, state, local, and tribal governments, and private entities

Every year, HRSA programs serve tens of millions of people, including people with HIV, pregnant individuals, mothers and their families, and those otherwise unable to access quality health care

HRSA Ryan White HIV/AIDS Program

HRSA's HIV/AIDS Bureau Vision and Mission

Vision

Optimal HIV care and treatment for all to end the HIV epidemic in the U.S.

Mission

Provide leadership and resources to advance HIV care and treatment to improve health outcomes and reduce health disparities for people with HIV and affected communities.

HRSA's Ryan White HIV/AIDS Program (RWHAP) Overview

- **Provides a comprehensive system of HIV primary medical care, medications, and essential support services for low-income people with HIV.**
- **Funds grants to states, cities, counties, and local community-based organizations to improve health outcome and reduce HIV transmission.**
  - Recipients determine service delivery and funding priorities based on local needs and planning process.
- **Provided services to nearly 562,000 people in 2020—more than half of all people with diagnosed HIV in the United States.**
- **89.4% of RWHAP clients receiving HIV medical care were virally suppressed in 2020, exceeding national average of 64.6%[i].**

i. Centers for Disease Control and Prevention. Core indicators for monitoring the Ending the HIV Epidemic initiative (early release): National HIV Surveillance System data reported through December 2020; and pre-exposure prophylaxis (PrEP) data reported through September 2020. HIV Surveillance Data Tables [Table 5a] 2021;2(No. 2). http://www.cdc.gov/hiv/library/reports/surveillance-data-tables/vol-2-no-2/index.html. Published March 2021.

HRSA Ryan White HIV/AIDS Program

Business Day Agenda

- 11:00am-11:30am **State of the Division of Policy and Data Programs**
  - **Bureau Overview**
  - **Division Overview**
  - **Clinical Quality Management Resources**
  - **Data Support, Technical Assistance and Dissemination Resources**
  - **Resources for Program Implementation and Innovative Strategies**
  - **Policy Resources**
- 11:30 am-12:00 pm **Exhibits, Posters and Presentation Preview**
- 12:00 pm-12:15 pm **Question and Answer Session and Wrap Up**
- 12:15 pm-1:00 pm **Live Breakout Sessions**

Division of Policy and Data (DPD) Mission

Our mission is to provide leadership and expertise in HIV data collection and analysis, policy guidance, implementation science, evaluation, data dissemination, coordination of program and clinical performance activities, and technical assistance and training to support HAB's mission.

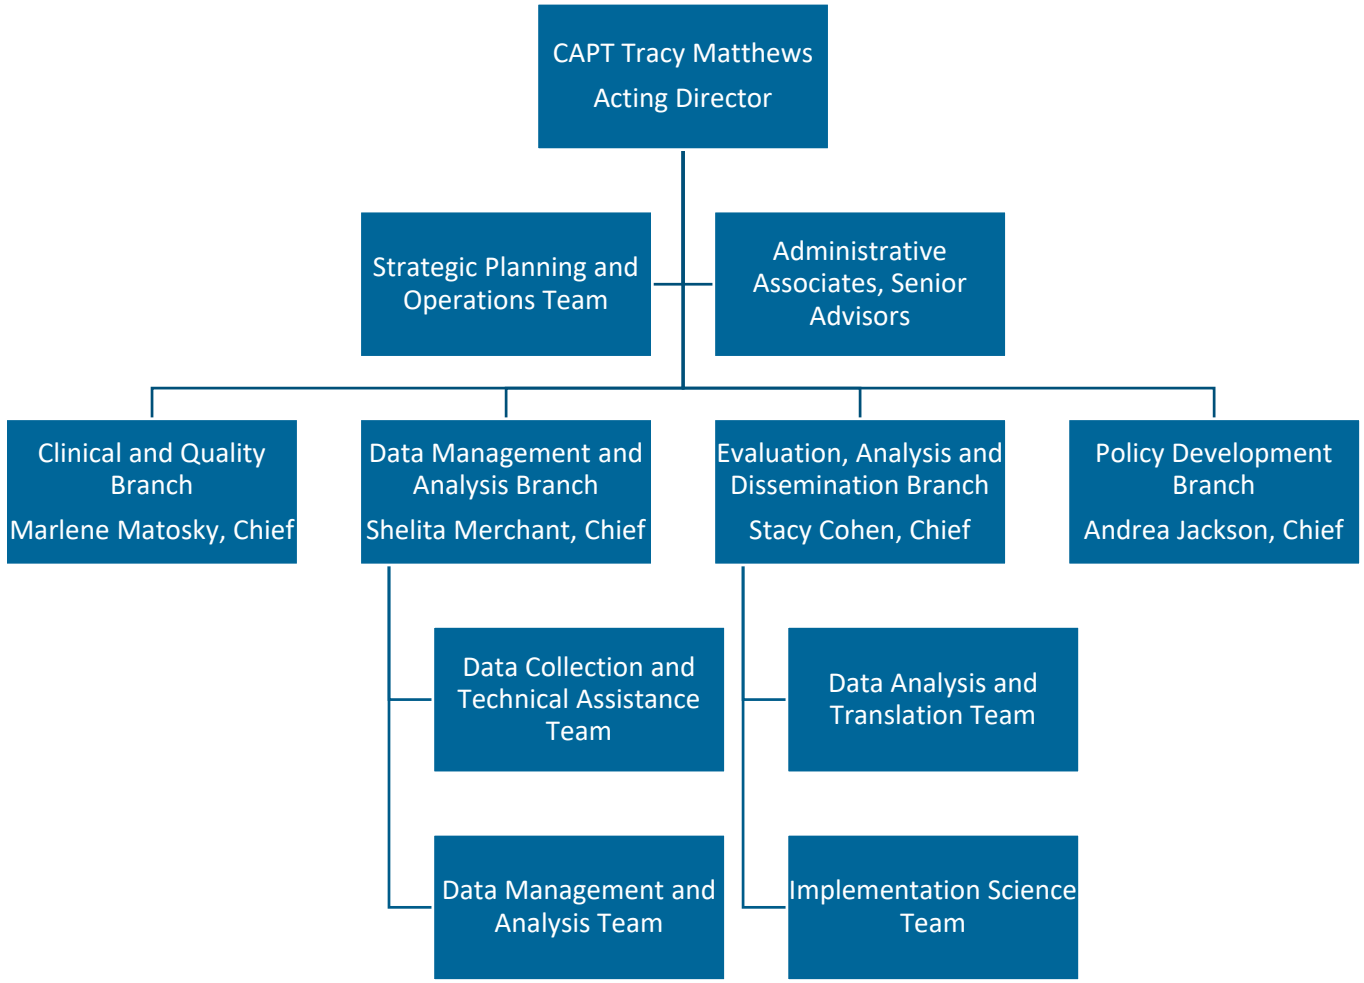
HRSA HIV/AIDS Bureau
Division of Policy and Data

Division of Policy and Data Priorities

- Using data to understand the scope and impact of the RWHAP
- Creating data visualization
- Using innovative strategies and partnerships
- Asking the right questions
- Modernizing policies and monitoring environmental policies
- Supporting cross cutting strategies and goals

HRSA Ryan White HIV/AIDS Program

Division of Policy and Data Organizational Chart



Division of Policy and Data Branches and Roles

Clinical and Quality Branch

Supports HAB by planning, development, implementation, evaluation and coordination of clinical care and clinical quality management activities along with technical assistance, and SPNS funded demonstration, implementation and dissemination programs to improve service delivery systems providing health care services to people with HIV

Evaluation, Analysis, and Dissemination Branch

Supports HAB by leading evaluation, data translation and dissemination, and implementation science activities to demonstrate the impact of the RWHAP and to inform data-driven decision-making. Conducts evaluation studies, develops data reports, dashboards, and products, and implements and evaluates intervention strategies through SPNS-funded initiatives.

DPD

Policy Development Branch

Supports HAB by coordinating HAB's policy and program evaluation development process, providing coordination of policy guidance and technical assistance related to development, clearance and dissemination of regulations, criteria, guidelines and operating procedures along with leading key partnership activities

Data Management and Analysis Branch

Supports HAB by leading all RWHAP data collection, cleaning, and analysis activities, including overseeing the planning, development, and enhancement of the Bureau Reporting Systems and CARE Ware; providing technical assistance for data submission; cleaning and processing raw data; performing statistical analysis for studies, articles, and reports, responding to requests for data; and generating data for external reports

HRSA Ryan White HIV/AIDS Program

State of the Division of Policy and Data Programs

HRSA
Ryan White HIV/AIDS Program

Data Support, Technical Assistance and Dissemination Resources

Data Integration, Systems & Quality (DISQ) Team

- Provides TA focused on data management and submissions:
- Guiding new users on where to start
- Mapping source data to required reporting schema
- Integrating data from multiple sources Identifying and addressing data quality issues
- Developing year-long processes for data collection, management, quality checks, and utilization

Data.TA@caiglobal.org www.targetHIV.org/DISQ

Ryan White HIV/AIDS Program Data Support

- Provides TA focused on report administration and submissions:
- Interpretation of the Instruction Manuals and HRSA HAB reporting requirements
- Allowable responses for data elements in the Recipient Reports, Provider Reports and client-level data files
- Managing recipient-provider relationships in the Web System and Grantee Contract Management System

1-888-640-9356 (M-F 10 AM-6:30 PM ET) RyanWhiteDataSupport@wrma.com

HRSA Ryan White HIV/AIDS Program

Data Support, Technical Assistance and Dissemination Resources (continued)

CAREWare Help Desk

- The CAREWare Help Desk addresses issues related to the CAREWare data collection system. Topics include generating a compliant XML file, creating custom reports, and viewing sample client summary files.

1-877-294-3571 (MWF 12-5 PM ET; Tu/Th 10:30AM-6:30 PM ET)

cwhelp@jprog.com

Target HIV

- The TargetHIV website is the one-stop shop for technical assistance (TA) and training resources.
- Resources include webinars, tools, training materials, manuals, and guidelines that focus on RWHAP service delivery and agency operations.

All data TA Resources can be found at www.TargetHIV.org

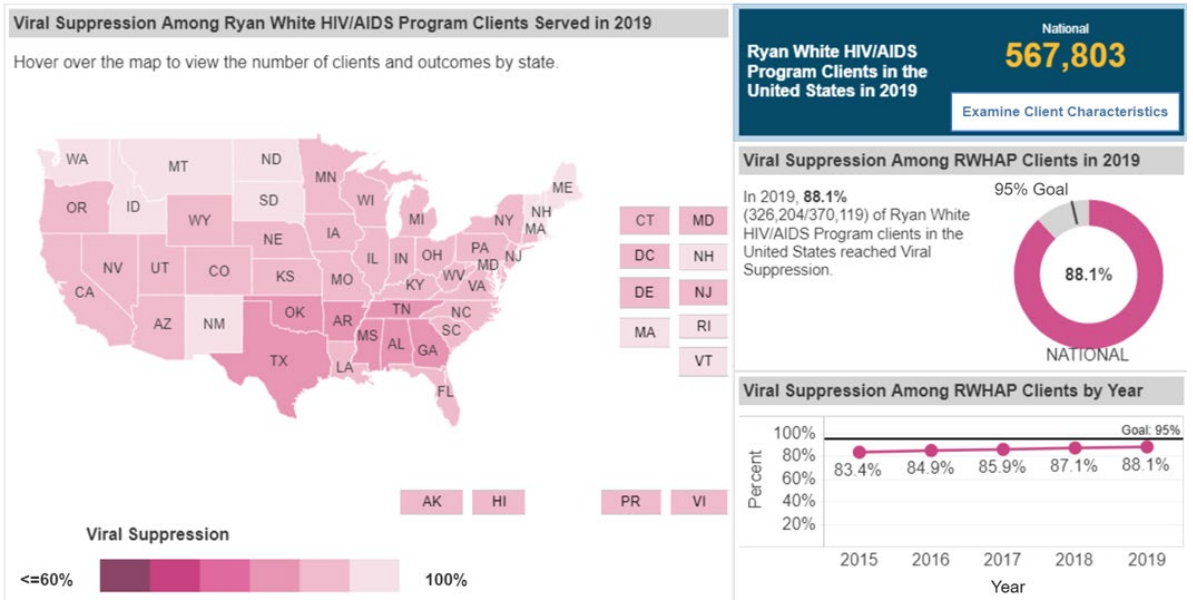
Data products and other dissemination activities

- Current Data Products: https://ryanwhite.hrsa.gov/data
  - RWHAP COVID-19 Data Report
  - 2020 AETC Annual Data Report
  - 2019 RWHAP ADAP Annual Client-Level Data Report
  - RWHAP Compass Dashboard
  - 2020 RWHAP ADAP Annual Client-Level Data Report
  - Oral health data report (2017-2020)
  - EHE qualitative data summary
- Dissemination Tools:
  - eLibrary – continually updated
  - E2i toolkits
  - Best Practices Compilation – continually updated

RWHAP Compass Dashboards and Benchmarking

Ryan White HIV/AIDS Program Compass Dashboard

The Ryan White HIV/AIDS Program (RWHAP) Compass Dashboard provides users an opportunity to interact with and visualize the reach, impact, and outcomes of the RWHAP. The Health Resources and Services Administration (HRSA) HIV/AIDS Bureau (HAB) developed the RWHAP Compass Dashboard to support data utilization to improve outcomes along the HIV care continuum. By advancing users' ability to interact with and utilize RWHAP program data, the dashboard supports HRSA HAB's vision of optimal HIV/AIDS care and treatment for all.



Understand Outcomes, Demographics, and Performance for Years 2010-2019

Compare RWHAP data by year, state, and jurisdiction

- Impact of the RWHAP
- Characteristics of RWHAP Clients
- Performance Benchmarking by Jurisdiction

Explore Data on Priority Populations for Years 2010-2019

Compare and analyze data by gender, race, transmission category, age, and other factors

- Outcome Measures by Age
- Outcome Measures by Race/Ethnicity
- Outcome Measures by Housing Status
- Outcome Measures by Transmission Category

HRSA Ryan White HIV/AIDS Program

E2i Toolkits

- The E2i initiative was a **four-year** project to facilitate the rapid implementation and evaluation of **11 intervention strategies.**
- The **goal** was to understand whether these intervention strategies could improve outcomes for clients in **four focus areas** in Ryan White HIV/AIDS Program settings.

Recipient Best Practices Compilation

The RWHAP Best Practices Compilation gathers and disseminates interventions that improve outcomes along the HIV care continuum.

Search and share today!
targethiv.org/bestpractices/search

RWHAP Best Practices Compilation

TargetHIV.org/bestpractices

Search

The RWHAP community can easily search and identify intervention strategies that have been successful in improving HIV care for clients.

Share

RWHAP-funded organizations can submit information about interventions that have worked in their program to support replication by other RWHAP recipients or ...s. **Submit yours today!**

Policy Resources

- **Policy Notices (PN) and Policy Clarification Notices (PCN)**
  - https://ryanwhite.hrsa.gov/grants/policy-notices
  - Recently released PCNs include:
    - PCN 21-02: Determining Client Eligibility & Payor of Last Resort in the Ryan White HIV/AIDS Program
    - PN 21-01: Waiver of the Ryan White HIV/AIDS Program Core Medical Services Expenditure Requirement
- **Program Letters**
  - https://ryanwhite.hrsa.gov/grants/program-letters
- **PN, PCN or Program Letter Questions**
  - RWHAPPolicy@hrsa.gov

Listening Session: Policy Clarification Notice 16-02

Ryan White HIV/AIDS Program Services: Eligible Individuals & Allowable Uses of Funds

- **Have you experienced challenges or barriers in providing or accessing services based on the service category descriptions outlined in Policy Clarification Notice 16-02?**
- **Are there new or emerging needs or service delivery models that pertain to the service categories that HAB should consider?**

Please join HAB's Division of Policy and Data during our **listening session at the NRWC to learn how to access, provide, and improve services and service delivery in the Ryan White HIV/AIDS Program!**

HRSA Ryan White HIV/AIDS Program

Policy Resources (continued)

- **Technical Expert Panels (TEP)**
  - **Optimizing HUD-assisted Housing among People in Need of HIV Care and Prevention Services – Technical Expert Panel (TEP): August 2022**
    - Examine the facilitators and barriers for accessing HUD-assisted housing (including, but not limited to the Housing Opportunities for Persons with AIDS program) for communities affected by or living with HIV
    - Explore systemic and social housing barriers, understand known and needed community resources to help foster coordination, examine ways to incorporate trauma-informed care approaches that reduces stigma, and inform future areas of collaboration between HRSA, HUD and CDC
  - **SPNS Health Information Technology TEP: July 2022**
    - Discuss the application of health information technology (HIT) to improve data collection and reporting in Ryan White HIV/AIDS Program (RWHAP) settings.
    - explore areas and specify potential topics for the funding of new RWHAP Special Projects of National Significance (SPNS) initiatives and projects to support data reporting needs of recipients
  - **Implementation Science in the Ryan White HIV/AIDS Program TEP: June 2022**
    - Executive Summary to be released soon

New SPNS Funded Initiatives

- **Supporting Replication (SURE) of Housing Interventions in the Ryan White HIV/AIDS Program,** *2022-2026*
- **Emerging Strategies to Improve Health Outcomes for People Aging with HIV,** *2022-2025*
- **Telehealth Strategies to Maximize HIV Care,** *2022-2025*

For additional information related to SPNS initiatives, please visit:

Part F: Special Projects of National Significance (SPNS) Program | Ryan White HIV/AIDS Program (hrsa.gov)

Coordination, Dissemination and Replication of Innovative HIV Care Strategies in the RWHAP

https://targetHIV.org/IHIP

- **Purpose:** To support the coordination, dissemination, and replication of innovative HIV care strategies in the Ryan White HIV/AIDS Program (RWHAP) through the development and dissemination of implementation tools and resources.
  - **Contractor: The MayaTech Corporation**
- **Key Resources and Assistance Available to RWHAP Recipients and Providers:**
  - Implementation tools and resources
  - Capacity building TA webinars
  - Peer-to-peer TA on the featured interventions
  - Support in the development and dissemination of implementation tools and resources
    - Webinars
    - One-on-one TA
  - Helpdesk (ihiphelpdesk@mayatech.com)

Exhibits, Posters, and Presentations Preview

NMAC's BLOC Program

The purpose of the **Building Leaders of Color** (BLOC) program is to reduce health disparities by mobilizing communities of people of color with HIV through leadership training to meaningfully participate in and lead HIV planning activities to better inform and shape responses to social and structural barriers to HIV prevention, care, and treatment.

The BLOC curriculum was adapted for key populations including BLOC programs for transgender women of color with HIV, youth with HIV, people of color of transmasculine experience, and a Spanish-language translation.

- **Mobilizing People of Color with HIV: The BLOC Program**

On 26 Aug 2022
11:00AM to 12:00PM
Session ID - 20817

Learning Objectives:

1. Share results and significant quantitative and qualitative findings from two BLOC evaluations
2. Discuss best practice and lessons learned in implementing a leadership program for people of color with HIV
3. Explain the BLOC partnership and development of the BLOC program by people with HIV

NMAC's ESCALATE Program

ESCALATE
Ending Stigma through Collaboration And Lifting All To Empowerment

The **Ending Stigma through Collaboration and Lifting All to Empowerment** (ESCALATE) Program sessions, will introduce participants to modules of this HRSA-funded initiative, created by NMAC, which seeks to reduce stigma for people with HIV on multiple levels throughout the health care delivery system, including on an individual client level.

The following sessions will highlight the purpose and objectives of ESCALATE, describes the learning strategies and approaches used in ESCALATE, and presents preliminary evaluation findings.

Attendees will have an opportunity to learn about ESCALATE activities focus on supporting Ryan White HIV/AIDS Program (RWHAP) funded organizations in addressing stigma by providing Training, Technical Assistance (TA), and Learning Collaboratives (LC).

- **ESCALATE - The Response to Reducing HIV Stigma 101**

On 23 Aug 2022
4:45PM to 6:15PM
Session ID - 21002

- **ESCALATE – The Response to Reducing HIV Stigma 201**

On 25 Aug 2022
11:15AM to 12:45PM
Session ID - 21005

- **ESCALATE – Ending Stigma through Collaboration and Lifting All to Empowerment – Implementation Science Evaluation**

On 25 Aug 2022
3:30PM to 5:00PM
Session ID - 21006

NMAC

NMAC's ELEVATE Program

The **Engage Leadership through Employment, Validation & Advancing Transformation & Equity** (ELEVATE) Program sessions, will introduce participants to modules of this HRSA-funded initiative, created by NMAC to build the capacity of people with HIV to be meaningfully involved in the planning, delivering, and improving of Ryan White HIV/AIDS Program services.

The following sessions will highlight the purpose and objectives of ELEVATE, describes the learning strategies and approaches used in ELEVATE, and presents preliminary evaluation findings.

Attendees will have an opportunity to learn about leadership development for people with HIV, how ELEVATE incorporates Language Justice, and have an interactive service simulation of the course.

- **ELEVATE - The Evolution of Building Leaders of Color (BLOC) Institute 101**

On 23 Aug 2022
4:45PM to 6:15PM
Session ID - 21002

- **ELEVATE - The Evolution of Building Leaders of Color (BLOC) Institute 201**

On 25 Aug 2022
11:15AM to 12:45PM
Session ID - 21005

- **ELEVATE - The Evolution of Building Leaders of Color (BLOC) Institute 301**

On 25 Aug 2022
3:30PM to 5:00PM
Session ID - 21006

SPNS Rapid Start Initiative Session Information

- **Project:** Closing Linkage-to-Care Gaps for Clients in Ryan White Program Clinics: The SPNS Rapid Start Initiative
- **Session ID:** 20587
- **Date of Presentation:** Thursday, August 25, 2022
- **Time of Presentation:** 3:30-5:00 PM EDT
- **Presenting Organizations**
  - University of California San Francisco (UCSF), San Francisco CA (3:30-3:52 PM)
  - Abounding Prosperity, Dallas, Texas (3:52-4:04 PM)
  - DAP Health, Palm Springs, California (4:04-4:16 PM)
  - Multnomah County Health Services Center, Multnomah County, Oregon (4:16-4:28 PM)
  - SUNY Downstate/Brookdale Hospital Medical Center, Brooklyn, NY (4:28-4:40 PM)

BOLD THINKERS DRIVING REAL-WORLD IMPACT

SPNS Enhancing Linkage of STI and HIV Surveillance Data in the Ryan White HIV/AIDS Program (RWHAP) Evaluation

1. **Technical assistance overview, case studies, and evaluation findings from the Enhancing Linkage of STI and HIV Surveillance Data SPNS initiative**, ID#: 20101. Tuesday, August 23, 4:45 - 6:15 pm *(Joint presentation with HRSA HAB, Georgetown, jurisdictions, and Abt)*

2. **HIV and STI Surveillance Data Systems Linkage in Four Health Departments: Results and Lessons Learned**, *ID#: 20560. Wednesday, August 24, 3:30 - 4:30 pm*

3. **A Cost Analysis of the HIV-STI Linkages Implementation**, *ID#: 20569. Wednesday, August 24, 4:45 - 5:45 pm*

Improving Linkage to Care for Persons with HIV and HCV Using Digital Media

Yale School of Medicine

SESSION #: 20689

DATE OF PRESENTATION: Wednesday, August 24th, 2022
TIME OF PRESENTATION: 4:45 - 5:45 pm
PRESENTERS: Merceditas Villanueva, M.D. & Katarzyna Sims, PhD

Yale University School of Medicine

2022

NATIONAL RYAN WHITE CONFERENCE ON HIV CARE & TREATMENT

Best Practices in Data Sharing between RWHAP Recipients and HIV Surveillance

- Session #20754
  - Benefits of sharing data between RWHAP recipients and HIV surveillance
  - Common approaches
  - Opportunities for supportive TA from DISQ
- Recipient presentations from:
  - Colorado Department of Public Health and Environment
  - Michigan Department of Health and Human Services & Detroit Health Department
  - Nebraska Department of Health and Human Services
- Friday, August 26th, 11:00 AM – 12:00 PM

DISQ
Data Integration, Systems & Quality
TECHNICAL ASSISTANCE

Replicating Evidence-Informed Interventions: Toolkit showcase from the E2i initiative

- **Session ID:** 21150
- **Date of Presentation:** Tuesday, August 23, 2022
- **Time of Presentation:** 4:45 - 6:15 PM EDT
- **Presenting Organizations:**
  - The Fenway Institute
  - University of California San Francisco (UCSF), San Francisco CA
  - Clínica Translucent by Centro Ararat, San Juan, Puerto Rico
  - DAP Health, Palm Springs, California
  - Henry Ford Health Center, Detroit, Michigan
- In this talk, we describe how interested sites can use E2i dissemination toolkits for implementation of evidence-informed interventions to improve health outcomes among people with HIV. We also describe the impact of the E2i initiative on HIV care continuum outcomes, with particular attention to interventions prioritizing Black men who have sex with men (MSM) and transgender women. Finally, we explain factors associated with successful sustainment of evidence-informed interventions at HIV direct service organizations in diverse US regions.

SMILE! THE NEXT HORIZON IN IMPROVING ORAL HEALTHCARE

- Presenters
  - Mission Analytics Group
  - Positive Impact Health Centers
  - Nova Southeastern University College of Dental Medicine
- This presentation
  - Explores the importance of integrating oral health and primary care in improving health outcomes for people with HIV
  - Highlights related HRSA resources such as technical assistance and capacity grant funding
  - Provides an example from a RWHAP program in metropolitan Atlanta
- August 25, 11:30am-1:00pm ET (20458)

INTRODUCING DATA TO CARE APPROACHES FOR PEOPLE CO-INFECTED WITH HIV AND HCV: EVALUATION FINDINGS

- Presenters
  - Mission Analytics Group
  - Yale University School of Medicine
- This presentation discusses evaluation findings from working with jurisdictions who matched HIV and hepatitis C virus (HCV) surveillance data to create a list of co-infected people to support linkage to HCV care
- Session ID# 20764
- Date: August 24, 2022
- Time: 3:30-4:30 ET

The Black MSM Initiative will have three presentations at NRWC 2022.

The SPNS Black MSM Initiative: The Intersection of COVID-19, Civil Unrest, and HIV

Session ID# 20008

Presenting team: NORC at the University of Chicago, *ETAP*; Duke University, Friends Research Institute, Inc., Parkland Health & Hospital System, and Washington University's Project ARK, *Demonstration sites*

Presentation: Thursday 8/25, 3:30-5:00p ET

Final Findings from the SPNS Black MSM Initiative Multisite Evaluation

Session ID# 20791

Presenting team: NORC at the University of Chicago, *ETAP*

Presentation: Friday 8/26, 11:00-12:00p ET

Conceptualizing and Implementing Mental Health and Behavioral Health Services in the SPNS Black MSM Initiative

Session ID# 20782

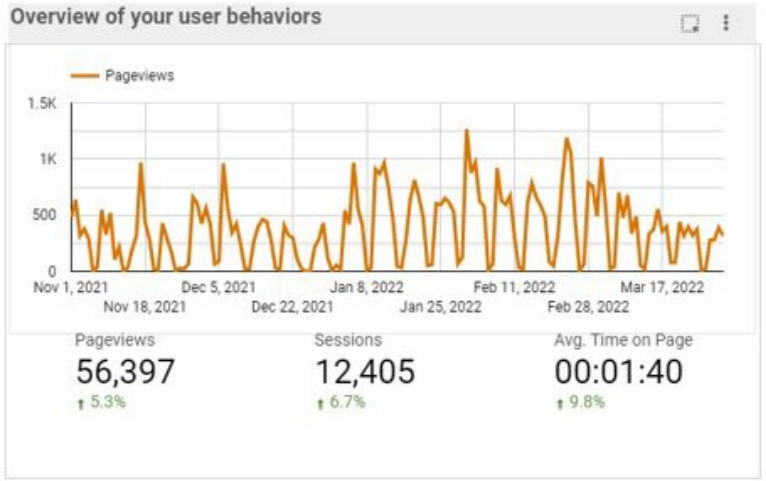
Presenting team: NORC at the University of Chicago, *ETAP*; Friends Research Institute, Inc. and Duke University, *Demonstration sites*

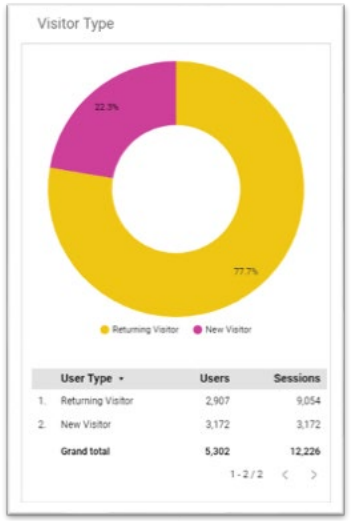
Presentation: Friday 8/26, 12:30-1:30p ET

Using Data to Inform and Improve Information Dissemination

NATIONAL RYAN WHITE CONFERENCE ON HIV CARE & TREATMENT

Poster Presentation Session ID#: 20783





Presented by: Taylor Crosby, Isia Benson, and Nicolé Mandel

RWHAP DATA SUPPORT

DISQ Data Integration, Systems & Quality TECHNICAL ASSISTANCE

TargetHIV

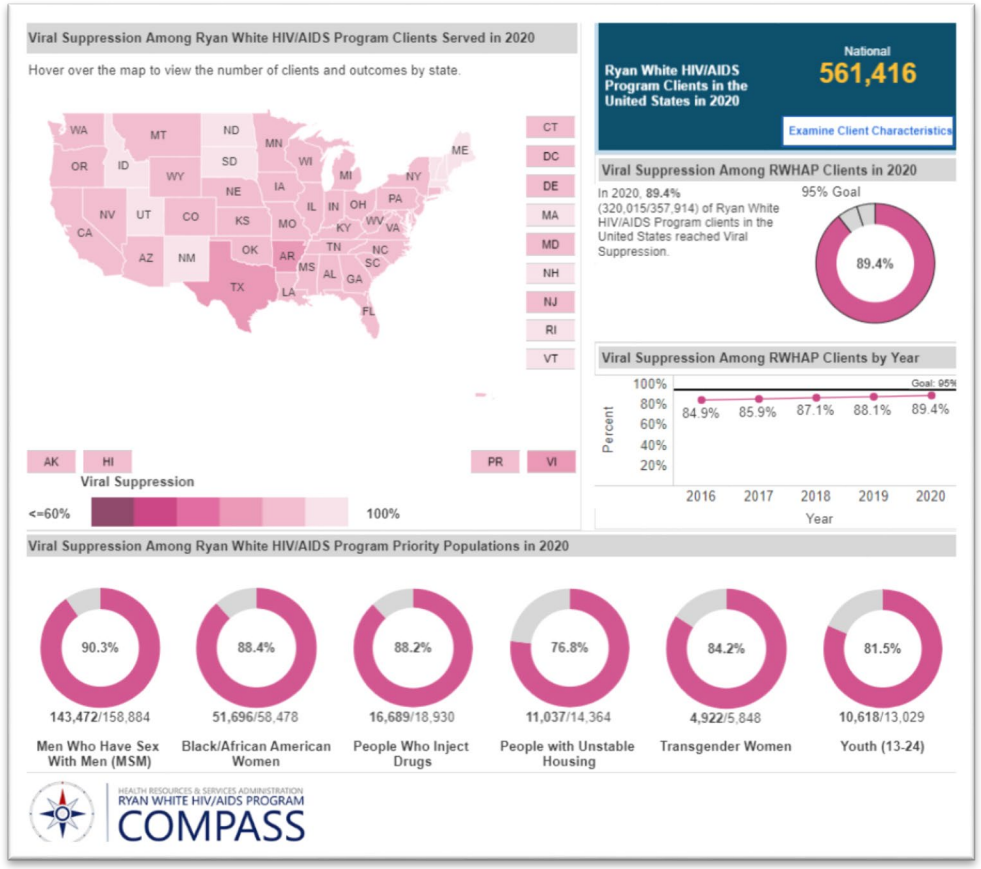
TAP-in Presentations During RW2022

- **Ending the HIV Epidemic Technical Assistance**
  - Tuesday, August 23, 4:45-6:15pm (ID#: 21021)
- **Developing an evaluation strategy to assess impact of media campaign on linkage rates in Atlanta.**
  - Wednesday, August 24, 3:30 - 4:30 pm (ID#: 20619)
- **Strengthening data use and data systems for EHE linkage to care strategies: EHE Jurisdictions' Reflections**.
  - Thursday, August 25, 11:15 am - 12:45 pm (ID#: 20741)
- **Developing customized geographic maps to enhance technical assistance provision to strengthen EHE-funded jurisdictions' EHE Plans.**
  - Friday, August 26, 12:30-1:30pm (ID#: 20619)
- **Collaborating and Innovating with Emergency Departments to End the HIV Epidemic: Experiences from Tarrant County.**
  - Friday, August 26, 12:30 - 1:30 pm (ID#: 20878)

Key Program Characteristics from Three Effective Ryan White-Funded Rapid ART Sites in the U.S.

- Cicatelli and Associates Inc. (CAI)
- **Session ID#:** 20463
- **Date of Presentation**: Thursday, August 25, 2022
- **Time of Presentation**: 11:15am – 12:15pm EST

HRSA Ryan White HIV/AIDS Program (RWHAP) Compass Dashboard



Helping users interact with and visualize the reach, impact, and outcomes of RWHAP

Presented by HRSA HAB & ICF

RYAN WHITE HIV/AIDS PROGRAM
COMPASS

HRSA-CDC-NIH Implementation Science and HIV

- **Project:** Using Implementation Science to Address HIV Needs: Examples from NIH, CDC and HRSA
- **Session ID:** 20994
- **Date of Presentation:** Thursday, August 25, 2022
- **Time of Presentation:** 3:30 - 5:00 PM EDT
- **Presenting Organizations:**
  - National Institutes of Health, National Institute of Mental Health and National Institute of Allergy and Infectious Diseases
  - Emory University
  - HRSA, HIV/AIDS Bureau
  - University of California, San Francisco Center for AIDS Prevention Studies
  - Centers for Disease Control and Prevention, Division of HIV Prevention
  - RTI International and The Ohio State University
- In this talk, we describe how implementation science, a process of taking research to practice, serves as a rich environment to deepen partnerships and activities across CDC, NIH, and HRSA. Funded recipients will present on using implementation science to measure, document, and develop strategies and technology-based interventions to address the needs of people with HIV.

Questions and Answers

Breakout Sessions

DPD will monitor time and provide questions for thought to be discussed within breakout groups.

Live Breakout Session Topics

- **Evaluation Funded Projects:** Applying Implementation Science (IS) within SPNS funded projects
- **Health Disparities:** Ensuring health equity within projects
- **Data Coordination:** Improving data collection and reporting
