# About the HRSA Data Warehouse

## Who we are:

- Division of Data and Information Services (DDIS) within HRSA's Office of Operations, Office of Information Technology (OIT)
- Seth Marcus – Division Director
- Bayard Catron – IT Specialist, customer support and training coordinator

# Our Vision

## Vision:

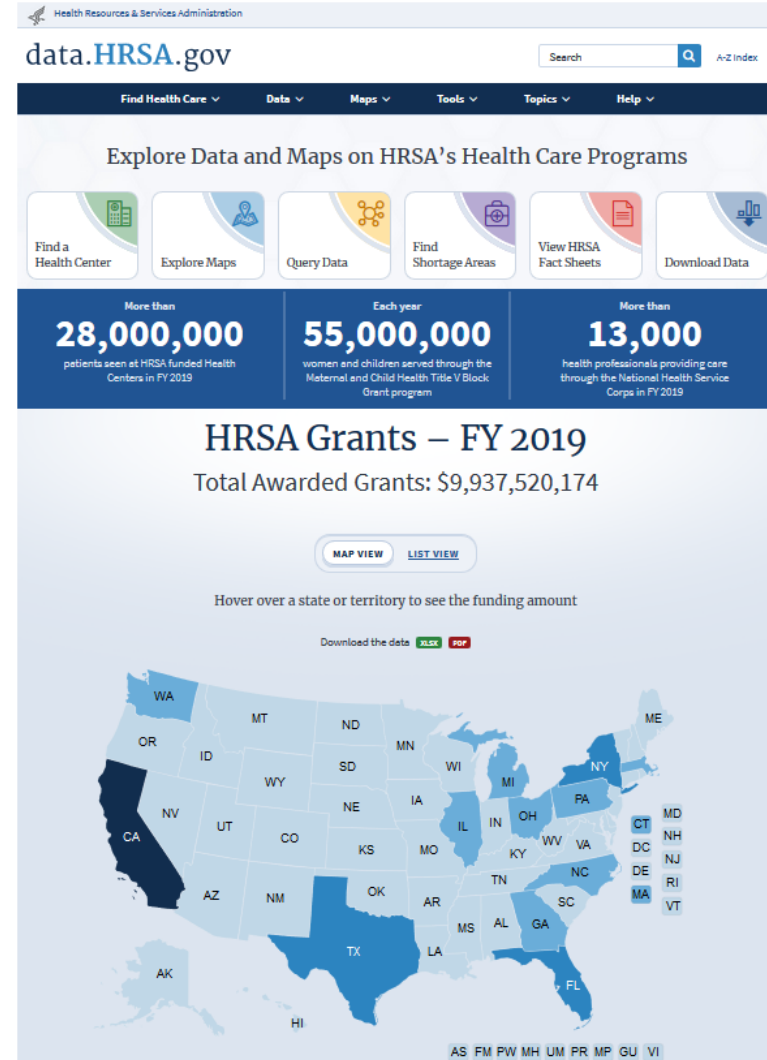

- To be the go-to source for reliable and relevant data about HRSA's public health investments
- Help the public locate Federally-funded health care facilities and services

## What we do:

- Maintain a central repository for HRSA program data including grants, Ryan White clinic and Health Center locations, Health Professional Shortage Areas (HPSAs), and other program data
- Incorporate data from Census Bureau, CMS, and other agencies to add context
- Refresh data regularly from source systems
- Develop and enhance dashboards, locators, query tools, maps, data download files, and reports to help users answer questions about HRSA programs

- Query, map, visualize, analyze and download HAB and other HRSA data
- Intuitive user interface
- Works on mobile devices
- Self-service tools
- Over 4 million page views per year
