

Housing and Health Care Outcomes Among HRSA's Ryan White HIV/AIDS Program (RWHAP) Clients

based on 2016 Ryan White HIV/AIDS Services Report (RSR) client-level data

Several populations experience disproportionately high rates of temporary or unstable housing.

	Unstable	Temporary
 Youth (13–24 years old)	5.9%	12.1%
 People who inject drugs*	8.9%	12.3%
 Transgender persons	11.2%	13.9%

* People with injection drug use reported as a transmission risk.

HIV Viral Suppression by Housing Status
