

Division of Community HIV/AIDS Programs (DCHAP) Business Day

August 11th, 2020

11:00am-11:40am State of DCHAP

11:40am-11:45am Break

11:45am-1:00pm Concurrent Sessions

- **Let's Talk Rural II: Telehealth Promising Practices During the COVID-19 Pandemic**
Share promising practices on how telehealth has reduced barriers to care for people with HIV (PWH) in rural communities during the COVID-19 pandemic.
- **Consumer Engagement: Sustaining What Matters Most to People with HIV**
Present findings from a qualitative analysis of consumer panel discussions conducted during 2019 DCHAP Comprehensive Site Visits. Discuss strategies for sustaining optimal services and improving services during the era of COVID-19.
- **Best Practices for Engaging Special Populations**
Highlight best practices for engaging youth and other vulnerable populations. Discuss challenges to retention to HIV care and viral load suppression among underserved populations, and HIV service delivery model amid the COVID-19 pandemic.
