2

00:00:29.380 --> 00:00:48.240

R Chris Redwood HRSA HAB: My name is Chris Redwood. I'm. A Nurse Consultant from the Hiv Aids Bureau versus Hiv Aids Bureau's Division of Poly, c. And data, and I will also serve as today's moderate co-presenting with me today Will be Tracy Matthews. That's our Dpd deputy director,

3

00:00:48.300 --> 00:00:51.459

R Chris Redwood HRSA HAB: thelma Ihani Chiku,

4

00:00:53.060 --> 00:00:58.440

R Chris Redwood HRSA HAB: who is our senior, one of our senior advisors here in Dvd.

5

00:00:58.450 --> 00:01:26.360

R Chris Redwood HRSA HAB: I'd like to recognize Ah, Michael Carfin, who is also in the room with us Today he is our division director, and from Grants management we have branch management specialists. Ah, Nancy Gaines, and also Tony Hines. Ah, just out of Ah! Ah! This is a request from us. Please place your name, your title, and your organization in the chat box, for so on, and before we continue, please consider the following: the slide deck.

6

00:01:26.370 --> 00:01:34.369

R Chris Redwood HRSA HAB: A lot of information, but all that is shared today reflects what is in the Nofo, or the notice of funding opportunity.

7

00:01:34.380 --> 00:01:44.670

R Chris Redwood HRSA HAB: At the bottom of most slides. You will all see that there will be references to page numbers in the no-one and the application guide related to the slides topic.

8

00:01:44.820 --> 00:02:01.399

R Chris Redwood HRSA HAB: A recording of this presentation will be made available on the target Hiv website, and approximately five to seven business days. And finally, if you have any questions. You can post them in the chat room, and we will answer as many as possible before close.

9

00:02:04.150 --> 00:02:05.250

R Chris Redwood HRSA HAB: I'm sorry

10

00:02:08.030 --> 00:02:11.079

R Chris Redwood HRSA HAB: today's agenda. You go to next slide there

11

00:02:11.370 --> 00:02:12.440

R Chris Redwood HRSA HAB: got it.

12

00:02:13.610 --> 00:02:29.020

R Chris Redwood HRSA HAB: Let me go, my friend. Uh, today's agenda is on the slide. This is the content we will cover today. Hiv aids Bureau vision and mission, the purpose of the funding opportunity, the ward information, eligibility,

13

00:02:29.030 --> 00:02:39.950

R Chris Redwood HRSA HAB: application at submission, information, application to review information, application, submission tips, and also we'll have A. Q. And a, or questions and answer Second,

14

00:02:39.960 --> 00:02:40.870

R Chris Redwood HRSA HAB: it's all.

15

00:02:41.940 --> 00:02:57.389

R Chris Redwood HRSA HAB: Now these are common acronymy acronyms used for the notice of funding opportunity, and also known as a nofo. And in about this presentation. So use this as a reference. We're going to spend too much time on this. This is something for you all to look back on

16

00:02:57.400 --> 00:02:58.260

next time.

17

00:02:59.530 --> 00:03:19.089

R Chris Redwood HRSA HAB: These are objectives for the presentation.

They are to discuss the rhythmic Hiv age program implementation for hiv clinical quality improvement that is, this nofo provide pre-application, technical assistance, or ta to you all the potential applicants. And to answer questions, related to Bono.

18

00:03:19.400 --> 00:03:20.550

R Chris Redwood HRSA HAB: It's a

19

00:03:21.460 --> 00:03:39.130

R Chris Redwood HRSA HAB: let me share Hirsas vision and mission statements. So our vision is optimal. Hiv care and treatment for all to end the Hiv epidemic in the United States, and our mission is to provide leadership and resources to advance Hiv care and treatment,

20

00:03:39.140 --> 00:03:45.990

R Chris Redwood HRSA HAB: to improve health outcomes and reduce health disparities for people with Hiv and infected communities.

21

00:03:46.000 --> 00:03:46.940

R Chris Redwood HRSA HAB: This

22

00:03:49.940 --> 00:03:57.789

R Chris Redwood HRSA HAB: a little bit of a background. This Nofo is authorized by the Ryan White Hiv Aids program. Legislation noted on the slide

23

00:03:57.840 --> 00:04:04.380

R Chris Redwood HRSA HAB: The clinical quality management or Cqm policy clarification. Notice one thousand five hundred and two. The

24

00:04:04.600 --> 00:04:17.509

R Chris Redwood HRSA HAB: which requires Ryan-like, Hiv Aids program part a through D recipients to have a Cqm. Program that assesses whether Hiv health services provided to patients, or consistent

25

00:04:17.519 --> 00:04:26.989

R Chris Redwood HRSA HAB: with the most recent health and human services, clinical guidelines for their treatment of Hiv Aids and related to opportunistic infection.

26

00:04:27.000 --> 00:04:38.730

R Chris Redwood HRSA HAB: The program is also required to develop. Strategies, to ensure services are consistent with the guidelines to improve access to and quality of Hiv health services.

27

00:04:38.740 --> 00:04:47.400

R Chris Redwood HRSA HAB: Things refer to pages. Or one last thing. The program funds, grants to states, cities, counties, and local

28

00:04:47.410 --> 00:05:03.239

R Chris Redwood HRSA HAB: community-based organizations to provide care and treatment services for people with Hiv to improve health outcomes and reduce Hiv transmission among priority populations. Please refer to pages two through five of the next slide.

29

00:05:09.510 --> 00:05:15.019

R Chris Redwood HRSA HAB: There we go. We will now discuss the noteful in some greater detail next slide.

30

00:05:16.310 --> 00:05:44.950

R Chris Redwood HRSA HAB: So the purpose of this funding is to provide Brian White Hiv Age program part A through the recipients with training and technical assistance to implement quality, improvement methodologies and concepts with an emphasis on Skills development and implementing sustainable quality improvement activities for Ryan White H. I. The age program part A. Through D recipients with little or no experience in quality improvement.

31

00:05:45.290 --> 00:05:50.919

R Chris Redwood HRSA HAB: This cooperative agreement will address the quality, improvement component of Cqm

32

00:05:51.140 --> 00:05:53.880

R Chris Redwood HRSA HAB: please refer to page one of the no-fall.

33

00:05:54.290 --> 00:05:55.390

R Chris Redwood HRSA HAB: What's it?

34

00:05:58.230 --> 00:06:11.689

R Chris Redwood HRSA HAB: Here are a few important notes to consider the application due date in grand Stop Gov is January, the twenty, third, two thousand and twenty, four at one thousand one hundred and fifty, nine P. M. That's Eastern Standard time.

35

00:06:12.510 --> 00:06:14.799

R Chris Redwood HRSA HAB: The Hrsa

36

00:06:15.700 --> 00:06:23.110

R Chris Redwood HRSA HAB: nofo template. Please follow the specific headers in each section now,

37

00:06:23.360 --> 00:06:40.709

R Chris Redwood HRSA HAB: and the Sf. Four hundred and twenty four application guide is available at the yeah url that's listed there on the slide, and just one last bit, the total size of all uploaded files included in the page limit well, and may not exceed

38

00:06:40.720 --> 00:06:58.640

R Chris Redwood HRSA HAB: Ah, the equivalent of forty pages when printed by Us. Person. The page limit includes project and budget narratives, attachments, letters of commitment and support required in the application Guide, and this no phone. Please refer to page eight of the No phone

39

00:06:58.660 --> 00:06:59.780

R Chris Redwood HRSA HAB: next slide.

40

00:07:02.010 --> 00:07:13.990

R Chris Redwood HRSA HAB: This slide summarizes funding, so Hrsa estimates roughly one million seven hundred and fifty thousand dollars to be available annually to fund one recipient.

41

00:07:14.230 --> 00:07:27.600

R Chris Redwood HRSA HAB: You may apply for a ceiling amount of up to one million seven hundred and fifty thousand dollars. Total costs includes both direct and indirect facilities and administrative costs per year.

42

00:07:27.610 --> 00:07:38.409

R Chris Redwood HRSA HAB: This program notice is subject to the appropriation of funds, and is a contingency action taking to ensure that, should funds become available for this purpose,

43

00:07:38.580 --> 00:07:47.130

R Chris Redwood HRSA HAB: person can process applicant. Ah, Hersa can process applications and award funds appropriate.

44

00:07:48.150 --> 00:07:56.510

R Chris Redwood HRSA HAB: Now the period of performance is July, the first of next year, two thousand and twenty, four through June, the thirtieth of two thousand and twenty eight.

45

00:07:56.670 --> 00:08:15.759

R Chris Redwood HRSA HAB: Funding beyond the first year is subject to availability of appropriated funds for program in subsequent fiscal years. Satisfactory recipient performance, and a decision that continued funding is in Ah, the best interests of the government. Please refer to page six of a no-fool form.

46

00:08:16.600 --> 00:08:17.710

R Chris Redwood HRSA HAB: It's a

47

00:08:17.720 --> 00:08:21.390

R Chris Redwood HRSA HAB: remember to put your questions in the chat room. If you have, some,

48

00:08:22.930 --> 00:08:39.129

R Chris Redwood HRSA HAB: with respect to eligibility. Eligible applicants include entities eligible for funding on the Rye White Hiv. Aids program, a parts A. Through D. Of title. I guess that's what's at forty one forty, six, no twenty, six

49

00:08:39.140 --> 00:08:40.470

R Chris Redwood HRSA HAB: You I think so.

50

00:08:40.650 --> 00:08:49.109

R Chris Redwood HRSA HAB: Um of the Public Health Services Act, uh including public and nonprofit private uh uh

51

00:08:49.620 --> 00:08:52.040

R Chris Redwood HRSA HAB: organizations.

52

00:08:52.260 --> 00:09:10.889

R Chris Redwood HRSA HAB: Ah, that Ah are addressing Hiv aids-related issues at the regional and national level, State and local

governments, academic institutions, local health departments, nonprofit hospitals and outpatient clinics, community based organizations, and Indian tribes and tribal organizations.

53

00:09:10.900 --> 00:09:17.700

R Chris Redwood HRSA HAB: Foreign entities are not eligible to apply and cost-sharing matching is not required.

54

00:09:18.590 --> 00:09:22.390

R Chris Redwood HRSA HAB: Please refer to page seven of the no phone for more information.

55

00:09:22.400 --> 00:09:26.150

R Chris Redwood HRSA HAB: With that, said I'm going to turn it over to the Thelma. It carries forward.

56

00:09:26.160 --> 00:09:28.459

R Chris Redwood HRSA HAB: Oh, thank you, Chris Ourbex

57

00:09:30.020 --> 00:09:37.689

R Chris Redwood HRSA HAB: session. Two point one of the No for outlines. What a personal program in Brooklyn's will be, and what it is.

58

00:09:37.700 --> 00:09:42.130

Cooperative agreements, recipients of responsibilities will be

59

00:09:42.190 --> 00:09:53.499

R Chris Redwood HRSA HAB: in collaboration with cursor the funded entity will offer quality, improvement. Tta directly related to Qi pathologies,

60

00:09:53.610 --> 00:09:55.490

R Chris Redwood HRSA HAB: tools, and techniques

61

00:10:03.780 --> 00:10:17.249

R Chris Redwood HRSA HAB: as the efficiency and effectiveness of implementing qi activities. There's, our methodologies tools and techniques led through Tta next slide,

62

00:10:19.550 --> 00:10:34.490

R Chris Redwood HRSA HAB: so the private entity will also use her so-developed or harsh performance measures to ensure alignments with current department of health and human services, political guidelines.

63

00:10:34.500 --> 00:10:45.099

R Chris Redwood HRSA HAB: They show that training contents is specifically relevant to the ryan-wide Hiv program parks a through the recipients and sub recipients

64

00:10:45.110 --> 00:10:47.799

R Chris Redwood HRSA HAB: particularly those with little

65

00:10:47.850 --> 00:10:53.369

R Chris Redwood HRSA HAB: to No. Qi experience when designing and implementing Tta

66

00:10:53.500 --> 00:11:06.409

R Chris Redwood HRSA HAB: participate in the National Ryan White Conference on Hiv. K. And treatment by submitting abstracts for presentations and disseminating information relevant to the audience,

67

00:11:06.720 --> 00:11:24.480

R Chris Redwood HRSA HAB: close and disseminate all quality improvements, Cta. Information, materials and products, findings, best practices and lessons learned to national and local audience on the edge on their target. Hiv website

68

00:11:24.760 --> 00:11:28.649

provide information related to project activities

69

00:11:28.660 --> 00:11:31.600

R Chris Redwood HRSA HAB: to hercer upon requests next.

70

00:11:33.860 --> 00:11:39.379

R Chris Redwood HRSA HAB: So now we're going to switch, get to the application, submission, and information.

71

00:11:39.480 --> 00:11:44.020

R Chris Redwood HRSA HAB: There are two components to this funding opportunity, and estimates.

72

00:11:44.070 --> 00:11:46.089

R Chris Redwood HRSA HAB: The first is the lawful

73

00:11:46.100 --> 00:12:05.860

R Chris Redwood HRSA HAB: two hundred and seventy-four point zero, seven, two red and white. Hivs program implementation for Hiv Clinical quality improvement focuses on the program's specific content, including goals, expectations and requirements of the program.

74

00:12:06.060 --> 00:12:14.579

The satellite is the recursive general instruction which can be found in the Sf. Four hundred and twenty. Four application guide.

75

00:12:14.620 --> 00:12:18.570

R Chris Redwood HRSA HAB: The links to this can be come through at the local

76

00:12:18.890 --> 00:12:34.079

R Chris Redwood HRSA HAB: and applicants must use both the hersa, twenty, four, or seventy, two local, and the Sf. Four hundred and twenty. Four. Application guide to successfully complete a submit an application.

77

00:12:34.090 --> 00:12:46.610

R Chris Redwood HRSA HAB: So please take careful attention to the instructions listed in for the local and the application guide as failure to forward the instructions may make your application non-responsive next slide,

78

00:12:49.030 --> 00:12:59.070

R Chris Redwood HRSA HAB: so as outline here. Your application was contained the following: as a fortune for a application for Federal assistance

79

00:13:00.140 --> 00:13:01.920

R Chris Redwood HRSA HAB: project's, abstracts

80

00:13:01.940 --> 00:13:07.459

R Chris Redwood HRSA HAB: project performance site. Application, form, project, Narrative

81

00:13:07.610 --> 00:13:11.699

R Chris Redwood HRSA HAB: as a four hundred and forty-eight projects, Budget narrative,

82

00:13:11.880 --> 00:13:15.430

R Chris Redwood HRSA HAB: all the attachments listed on the no fault

83

00:13:15.440 --> 00:13:18.620

R Chris Redwood HRSA HAB: grass, dot golf lobby forum

84

00:13:18.920 --> 00:13:34.999

R Chris Redwood HRSA HAB: mit Ctl. And I said, four, two, four B assurances a key context. So on the next slide we will discuss the components of the application, highlighted, highlighted in the good letter. So the first is the project abstract one.

85

00:13:35.010 --> 00:13:40.310

R Chris Redwood HRSA HAB: So with this you will be providing a brief summary of the application.

86

00:13:40.420 --> 00:13:47.790

R Chris Redwood HRSA HAB: Use the standard O. And B. Approved Project Abstract summary form two

87

00:13:47.800 --> 00:13:53.050

R Chris Redwood HRSA HAB: that is included in the workspace. Application uh package

88

00:13:53.080 --> 00:14:05.269

R Chris Redwood HRSA HAB: also do not have upload the abstract as an attachment for information content required in the project as a summary form,

89

00:14:05.280 --> 00:14:13.700

R Chris Redwood HRSA HAB: c. Session, four point, one point, nine of the rehearsals Sf. For two for a application guide mess.

90

00:14:17.030 --> 00:14:32.260

R Chris Redwood HRSA HAB: So the project narrative instructions are

described in detail in pages ten through seventeen of the novel, and the Project narrative is what might be considered the needs of the application.

91

00:14:32.270 --> 00:14:46.680

R Chris Redwood HRSA HAB: It provides a comprehensive framework and description of all aspects of the proposed project, and contain the following, with several sessions, which should be used as headers for the narrative.

92

00:14:46.690 --> 00:15:02.989

R Chris Redwood HRSA HAB: The first one is the introduction, Then organizational information needs approach, work, plan, resolution of challenges, evaluation and technical support capacities and budget narratives.

93

00:15:03.510 --> 00:15:04.710

R Chris Redwood HRSA HAB: This.

94

00:15:08.100 --> 00:15:23.520

R Chris Redwood HRSA HAB: So the introduction session should briefly describe your qualifications, and summarizes how you are proposing to address the responsibilities outlined in session. Two point one of this mobile one.

95

00:15:23.550 --> 00:15:28.880

R Chris Redwood HRSA HAB: Specifically you will be describing the purpose of the proposed projects.

96

00:15:28.900 --> 00:15:40.790

R Chris Redwood HRSA HAB: They describe the overall approach For designing and implementing Tta to address the means of crime-wide Hiv programs,

97

00:15:40.800 --> 00:15:45.350

R Chris Redwood HRSA HAB: particularly in those with

98

00:15:45.590 --> 00:16:02.129

R Chris Redwood HRSA HAB: they thought Ah included a discussion that show experts understanding of the issue related to the activities included in this local among the applicants, eternal and consultant from our consultant staff, as well as any partner, organization,

99

00:16:02.220 --> 00:16:21.320

R Chris Redwood HRSA HAB: and moving out to the organizational information, and you will be providing information on your organization's, current mission and structure, scope of current activities, and an organizational chart as attachment five one.

100

00:16:21.370 --> 00:16:32.610

R Chris Redwood HRSA HAB: And describe how this all contribute to the ability of the organization to conduct the program requirements and needs program expectations,

101

00:16:32.670 --> 00:16:38.279

R Chris Redwood HRSA HAB: emphasized experiences and expertise as outlined in the local

102

00:16:38.620 --> 00:16:51.280

R Chris Redwood HRSA HAB: and include as attachment for any relevant letters of agreements or contracts documents showing partner commitment to the projects. Next,

103

00:16:52.100 --> 00:17:02.030

R Chris Redwood HRSA HAB: you will also provide information on your organization's, ability and capacity to and experience in achieving

104

00:17:02.100 --> 00:17:04.080

R Chris Redwood HRSA HAB: the purpose of the projects

105

00:17:09.310 --> 00:17:24.450

R Chris Redwood HRSA HAB: Mit, ctl, and years of experience and staff that will contribute to successfully implementing the proposed activity related to working with the Brian White Hiv. This program part A. Through the recipients one hundred and fifty,

106

00:17:25.310 --> 00:17:27.490

R Chris Redwood HRSA HAB: and in this session

107

00:17:27.700 --> 00:17:42.670

R Chris Redwood HRSA HAB: you will also include attachment to that is the starting plan that describes the roles and responsibilities for each person contributing to the project and job descriptions. One

108

00:17:42.850 --> 00:17:58.320

R Chris Redwood HRSA HAB: also attachment three by your graphical sketches for key project personnel include biographical sketches for persons occupying the key positions as described in attachment to

109

00:18:02.010 --> 00:18:15.719

R Chris Redwood HRSA HAB: so the means. The purpose of this session is to outline. The quality improvement means specific to the ryan-wide. Hivs program recipients

110

00:18:15.840 --> 00:18:30.480

R Chris Redwood HRSA HAB: mit ctl and In This You will describe how you identify the means of the of ryan-wide's. Hivs program recipients, including the information gathering methods. Use also make sure to c. One

111

00:18:30.490 --> 00:18:37.780

R Chris Redwood HRSA HAB: your data as much as possible, and reference your own work as a appropriate mess,

112

00:18:39.850 --> 00:18:57.950

R Chris Redwood HRSA HAB: and we're moving on to the approach. And here are you provide detailed information regarding the proposed methods that will be used to address address the stated means, and that meet each of the recipient's responsibilities. One

113

00:18:59.870 --> 00:19:05.759

R Chris Redwood HRSA HAB: and I described this. This is described in a session,

114

00:19:06.060 --> 00:19:14.369

R Chris Redwood HRSA HAB: two point, one of this noble. You will also, uh discuss why the app for chosen is appropriate for these projects,

115

00:19:20.820 --> 00:19:37.779

R Chris Redwood HRSA HAB: the strategies for collaboration and technical assistance modalities, and how the utilization of the tools, strategies, and technical assistance modalities will meet the go of the cooperative agreements. One.

116

00:19:37.820 --> 00:19:55.200

R Chris Redwood HRSA HAB: You will also highlight any innovative methods and include a plan to disseminate our reports, products, and of projects outcomes. So project information is provided to Ryan, White's Hiv. A program recipients one hundred and fifty.

117

00:19:55.370 --> 00:20:14.259

R Chris Redwood HRSA HAB: So there are four components to the approach. So the first one is the new and innovative training. This focus on quality, improvement methodologies, tools, and techniques. Specifically you will be identifying the context. One

118

00:20:14.360 --> 00:20:29.909

R Chris Redwood HRSA HAB: skills to be developed and level of content to improve patient care, health outcomes and patient's, status fashion, with an emphasis for Ryan White's H Ibs program as a through the recipients,

119

00:20:29.920 --> 00:20:35.129

R Chris Redwood HRSA HAB: with little two or more experience with quality improvements.

120

00:20:35.710 --> 00:20:46.229

R Chris Redwood HRSA HAB: You will also identify the number of offerings annually, number of training participants and the target audience

121

00:20:46.490 --> 00:20:52.040

R Chris Redwood HRSA HAB: describe the training modality, whether it will be in-person or virtual

122

00:20:52.050 --> 00:21:01.070

R Chris Redwood HRSA HAB: duration of training pre and post training supports, and the quality and availability of facilities.

123

R Chris Redwood HRSA HAB: of each collaborative.

153

00:26:38.100 --> 00:26:39.190

R Chris Redwood HRSA HAB: This,

154

00:26:40.300 --> 00:26:44.710

R Chris Redwood HRSA HAB: Oh, so you provide a work plan

155

00:26:44.750 --> 00:26:50.460

R Chris Redwood HRSA HAB: describing the activities all steps you will use to achieve.

156

00:26:50.550 --> 00:26:57.750

R Chris Redwood HRSA HAB: Each of the objectives proposed during the entire four year project period of performance.

157

00:26:57.900 --> 00:27:05.919

R Chris Redwood HRSA HAB: We encourage you to use a timeline that includes each activity and targeted date of completion,

158

00:27:06.070 --> 00:27:17.799

R Chris Redwood HRSA HAB: identify proposed staff members responsible for each activity, for as yourselves and identified measures you will use to evaluate outcomes,

159

00:27:18.030 --> 00:27:27.299

R Chris Redwood HRSA HAB: our plan goals, objectives, and activities most directly relate to the methods described in the meat session of this global.

160

00:27:27.420 --> 00:27:42.010

R Chris Redwood HRSA HAB: Also, you must submit a detailed work plan for each twelve month period of the four year period of performance

the work plan should be included as attachment one next.

161

00:27:46.270 --> 00:27:55.089

R Chris Redwood HRSA HAB: So you know what your work plan was. Include goals, objectives, and Adscos that are specific, measurable,

162

00:27:55.100 --> 00:27:59.410

R Chris Redwood HRSA HAB: achievable, realistic, at hand. Friend

163

00:28:01.140 --> 00:28:04.840

R Chris Redwood HRSA HAB: I it. Uh, we are recommending that

164

00:28:05.420 --> 00:28:09.019

R Chris Redwood HRSA HAB: you provide a work one in the table format

165

00:28:09.400 --> 00:28:22.619

R Chris Redwood HRSA HAB: on the screen you will find sample work, life which outlines the goal. Objective key action, steps, completion, dates, evaluation, method and performance level.

166

00:28:22.840 --> 00:28:34.829

R Chris Redwood HRSA HAB: So please know this is just one of many samples that you could use to convey this information, and you are not required to use any particular formats.

167

00:28:35.140 --> 00:28:36.190

It's;

168

00:28:37.470 --> 00:28:53.809

R Chris Redwood HRSA HAB: and in this session, on resolution of challenges. You are asked to discuss challenges that you are likely to encounter in designing, implementing, and evaluating the activities described in the work plan

169

00:28:53.820 --> 00:29:09.970

R Chris Redwood HRSA HAB: specifically. You would describe the challenges that are likely to occur in designing and implementing the activities described in the walk offline session of the narrative, and describe the realistic and appropriate approaches

170

00:29:09.980 --> 00:29:14.090

R Chris Redwood HRSA HAB: that you will use to reserve these challenges of barriers

171

00:29:15.080 --> 00:29:16.530

R Chris Redwood HRSA HAB: next time.

172

00:29:18.960 --> 00:29:34.490

R Chris Redwood HRSA HAB: And in this session, on that evaluation and technical support capacity you are expected to describe your Organization's plan for evaluating the activities described in the work plan.

173

00:29:34.520 --> 00:29:46.009

R Chris Redwood HRSA HAB: Describe the better collection strategy and scientifically accepted methodologies that will be used to collect, analyze, and track the evaluation activities,

174

00:29:46.320 --> 00:29:58.280

R Chris Redwood HRSA HAB: propose a plan to access the essence to which the project has met its objectives, and if the results can be attributed to deported activities,

175

00:29:58.290 --> 00:30:11.599

R Chris Redwood HRSA HAB: explain how evaluation results will be used to improve the impact of Tta and the development of quality, improvement tools, and interventions,

176

00:30:11.610 --> 00:30:28.530

R Chris Redwood HRSA HAB: and describe your organization's capacity and expertise in coordinating, facilitating, and implementing at least two learning collaboratives using the Ih. I framework.

177

00:30:28.860 --> 00:30:29.940

R Chris Redwood HRSA HAB: Yes.

178

00:30:31.570 --> 00:30:35.449

R Chris Redwood HRSA HAB: So you also described the proposed

179

00:30:36.260 --> 00:30:45.309

R Chris Redwood HRSA HAB: that's ability, experience and expertise in

developing and implementing Cqm programs,

180

00:30:45.790 --> 00:30:50.919

R Chris Redwood HRSA HAB: especially quality improvements and corresponding activities,

181

00:30:51.040 --> 00:30:58.230

R Chris Redwood HRSA HAB: developing and implemented and monitoring quality improvement. Tta

182

00:30:58.370 --> 00:31:14.559

R Chris Redwood HRSA HAB: understanding of Ryan was twice right. And why Hiv is program Statue Ryan y Hiv is programmed parts A. Through these structures and herser

183

00:31:14.860 --> 00:31:23.910

R Chris Redwood HRSA HAB: applying our clinical knowledge and poverty improvement expertise as it relates to these cooperative agreements,

184

00:31:24.130 --> 00:31:29.360

R Chris Redwood HRSA HAB: administering physical and and programmatic knowledge of

185

00:31:29.560 --> 00:31:39.430

R Chris Redwood HRSA HAB: expertise off and authority to manage the program to serve as the content contact person for personal staff

186

00:31:39.700 --> 00:31:56.339

R Chris Redwood HRSA HAB: as surviving knowledge and expertise in conducting evaluation of qualitative and quantitative measures to be used concurrently with the development of quality improvement. Tda activities.

187

00:31:56.350 --> 00:32:08.409

R Chris Redwood HRSA HAB: To our sure impact is measured, working with local and state health departments, clinicians, community-based organizations,

188

00:32:08.420 --> 00:32:12.210

R Chris Redwood HRSA HAB: help centers, and adversary and planning groups.

189

00:32:12.790 --> 00:32:13.920

R Chris Redwood HRSA HAB: Thanks

190

00:32:14.980 --> 00:32:27.950

R Chris Redwood HRSA HAB: So on here is a sample staffing plan for your use. Again, There are many ways to present this information, and this is just an example for your reference,

191

00:32:28.230 --> 00:32:34.769

R Chris Redwood HRSA HAB: and at this time I would like to turn it over to Nancy.

192

00:32:35.020 --> 00:32:44.070

R Chris Redwood HRSA HAB: Uh, yes, personal grants, management specialists who walk us through uh some of our budget information.

193

00:32:45.070 --> 00:32:46.940

NGaines: This is a one.

194

00:32:46.980 --> 00:33:00.789

270

00:43:56.670 --> 00:44:11.389

Tracy Matthews, HRSA HAB: I will now turn this over to Tracey Matthews deputy Director of the division of Policy Mo: data to review the remainder of the application, format and submission requirements. Thank you.

271

00:44:11.400 --> 00:44:30.270

Tracy Matthews, HRSA HAB: Thank you, Nancy. Um. The next component of the application. The word view is the attachments. So I got the list here of attachments that can be found in section four to five of the no-one. So upload your attachments, and the order specified clearly label each one of the attachments

272

00:44:30.280 --> 00:44:43.809

Tracy Matthews, HRSA HAB: and unless otherwise noted the attachments count to an application page limit. But the indirect cost rate agreements, and proof of non-profit status. If that's the applicable um will not count for the page limit,

273

00:44:44.000 --> 00:44:45.299

Tracy Matthews, HRSA HAB: so that's why

274

00:44:46.360 --> 00:44:57.870

Tracy Matthews, HRSA HAB: so here's the list of attachments for this Nova. These were mentioned by Bellma as she described each section, so i'm not going to go through each and every one. So we'll go to next slide.

275

00:45:00.370 --> 00:45:05.589

Tracy Matthews, HRSA HAB: Now. Um A few words about the review and selection process,

276

00:45:05.600 --> 00:45:25.190

Tracy Matthews, HRSA HAB: so Hers's division of independent Reviewer Dir is responsible for managing the objective and independent application review performed by a committee of qualified experts. The applications will be reviewed and rated, based on the review criteria, and Section five of a nova.

277

00:45:25.200 --> 00:45:40.810

Tracy Matthews, HRSA HAB: If they have to make it there first it they need to be submitted by the published deadline. Do not exceed the page limit. Do not request more than the ceiling amount and pass the initial person, eligibility and completeness Screening

278

00:45:40.820 --> 00:45:54.220

Tracy Matthews, HRSA HAB: the competitive um. Objective Review process is based solely on the merits of your application. So it's critical that you paint a clear picture of your proposed projects and the capabilities that your organization brings to the work.

279

00:45:56.590 --> 00:46:05.899

Tracy Matthews, HRSA HAB: The review criteria includes, including the elements to be evaluated, and there relatively are outlined in the Novo section at five point one,

280

00:46:05.910 --> 00:46:17.999

Tracy Matthews, HRSA HAB: So Hrsa has procedures for assessing the technical merit of the applications to provide for an objective review of applications, and to assist you in understanding the standards against which your application will be judged

281

00:46:18.080 --> 00:46:29.130

Tracy Matthews, HRSA HAB: applicants Ah should pay close attention to addressing all the criteria and preparing your submissions, as they are. The basis upon which the review of us will evaluate the application.

282

00:46:29.650 --> 00:46:38.230

Tracy Matthews, HRSA HAB: The review criteria are used to review and run applications. Applications will be scored on a basis of one hundred points,

283

00:46:38.940 --> 00:46:58.569

Tracy Matthews, HRSA HAB: as you can see for this note, though there are six review criteria that's at the Objective Review Committee. Members will use to score your application. So it's important to demonstrate and clarify these criteria. So ah review pages twenty, one to twenty, five of the dot com for more information about the review criteria.

284

00:47:00.170 --> 00:47:03.110

Tracy Matthews, HRSA HAB: So where is the application? Packet

285

00:47:03.120 --> 00:47:09.920

Tracy Matthews, HRSA HAB: application packet package can be found at Grant sunk of, so you would search by

286

00:47:10.000 --> 00:47:14.779

Tracy Matthews, HRSA HAB: Hrsa twenty, four, point zero, seven, two.

287

00:47:15.100 --> 00:47:30.979

Tracy Matthews, HRSA HAB: When applying for Grant Psychov, you'll be required to use adobe reader version nine through eleven and limited versions of the adobe. Reader, Dc. In order to apply and download the application package. You can download adobe, adobe, reader,

288

00:47:31.150 --> 00:47:45.449

Tracy Matthews, HRSA HAB: root grants talk of, or you may need help from your information Technology department. If you don't have the permission to install the software on your computer. But grand Slots Cub has a collaborative feature for opening the application called a workspace.

289

00:47:48.730 --> 00:47:51.540

Tracy Matthews, HRSA HAB: So a few application submission chips

290

00:47:51.750 --> 00:48:10.139

Tracy Matthews, HRSA HAB: reed Hersa twenty, four, ah, seven, two, and the Sf. Four hundred and twenty four application by carefully, and it's in an entirety, and all the instructions very important to follow those instructions include agency name in the name of this program on all pages.

291

00:48:10.320 --> 00:48:25.770

Tracy Matthews, HRSA HAB: See the application that I, for additional attempts for writing a strong application by early and and make sure the person who submit the application. Either an authorized organizational representative is also available to submit the application.

292

00:48:26.830 --> 00:48:39.300

Tracy Matthews, HRSA HAB: Um confirm registration with S. A. M. Gov. And Grants Sec. And confirm passwords are threat. Have all of your pin numbers and passwords ready.

293

00:48:39.310 --> 00:48:43.510

Tracy Matthews, HRSA HAB: Now i'll turn it back to Chris to talk about Grants to come up and close us out.

294

00:48:43.540 --> 00:48:48.090

R Chris Redwood HRSA HAB: Thank you so much, Tracy. I'm hoping everyone can still hear me. Not very good.

295

00:48:48.100 --> 00:48:48.959

R Chris Redwood HRSA HAB: This,

296

00:48:48.970 --> 00:49:10.810

R Chris Redwood HRSA HAB: thank you. Um. So yes, this slide. Please note the grants Gov: contact information that's listed there on the slide. If you receive an error message, have any other ah technical issues, or if your application was not transmitted to Hrsa contact, the Grants Gov. Help desk right away.

297

00:49:10.820 --> 00:49:15.470

R Chris Redwood HRSA HAB: Do not contact your project, officer. Have staff

298

00:49:15.480 --> 00:49:35.390

R Chris Redwood HRSA HAB: Grants management specialists or call the Hrsa call Center for assistance with the application submission issues, because, quite frankly, we will not be able to assist you. Provide you any assistance. The deadline is firm, so start your process early to avoid a time. Crunch

299

00:49:35.400 --> 00:49:36.430

R Chris Redwood HRSA HAB: next slide.

300

00:49:37.990 --> 00:49:47.090

R Chris Redwood HRSA HAB: Your application must be submitted through Grants Gov. And successfully validated prior to the published application

301

00:49:47.100 --> 00:50:01.869

R Chris Redwood HRSA HAB: deadline. Please keep in mind the submission receipt email you receive from grants not dove after uploading. The application does not necessarily mean that the application has been accepted by Grandst Gov.

302

00:50:02.140 --> 00:50:22.090

R Chris Redwood HRSA HAB: Your organization should receive four emails from Grants Gov. During a successful submission We go through those emails. The first will be a submission receipt. Ah email, We highly encourage you to utilize the track. My application link found within this message

303

00:50:22.100 --> 00:50:24.619

R Chris Redwood HRSA HAB: to track your application status.

304

00:50:24.940 --> 00:50:30.510

R Chris Redwood HRSA HAB: The second is the most crucial email, the submission validation email The

305

00:50:30.680 --> 00:50:39.950

R Chris Redwood HRSA HAB: This email will notify you If the application has been validated and sent forward, or it has been rejected with errors.

306

00:50:40.110 --> 00:50:48.190

R Chris Redwood HRSA HAB: This second step can take up the seventy two hours to process, so it is absolutely essential to submit your application, at least

307

00:50:48.200 --> 00:50:51.949

R Chris Redwood HRSA HAB: for business days prior to the application due date.

308

00:50:52.110 --> 00:50:59.640

R Chris Redwood HRSA HAB: This will give your organization a chance to make the corrections and really upload the application before the deadline.

309

00:50:59.990 --> 00:51:16.689

R Chris Redwood HRSA HAB: The third email you will receive is that the application has been moved forward to herself, and the fourth email you will receive is that the application has been given a Hersa tracking number.

310

00:51:16.990 --> 00:51:35.120

R Chris Redwood HRSA HAB: If your organization has been rejected before the due date, submission which is email number two, contact the Grant stock Gov. Helped us immediately for assistance in making corrections to permit you to re upload the application and validate it for the deadline.

311

00:51:35.240 --> 00:51:36.359

R Chris Redwood HRSA HAB: What's that?

312

00:51:37.340 --> 00:51:53.950

R Chris Redwood HRSA HAB: When you have submitted your application in grants, you will receive a confirmation email which will be, Thank you for submitting your Grant application package via Grants. Your application is currently being processed by the grants of system.

313

00:51:53.960 --> 00:51:58.570

R Chris Redwood HRSA HAB: And on the previous side we discussed this process in great detail.

314

00:51:58.790 --> 00:51:59.979

R Chris Redwood HRSA HAB: What's up

315

00:52:01.250 --> 00:52:03.579

R Chris Redwood HRSA HAB: a couple of important reminders?

316

00:52:03.600 --> 00:52:18.579

R Chris Redwood HRSA HAB: Your application must be electronically submitted through and successfully validated by grand stock of no later than January, twenty, third, two thousand and twenty, four, eleven, fifty, nine, P. M. Eastern standard time,

317

00:52:18.590 --> 00:52:25.649

R Chris Redwood HRSA HAB: we recommend once again a submission of the application at least four business days before that due day.

318

00:52:25.790 --> 00:52:27.040

R Chris Redwood HRSA HAB: That's why

319

00:52:27.960 --> 00:52:40.040

R Chris Redwood HRSA HAB: applicants who need a different additional information may contact the program contact that's myself or the Grants management contact as listed here on the slide and in the No.

320

00:52:41.220 --> 00:52:42.410

R Chris Redwood HRSA HAB: What's that?

321

00:52:43.160 --> 00:53:01.160

R Chris Redwood HRSA HAB: So let's go ahead and begin our Q. And A.

Session, and we will all turn in. Oh, we got one question, so I know. There's Michael on the line, Clemens, Sharon, Genevieve, and Michelle. This is an opportunity for you all to ask your questions,

322

00:53:01.170 --> 00:53:05.169

R Chris Redwood HRSA HAB: Dominic. Can Can they come off mute and ask their questions?

323

00:53:12.210 --> 00:53:21.289

R Chris Redwood HRSA HAB: Yes, all right, folks. We got about seven minutes. So, Michael, you I see your your question in the chat box one just come off mute. There you go, Buddy, how you doing,

324

00:53:21.300 --> 00:53:26.289

R Chris Redwood HRSA HAB: hey? Good! Hi! Everybody Good to see you happy. Monday. Happy Monday.

325

00:53:26.300 --> 00:53:54.309

Michael Hager: So um when you were talking about um, and also the guidance itself, Um, you know. So i'm glad we have the opportunity to ask a question. Um, it's sounding like You'd like us to pick a topic for the learning collaborative um, and that you'd like us to talk about what measures would be in place for the learning collaborative. Um. But I know that, and also, according to the guidance, there needs to be substantial room for negotiation with our Federal partners, you and other stakeholders.

326

00:53:54.320 --> 00:54:10.690

Michael Hager: You have any advice on how specific to get in terms of specifying what the learning collaborative would be like. Can we say that it should focus on this area the care continuum? And it would involve these types of measures? Or do you want to say we are proposing this learning collaborative with these measures?

327

00:54:10.700 --> 00:54:11.490

Michael Hager: Thank you.

328

00:54:12.490 --> 00:54:14.090

R Chris Redwood HRSA HAB: Thanks for the question, Michael.

329

00:54:14.100 --> 00:54:31.610

R Chris Redwood HRSA HAB: Um. So my understanding of this is you. You

know the you, you all the prospective applicants. What you're going to do is going to look at those two collaborative one is with with respect to clients that are not in care and adap. Okay. So you're going to present to us

330

00:54:31.620 --> 00:54:35.290

R Chris Redwood HRSA HAB: what that collaborative may look like around adap

331

00:54:35.300 --> 00:55:04.740

R Chris Redwood HRSA HAB: what measures you may include in that collaborative. Obviously, we we're expecting you the Ihi, the breakthrough model applied in that fashion. And then, as you know this is a cooperative. So this is a collaborative. We would meet and discuss what it is. Potentially you all would. How you foresee the collaborative taking place on unfolding, we would give you guidance based on what it is. Our expectations are

332

00:55:04.750 --> 00:55:18.580

R Chris Redwood HRSA HAB: so in the application. I think what we really would like to see is somewhat high level of what these two collaboratives may look like. Okay, understanding that when the the award is provided

333

00:55:18.590 --> 00:55:28.090

R Chris Redwood HRSA HAB: it's going to be discussed in further detail. I hope that provides some kind of general high-level information and support for what it is. You're asking

334

00:55:28.100 --> 00:55:34.900

R Chris Redwood HRSA HAB: it makes perfect sense, and answered my question completely. Thankyou, Chris. Of course, Michael. Good to see you any other questions.

335

00:55:35.270 --> 00:55:37.859

R Chris Redwood HRSA HAB: Don't be shy, and we have five minutes.

336

00:55:38.670 --> 00:55:53.469

R Chris Redwood HRSA HAB: This is Sharon. Hi, baby. I ask a question, please. Absolutely, Sharon, How are you? I'm coming off mute and on video. So i'm doing well. Thank you very much. Just a point of clarification in

337

00:55:53.480 --> 00:56:23.070

Sharon Hibay (Advanced Health Outcomes): some of the information you have related to the approach. You know it it it talks about. Generally. The content is going to be looking at ah ways we approve patient care, health outcomes that patient satisfaction. And then, in addition on page nine, it also says, you know we would like you to take a look at ah ways that you can um focus on bringing people with Hiv if we're not currently in medical care, or have never been in medical care, or have never been in medical care into care. And to me that's that's

338

00:56:23.080 --> 00:56:38.980

also access. And are you incorporated, including the concepts of patient access. Are you including that in the quality of care or outcomes, or patient satisfaction, should I make that assumption?

339

00:56:40.760 --> 00:56:42.089

R Chris Redwood HRSA HAB: Um.

340

00:56:42.250 --> 00:56:43.729

R Chris Redwood HRSA HAB: So

341

00:56:45.160 --> 00:56:54.290

R Chris Redwood HRSA HAB: let me see if I know how to answer you. So in in just plain terms, just restate your question. So I know exactly what you're asking. Just plain terms.

342

00:56:54.300 --> 00:57:04.989

R Chris Redwood HRSA HAB: Basically it's telling us to work on three focal areas. So it's It's better care, right and better outcomes and improve satisfaction.

343

00:57:05.000 --> 00:57:05.790

Sharon Hibay (Advanced Health Outcomes): Well

344

00:57:05.800 --> 00:57:17.709

Sharon Hibay (Advanced Health Outcomes): better care doesn't necessarily, for most people when we say, access to care that doesn't mean better care. That means like, if you're in care. And so should I make the assumption when we say

345

00:57:18.190 --> 00:57:24.690

R Chris Redwood HRSA HAB: better care that it also includes improving access to care. Should I make that assumption?

346

00:57:24.700 --> 00:57:34.639

R Chris Redwood HRSA HAB: I think I understand what you're saying. So as we know, quality improvement for the Ryan white program is focused on three things. We would like to see the proof-patient care,

347

00:57:34.650 --> 00:57:46.069

R Chris Redwood HRSA HAB: health, outcomes and or improve patient satisfaction. It can be a combination of those or one standing alone. Whatever the quality, improvement, or the recipient is provided

348

00:57:46.080 --> 00:58:07.030

R Chris Redwood HRSA HAB: so, and that's what we're talking about. The Ryan White Hiv Aids program recipients and their subsequently subsequently their subsequent What our expectation of of the the awardee of this cooperative agreement is to establish um your activities. That's going to teach our recipients particularly

349

00:58:07.040 --> 00:58:36.559

R Chris Redwood HRSA HAB: and specifically those recipients that have little to no qi experience on how to stand up. Um! Ah Run maintain sustained quality improvement activities that I can hit those three areas in terms of access to care. Um, I mean, that's one, you know. So linkage to care. Retention in here is, is our wheelhouse, that in as a matter of fact, I would actually even argue that those two are just as if not as

350

00:58:36.570 --> 00:58:39.780

ah, even more important than viral load suppression,

351

00:58:39.790 --> 00:59:00.749

R Chris Redwood HRSA HAB: All right. So yes. The activities that you are projecting is that you're going to be working on. If you receive this award would be to um to potentially increase the access to care, to clients or detention, and care to clients, or getting clients who are not in care into care.

352

00:59:00.790 --> 00:59:13.270

R Chris Redwood HRSA HAB: We've never received Hiv care who dropped out of here and need to come back into care. So those are the type of

activities we want to hear you describe. So I think your assumption is right. Did I answer your question? One hundred and fifty

353

00:59:13.280 --> 00:59:27.939

Sharon Hibay (Advanced Health Outcomes): you did, and and most people um don't necessarily include access care in the lump of improving care. You know It's like you got to get into care before you improve it, but it sounds like you're you're combining those two concepts

354

00:59:28.340 --> 00:59:29.810

Sharon Hibay (Advanced Health Outcomes): under an umbrella.

355

00:59:29.820 --> 00:59:31.870

Sharon Hibay (Advanced Health Outcomes): I think that's what i'm hearing from you.

356

00:59:32.460 --> 00:59:41.549

R Chris Redwood HRSA HAB: I mean, look, the reality is our recipients have their client. Base. Okay, we know that there are clients that out of care.

357

00:59:41.590 --> 00:59:53.389

R Chris Redwood HRSA HAB: Okay. So if we can prepare our recipients and their recipients to address not only the needs of the clients that are in care. But those who are peripheral to our program,

358

00:59:53.400 --> 00:59:54.149

R Chris Redwood HRSA HAB: and third,

359

00:59:54.300 --> 01:00:03.459

R Chris Redwood HRSA HAB: can walk through the door and receive our services. Then, by all means we would want that to be a part of this cooperative. Does that make sense?

360

01:00:03.470 --> 01:00:09.490

It does it Now you made it absolutely perfectly clear. I appreciate that. And I love the answer itself.

361

01:00:09.500 --> 01:00:11.490

R Chris Redwood HRSA HAB: Okay, your clarification. Thank you.

362

01:00:11.500 --> 01:00:14.790

R Chris Redwood HRSA HAB: Maybe I should go on jeopardy. Very good. Thank you, Sharon.

363

01:00:14.800 --> 01:00:16.689

R Chris Redwood HRSA HAB: And any other questions.

364

01:00:17.100 --> 01:00:33.040

R Chris Redwood HRSA HAB: All right. We're right at the four o'clock hour. I would like to thank you all, and you know we remember that we I just want you all to remember that we're going to post these slides in the transcript of the Q. And A. As well on the Hiv age Euros

365

01:00:33.050 --> 01:00:37.250

R Chris Redwood HRSA HAB: market Hiv website again within the next five to seven business days

366

01:00:37.260 --> 01:00:54.010

R Chris Redwood HRSA HAB: on behalf of my team. We would like to thank you all for your interests, your time, your attention, and best wishes to all of you, as you prepare your applications, and the warmest cheers throughout the holiday season into two thousand and twenty-four. Thank you very much.

367

01:00:55.380 --> 01:00:58.489

R Chris Redwood HRSA HAB: Thanks happy holidays. Everyone take care, Michael

368

01:00:58.500 --> 01:01:00.219

Jenevieve Opoku: bye bye,
