State of the Division of Community HIV/AIDS Programs

2024 National Ryan White Conference on HIV Care and Treatment Business Day

August 20, 2024

CAPT Mahyar Mofidi, DMD, PhD, Director (he/him)
HIV/AIDS Bureau's Division of Community HIV/AIDS Programs (DCHAP)
HIV/AIDS Bureau (HAB)

Vision: Healthy Communities, Healthy People

Health Resources and Services Administration (HRSA)
Overview

Supports more than 90 programs that provide health care to people who are geographically isolated, economically or medically challenged

HRSA does this through grants and cooperative agreements to more than 3,000 awardees, including community and faith-based organizations, colleges and universities, hospitals, state, local, and tribal governments, and private entities

Every year, HRSA programs serve tens of millions of people, including people with HIV, pregnant people, mothers and their families, and those otherwise unable to access quality health care

Ryan White HIV/AIDS Program

HRSA's HIV/AIDS Bureau Vision and Mission

Vision

Optimal HIV care and treatment for all to end the HIV epidemic in the U.S.

Mission

Provide leadership and resources to advance HIV care and treatment to improve health outcomes and reduce health disparities for people with HIV and affected communities.

Ryan White HIV/AIDS Program

HRSA's Ryan White HIV/AIDS Program (RWHAP) Overview

- **Provides a comprehensive system of HIV primary medical care, medications, and essential support services for low-income people with HIV.**

- **Funds grants to states, cities, counties, and local community-based organizations to improve health outcome and reduce HIV transmission.**
  - Recipients determine service delivery and funding priorities based on local needs and planning process.

- **Provided services to over 566,000 people in 2022—more than half of all people with diagnosed HIV in the United States.**

- **89.6% of RWHAP clients receiving HIV medical care were virally suppressed in 2022, exceeding national average of 65.1%[i]. This means they cannot sexually transmit HIV to their partners and can live longer and healthier lives.**

i. Centers for Disease Control and Prevention. Monitoring selected national HIV prevention and care objectives by using HIV surveillance data—United States and 6 territories and freely associated states, 2022. HIV Surveillance Supplemental Report 2024;29(No. 2). https://www.cdc.gov/hiv-data/nhss/national-hiv-prevention-and-care-outcomes.html. Published May 2024.

Part C: Early Intervention Services (EIS) and Capacity Development
FY 2024 Appropriation: $209 Million

- **Part C EIS funds grants to 355 recipients in 49 states, District of Columbia, Puerto Rico, and the U.S. Virgin Islands**
  - Funds local, community-based organizations to provide comprehensive primary HIV medical care and support services in an outpatient setting for people with HIV community health centers, health departments, hospital clinics, and other community-based organizations
- **All Part C EIS funds are awarded competitively every three years**
  - Statutory preference given to areas with high rates of sexually transmitted diseases, tuberculosis, drug abuse, and hepatitis B and/or C
  - Statutory preference given to entities that provide primary care services in rural areas or to underserved populations
- **Part C also funds Capacity Development grants, one-year grants that help organizations strengthen their infrastructure and capacity to develop, enhance, or expand access to high-quality HIV primary healthcare services for people with HIV in underserved or rural communities**

Part D: Women, Infants, Children, and Youth
FY 2024 Appropriation: $78 Million

- **Currently provides grants to 111 recipients in 39 states and Puerto Rico**
  - Focuses on HIV care and treatment services for women, infants, children, and youth populations (WICY)
  - Funding may also be used to provide support services to people with HIV and their affected family members
  - All funds are awarded competitively every four years
- **Part D also funds Supplemental Awards, one-year grant funding to help Part D recipients strengthen their infrastructure and capacity to develop, enhance, or expand access to high-quality HIV care for WICY**

Part F: Dental Reimbursement & Community Based Dental Partnership Programs
FY 2024 Appropriation: $13.6 Million

- **Dental Reimbursement Program:**
  - Currently funds 47 Dental Reimbursement Programs in 17 states and Puerto Rico
  - Funds are awarded competitively (annually)
  - Expands access to oral health care for people with HIV while training additional dental and dental hygiene providers
  - Provides reimbursements (36% of uncompensated expenditures between FY 2021-FY 2022) to dental schools, schools of dental hygiene, and post-doctoral dental education programs
- **Community Based Dental Partnership Program:**
  - Expands access to oral health care for people with HIV while training additional dental and dental hygiene providers
  - Currently provides grants to 12 Community Based Dental Partnership Programs in 12 states
  - Funds are awarded competitively every five years (next competitive cycle is FY 2028)
  - Multi-partner collaborations between community-based dental clinics and dental/dental hygiene education programs to train and expand provider capacity

2024 DCHAP Business Day
Agenda At-A-Glance

Time	Session Details		
11:00 am –11:35 am	**State of the Division of Community HIV/AIDS Programs**		
11:35 am –11:45 am	**Break**		
11:45 am – 1:15 pm	**Virtual Concurrent Sessions**	**Session 1** Succession Planning 101 for your Community HIV/AIDS Program	**Session 2** HIV Care for those Unstable Housed
		Session 3 Using SMART Goals and Process Improvement to Implement Changes in Pre-Conception Counseling, Including Sexual Health	**Session 4** Oral Health
1:15 pm – 1:30 pm	**Break**		
1:30 pm – 2:30 pm	**Hotel**	**Meet n' Greet** Room: Shaw/LeDroit Park (tentative)	

DCHAP Business Day Steering Committee

Thank you to:

Marinna Banks Shields (senior lead), Vivian Duru, Cypriana Fowell (senior lead), Marva Gooden, Tesfaye Gudu, Melanie Jessie, Erica Johnson, Jocelyn McKenzie, Shackera Scott, Monica Sivills

Clients Served by the Ryan White HIV/AIDS Program, 2022

Catishia Mosley, MSPH
Senior Program Advisor, DCHAP
HIV/AIDS Bureau (HAB)

In 2022, the RWHAP served more than half a million people in the United States and 3 territories

Ryan White HIV/AIDS Program (RWHAP)

SERVED
566,846
CLIENTS IN 2022

more than **50%** of people with **diagnosed HIV** in the United States

6.9% of clients had **TEMPORARY HOUSING**

5.2% of clients had **UNSTABLE HOUSING**

89.6% of RWHAP clients receiving HIV medical care **reached viral suppression*** in 2022 compared to **69.5% in 2010,** which means they cannot sexually transmit HIV to their partner and can live longer and healthier lives.

74.2% of clients were from **racial and ethnic minority groups****

44.5% of clients were **Black/African American**

25.3% of clients were **Hispanic/Latino**

48.2% of clients were **aged 50 years and older**

58.6% of clients lived **at or below 100% of the Federal Poverty Level**

ª Guam, Puerto Rico, and the U.S. Virgin Islands.

HRSA Ryan White HIV/AIDS Program

Viral Suppression among Clients Served by the Ryan White HIV/AIDS Program (non-ADAP), 2010–2020—United States and 3 Territories
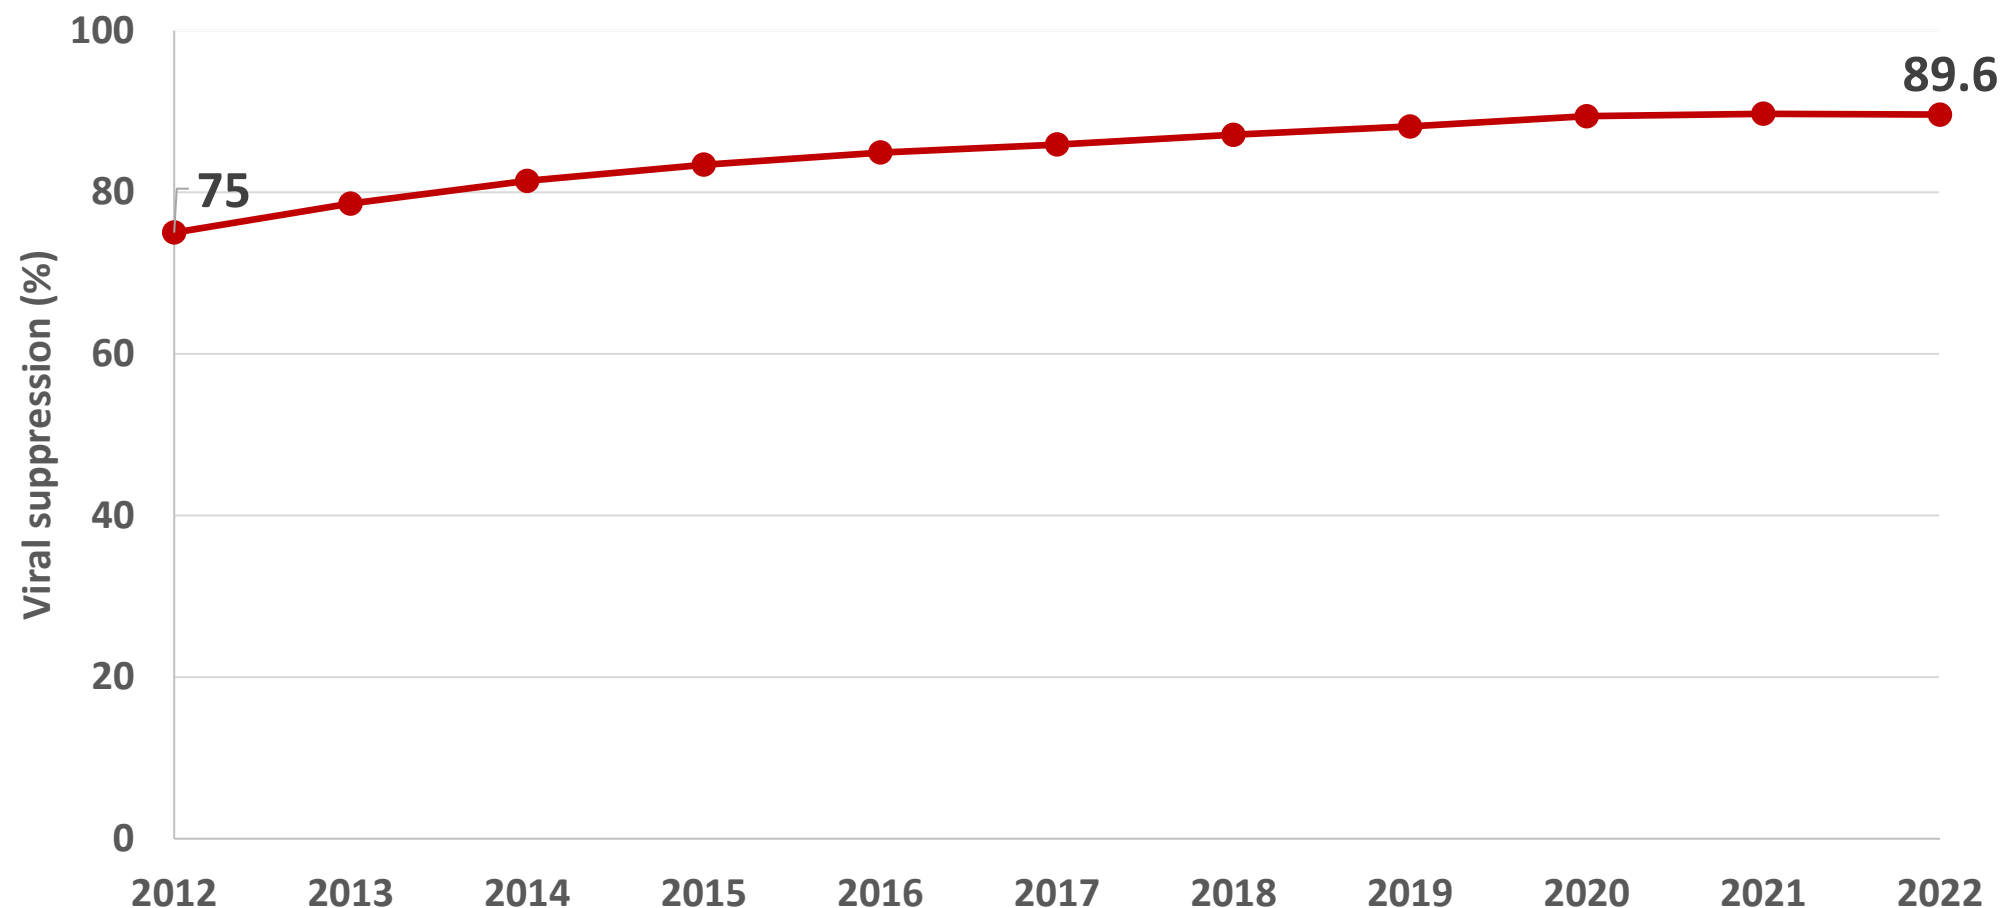

Viral suppression: ≥1 OAHS visit during the calendar year and ≥1 viral load reported, with the last viral load result <200 copies/mL.
ᵃ Guam, Puerto Rico, and the U.S. Virgin Islands.

RWHAP Part C, D, and F Dental Programs:
Data on Services, Demographics, and Outcomes

RWHAP Program Clients

- **In 2022, 566,846 clients (98.3% with HIV) received services from RWHAP-funded providers**
  - 300,043 clients received services from RWHAP Part C funded programs
  - 186,429 clients received services from RWHAP Part D funded programs

Number of Clients Receiving Services from Multiply-Funded RWHAP Provider Sites, RSR 2022

76% of clients received services from a Multiply-funded provider.

5%
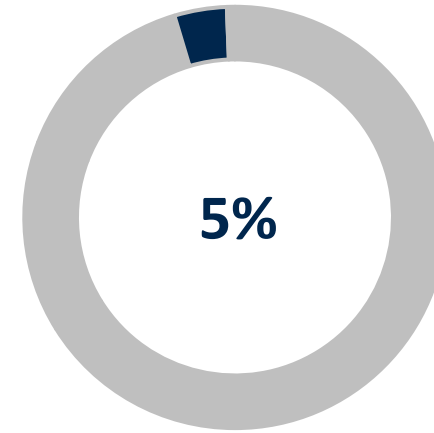

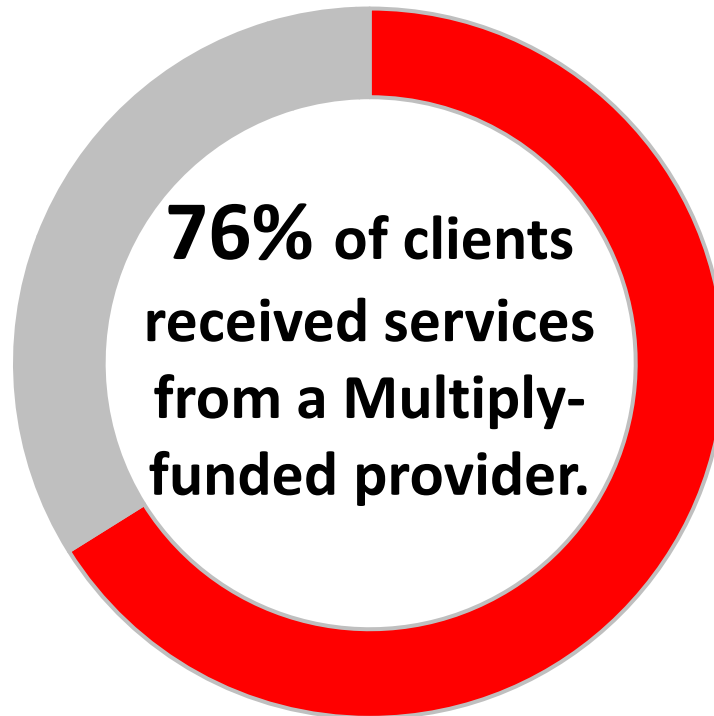

5% of clients received services from a **Part C** funded only provider.

<1%
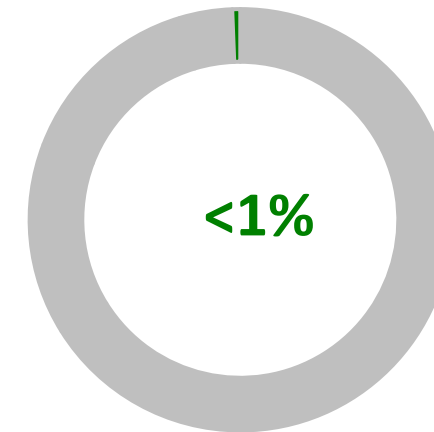

<1% of clients received services from a **Part D** funded only provider.

Top 5 Services Utilized by Clients Receiving Services from RWHAP C and D Recipients - RSR 2022

Part C				Part D			
Rank in 2022	Service	Number of Clients	Percent	Rank in 2022	Service	Number of Clients	Percent
1	Outpatient/Ambulatory health services	248,324	82.8%	1	Outpatient/Ambulatory health services	147,745	79.3%
2	Medical case management, including treatment adherence services	133,939	44.6%	2	Medical case management, including treatment adherence services	83,548	44.8%
3	Non-medical case management services	69,226	23.1%	3	Non-medical case management services	47,651	25.6%
4	Health education/risk reduction	44,826	14.9%	4	Health education/risk reduction	21,802	11.7%
5	Mental health services	30,684	10.2%	5	Mental health services	16,582	8.9%

Viral Suppression among Populations served by RWHAP Part C Provider, 2022 RSR
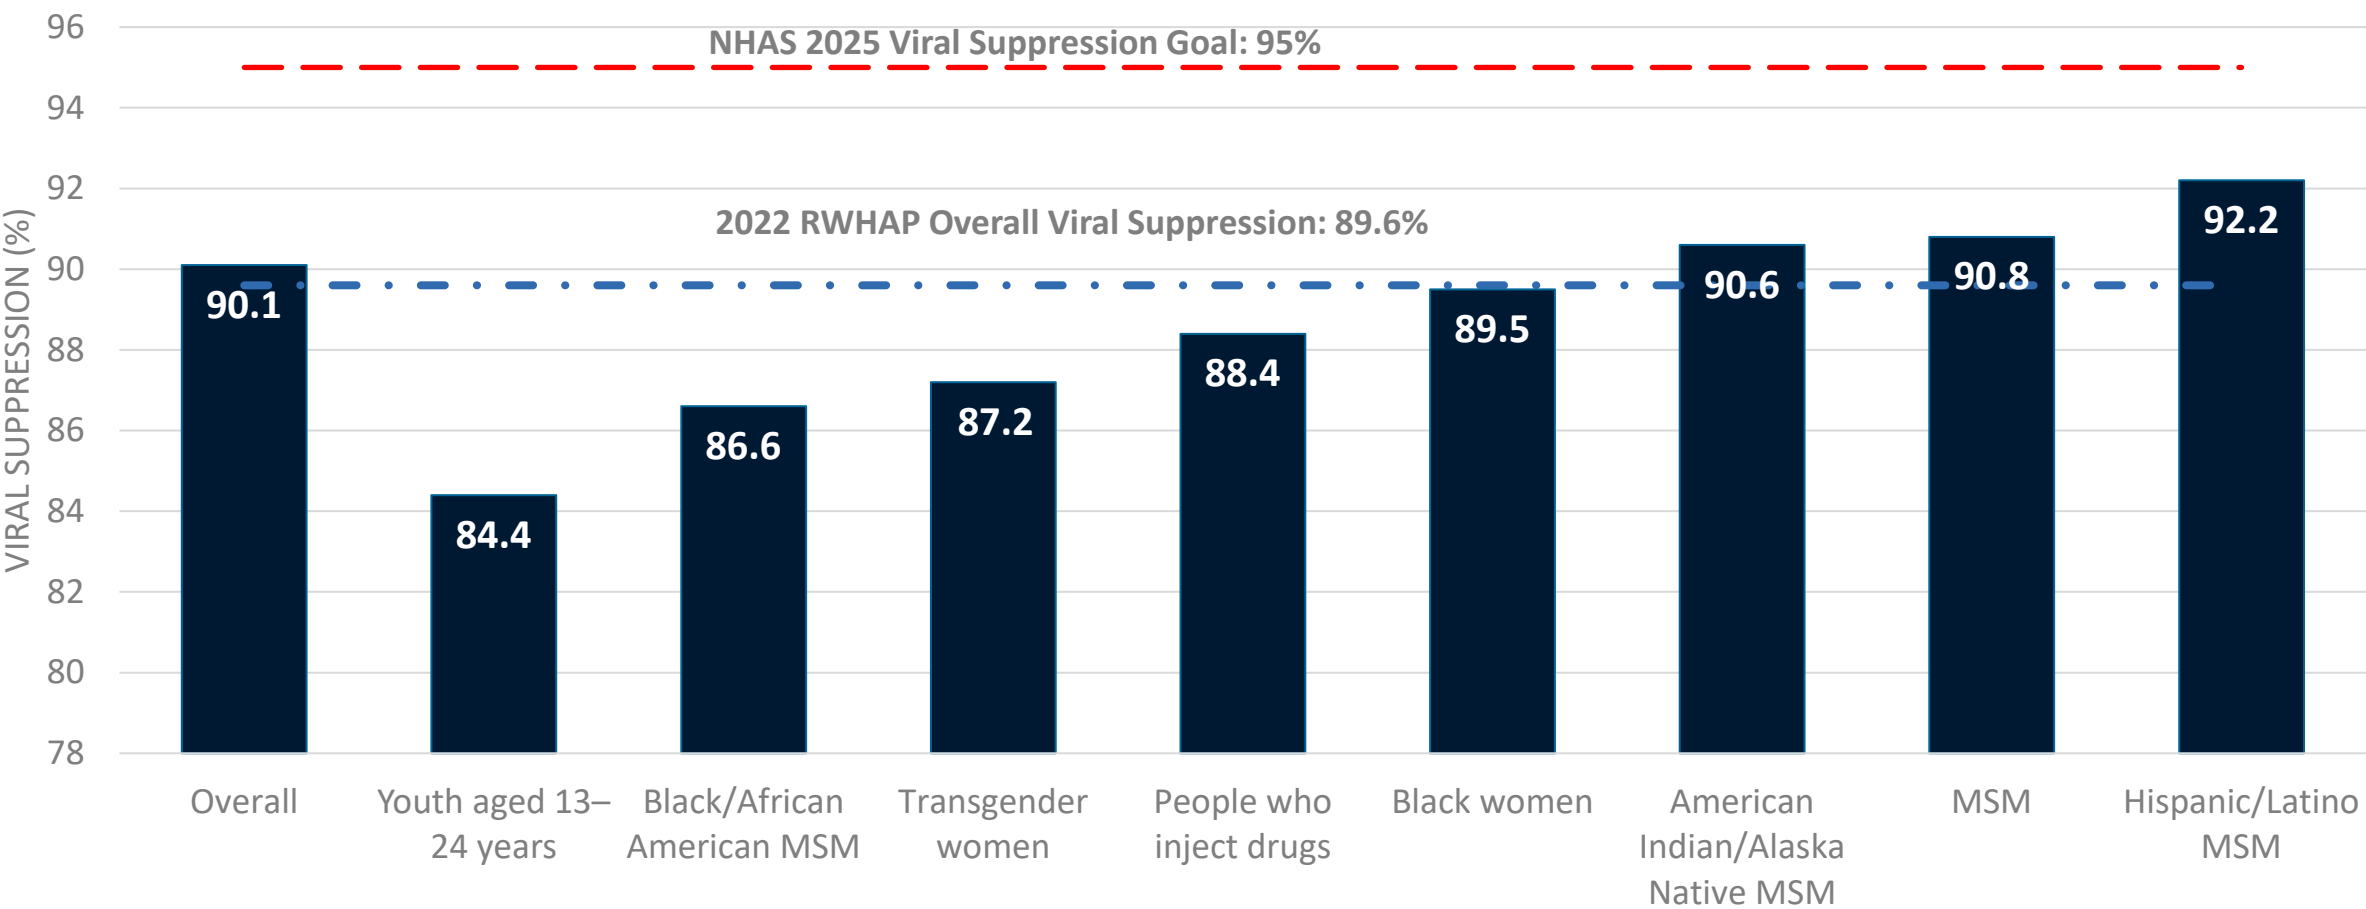

NHAS 2025 Viral Suppression Goal: 95%

2022 RWHAP Overall Viral Suppression: 89.6%

VIRAL SUPPRESSION (%)

Population	Value
Overall	90.1
Youth aged 13–24 years	84.4
Black/African American MSM	86.6
Transgender women	87.2
People who inject drugs	88.4
Black women	89.5
American Indian/Alaska Native MSM	90.6
MSM	90.8
Hispanic/Latino MSM	92.2

Viral suppression: ≥1 OAHS visit during the calendar year and ≥1 viral load reported, with the last viral load result <200 copies/mL
Part C/D providers would be unique clients who received OAHS from either Part C or D providers funded for OAHS
Includes clients aged 13 years and older
MSM includes risk group MSM+IDU (Injection drug use)
People who inject drugs includes risk group MSM+IDU

Viral Suppression among Priority NHAS Populations served by RWHAP Part D Provider, 2022 RSR
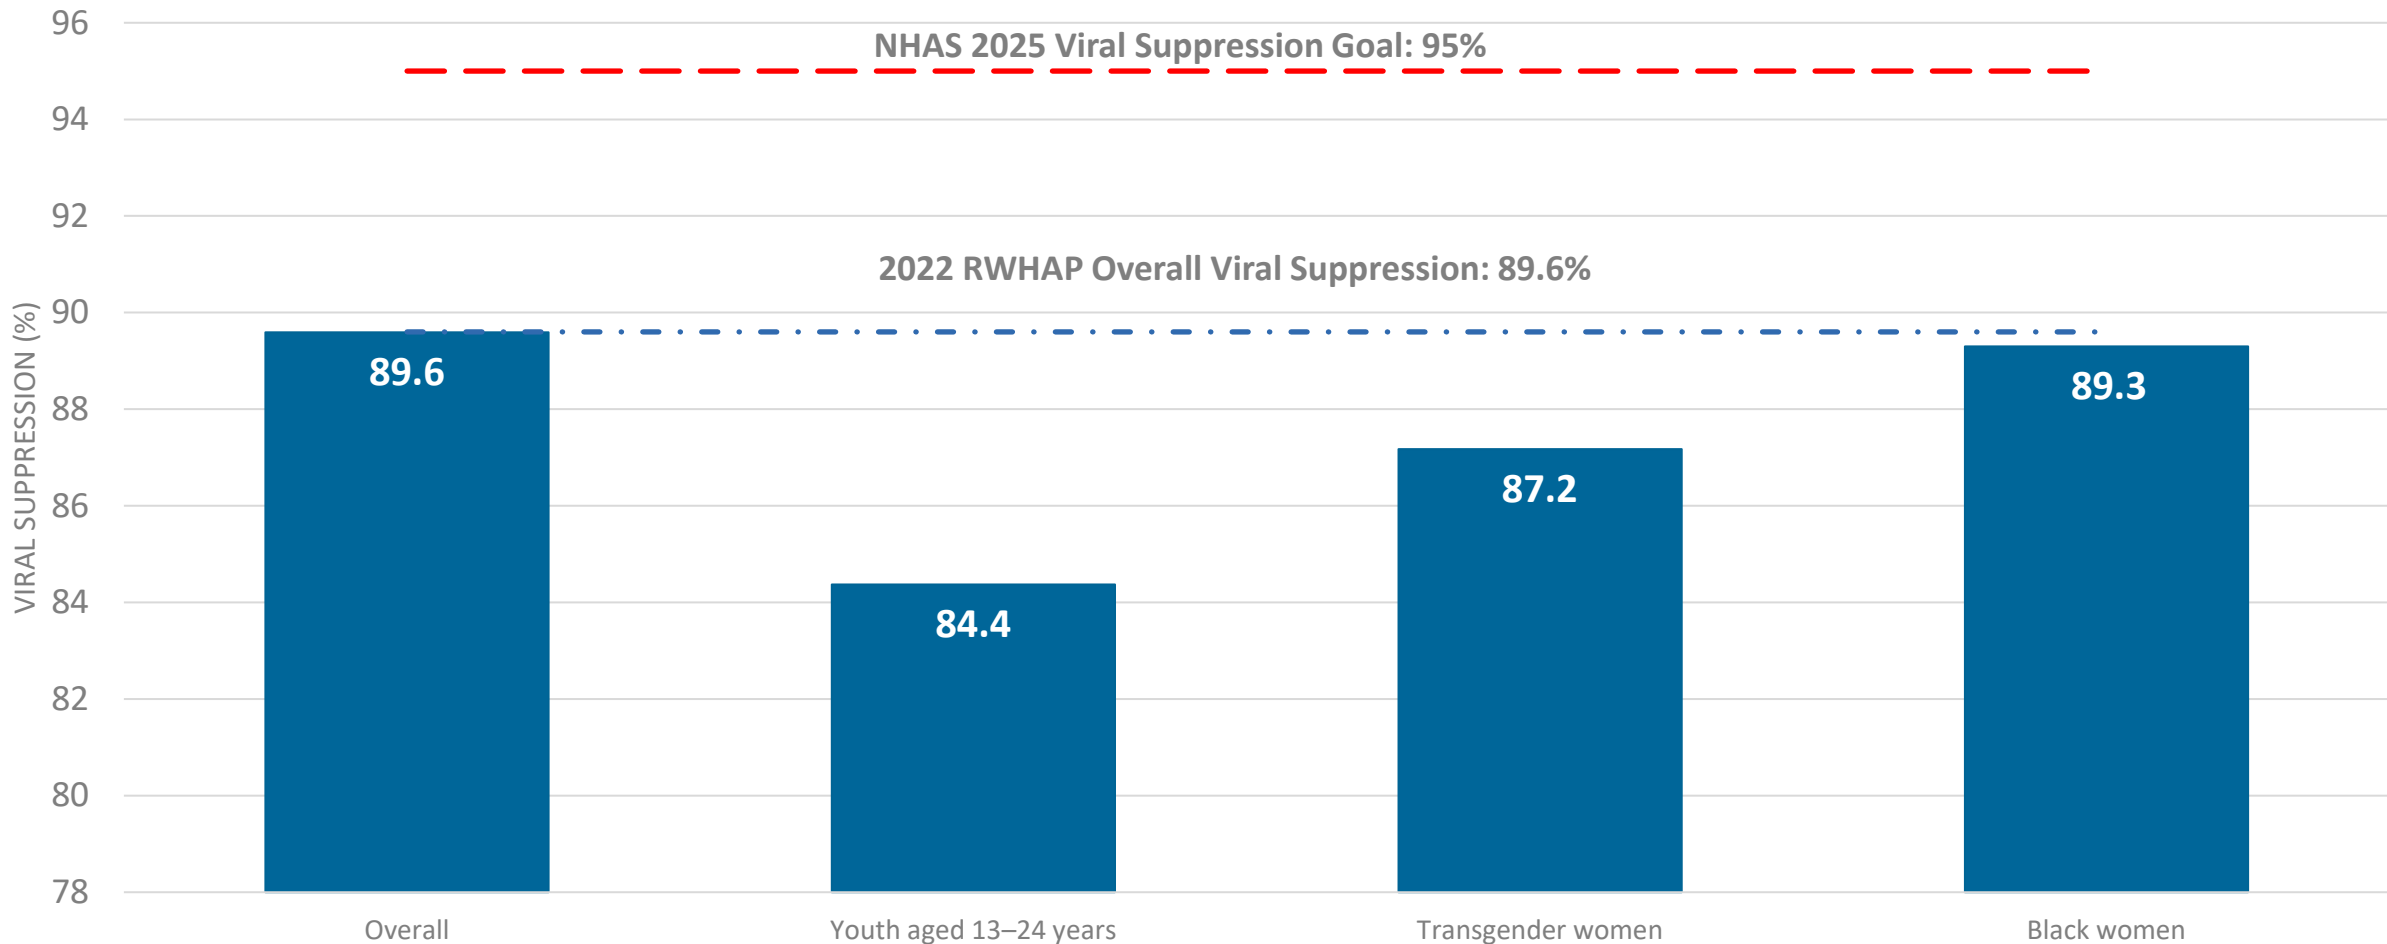

NHAS 2025 Viral Suppression Goal: 95%

2022 RWHAP Overall Viral Suppression: 89.6%

Overall: 89.6
Youth aged 13–24 years: 84.4
Transgender women: 87.2
Black women: 89.3

Viral suppression: ≥1 OAHS visit during the calendar year and ≥1 viral load reported, with the last viral load result <200 copies/mL
Part C/D providers would be unique clients who received OAHS from either Part C or D providers funded for OAHS
Includes clients aged 13 years and older
MSM includes risk group MSM+IDU (Injection drug use)
People who inject drugs includes risk group MSM+IDU

RWHAP Part F Dental Programs Report: 2023

Category	Dental Reimbursement Program (DRP) [July 2022–June 2023]	Community-Based Dental Partnership Program (CBDPP) [Jan 2023–Dec 2023]
Funded Organizations	47	12
Clients Served	20,490	7,587
Oral Health Visits	16,374	54,746
Oral Health Trainees	10,356	4,039

Top Five RWHAP Part F Dental Services Used in 2023

DRP

Rank in 2023	Service	Number	Percent
1	Diagnostic	51,757	31.6%
2	Preventive	22,611	13.8%
3	Restorative	15,221	9.3%
4	Prosthodontic	13,326	8.1%
5	Oral health education/ health promotion	12,730	7.8%

CBDPP

Rank in 2023	Service	Number	Percent
1	Diagnostic	13,342	24.2%
2	Oral health education/health promotion	8,493	15.4%
3	Preventive	7,973	14.5%
4	Restorative	6,380	11.6%
5	Periodontic	5,233	9.5%

Viral Suppression among Clients Served by the Ryan White HIV/AIDS Program Parts A–D (non-ADAP), by Receipt of Oral Health Services, 2012 - 2022
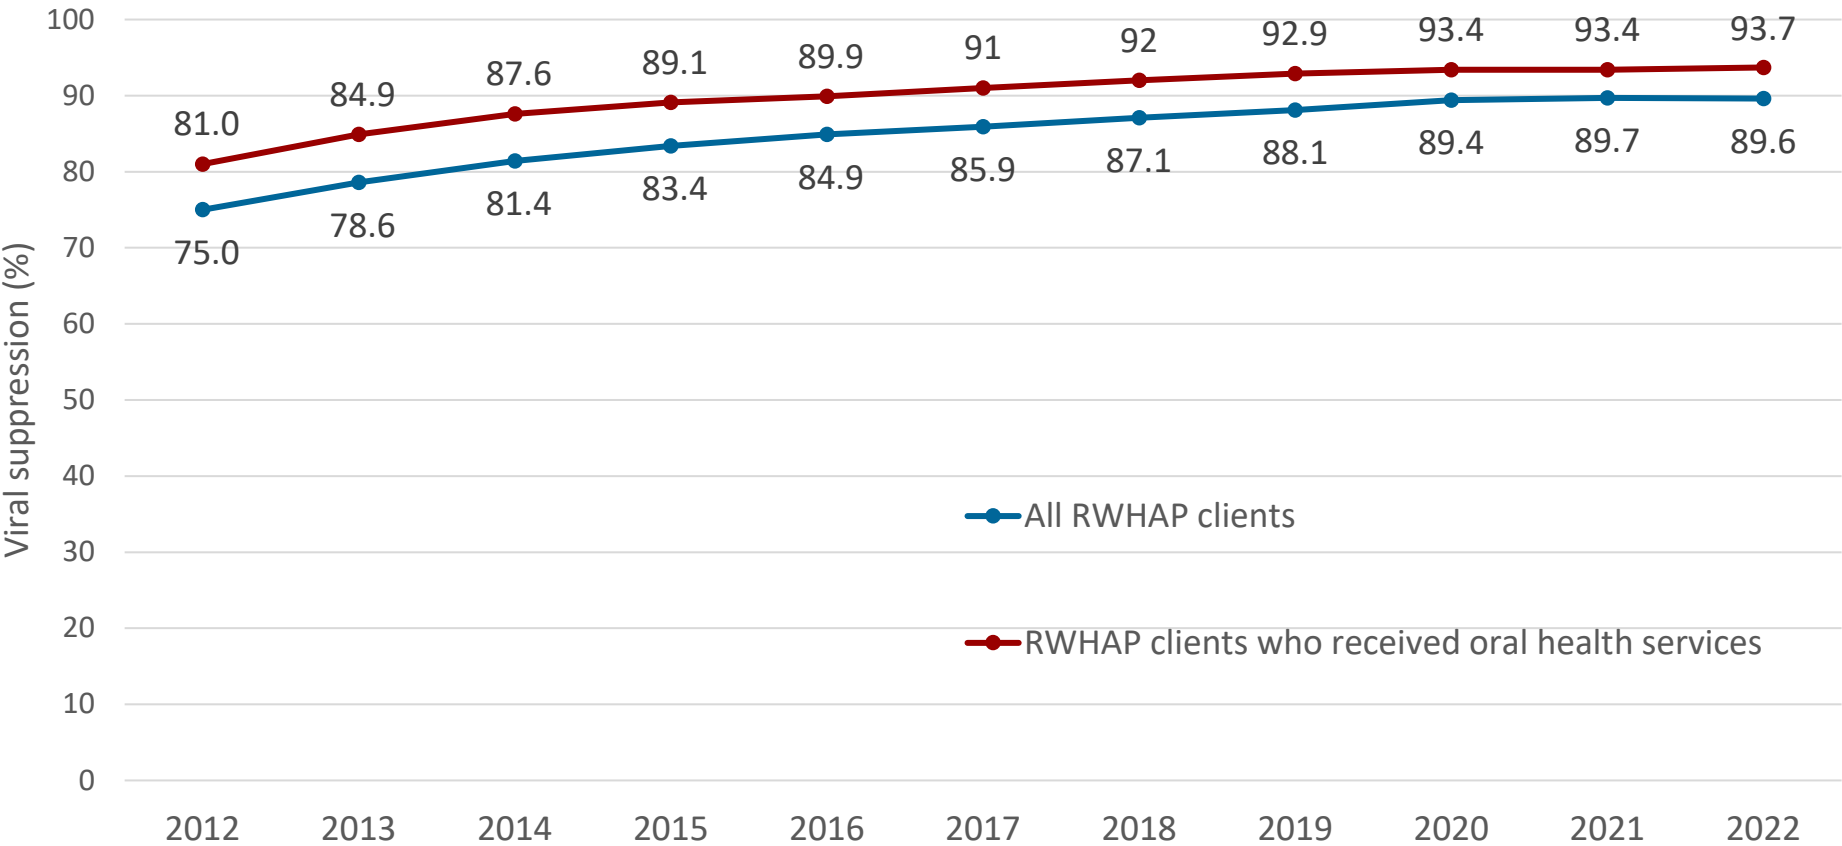

Viral suppression: ≥1 OAHS visit during the calendar year and ≥1 viral load reported, with the last viral load result <200 copies/mL
Viral suppression among RWHAP clients who received oral health services: ≥1 OAHS visit and ≥1 oral health visit during the calendar year and ≥1 viral load reported, with the last viral load result <200 copies/mL. This is a subset of all clients who received oral health services.

Enhancing HIV Care of Women, Infants, Children and Youth Building Capacity through Communities of Practice

Ijeamaka Ogbonna, MPH
Senior Program Advisor, DCHAP
HIV/AIDS Bureau (HAB)

RWHAP Part D Communities of Practice (CoP)

- **Purpose**: Facilitate the delivery of evidence-informed interventions and promising strategies to improve family-centered services to WICY with HIV in HRSA-funded RWHAP Part D provider organizations and HRSA-funded organizations serving similar populations.

  The Communities of Practice will focus on three important areas:
  - Pre-conception counseling, including sexual health (2023-2024)
  - Trauma informed care (2024-2025)
  - Youth transitioning from youth services to adult care (2025-2026)

- **Contract Period**: August 2022 – July 2026
- **Launched on March 29, 2023**

Highlights from CoP #1

Preconception Counseling, Including Sexual Health CoP

- **March 2023-February 2024**
- **15** recipient sites
- **94** core team members (Project Director/Manager, HIV Case Manager, Clinical Provider, Quality Improvement (QI) Lead, and Part D WICY participant)
- **60** partnering organizations
- **Five** learning sessions
- **Three** curated emails
- **Two** TA sessions
- **One** evidence-based toolkit

Outcomes and Key Takeaways

Accomplishments

13 recipients developed/ improved EHR prompts, templates, or workflows to improve documentation of PCC, including sexual health

11 recipients provided training to staff on PCC.

7 recipients produced PCC-focused educational materials for patients.
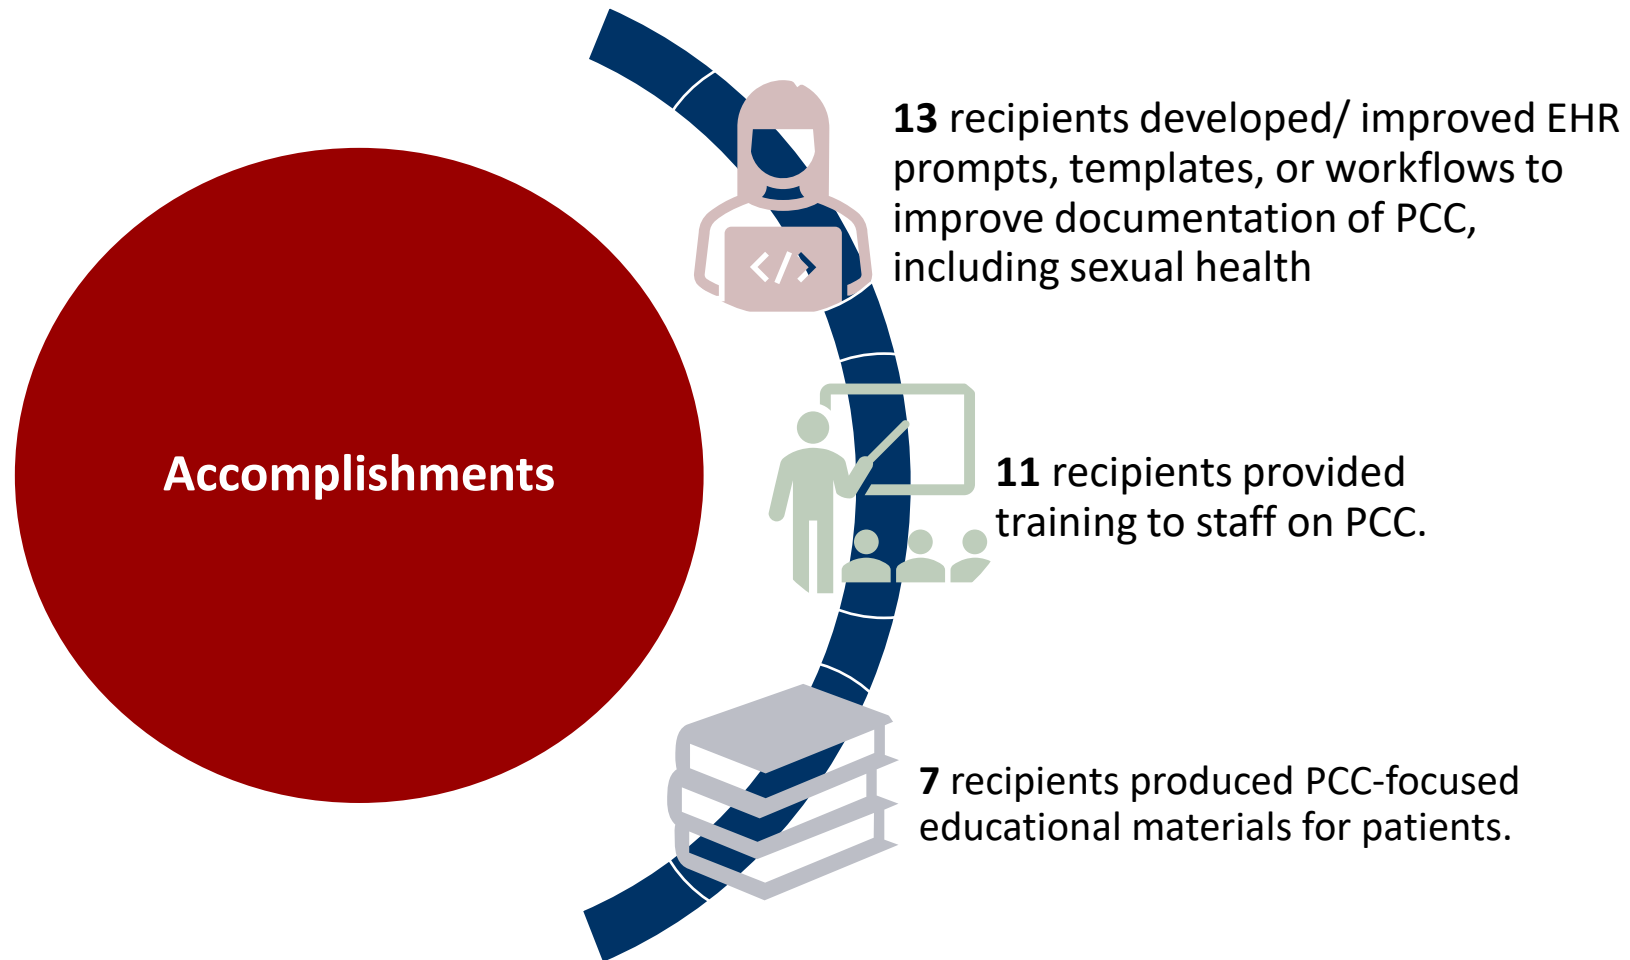

Now Available: New Preconception Counseling, Including Sexual Health Toolkit

- **Preconception Counseling, Including Sexual Health Toolkit is designed for healthcare programs that work with people with HIV with reproductive potential**

- **Access the toolkit: https://targethiv.org/library/preconception-counseling-including-sexual-health-toolkit**

RWHAP Part D Basic Training Program

Lillian S. Bell, MPH
Branch Chief, DCHAP
HIV/AIDS Bureau (HAB)

RWHAP Part D WICY Basic Training Program Overview

Background

- Site visit findings and recommendations from 2018-2022
- Key informant interviews with RWHAP Part D recipients
- Feedback from Public Health Analysts/Project Officers

Content

- Legislative and programmatic expectations for Administrative, Clinical, and Fiscal requirements
- Best practices and evidence-informed interventions

Delivery

- Didactic, lessons from the field, Q&A, and resources
- Length per session: 1.5 – 2 hours

Ryan White HIV/AIDS Program

RWHAP Part D Basic Training Outcomes

Outcomes

6 training sessions delivered and available on TargetHIV

200 average number of participants on each training session

98% average percentage of respondents that found training sessions very useful or **useful**
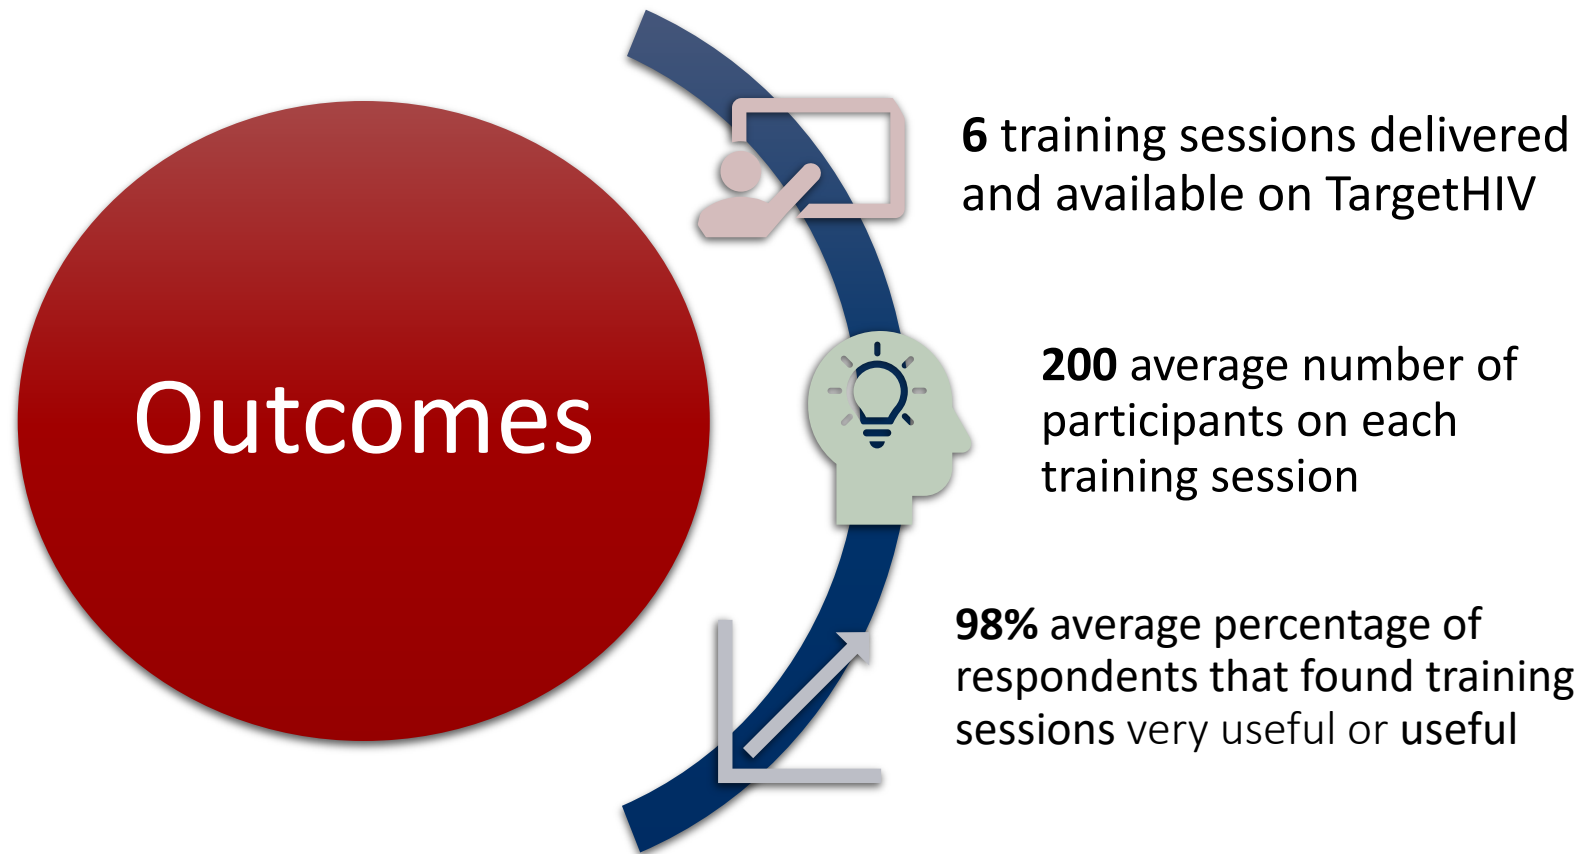

DCHAP Special Projects

Stephanie Yun, MPH, CHES
Supervisory Senior Advisor, DCHAP
HIV/AIDS Bureau (HAB)

Strengthen collaborative partnerships among stakeholders serving the maternal and child health community by gathering leaders and experts from a range of federal and community partners and disseminate best practices for the care and treatment of women, pregnant and birthing people, and other priority populations such as youth with HIV.

Ryan White HIV/AIDS Program Part D Virtual Symposium

Join us for a two day symposium, which will feature presentations from the Ryan White HIV/AIDS Program Part D Recipients, Community and Academic Partners

SESSION TRACKS

- Family Planning and Sexual Health
- Caring for Pregnant People with HIV
- Priority Populations
- Coordinating Systems of Care

NOVEMBER 15-16
11:00 AM - 3:00 PM ET
8:00 AM - 12:00 PM PST
