INTRODUCTION

(Last Updated: August 10, 2018)

One of the goals of the original National HIV/AIDS Strategy (NHAS), released in 2010, included achieving a more coordinated national response to the HIV epidemic. In support of this goal, the HIV/AIDS Bureau (HAB) within the Health Resources Service Administration (HRSA) committed to decreasing the data reporting burden of its grant recipients, and steps were taken to integrate reporting obligations. The final phase of this initiative was the digitization of the Program Terms Report (PTR)/Allocations Report. The PTR/Allocations Report is linked to the following:

- Consolidated List of Contracts (CLC), and
- Ryan White HIV/AIDS Program Services Report (RSR) Grantee Report.

This data linkage is accomplished through the Grantee Contract Management System (GCMS). The GCMS is a data warehouse that shares information between various reports. Contract information is entered into the GCMS and retrieved automatically by the various reports that need the information.

With the integration of the PTR/Allocations Report through the GCMS, HAB has reached the goal of reducing the data-reporting burden and streamlining data collection across all data and program deliverables.

The PTR/Allocations Report is a financial report that accounts for all funding received from HAB. Funding can be allocated to three funding categories:

- Administrative Services,
- Core Medical Services, and
- Support Services.

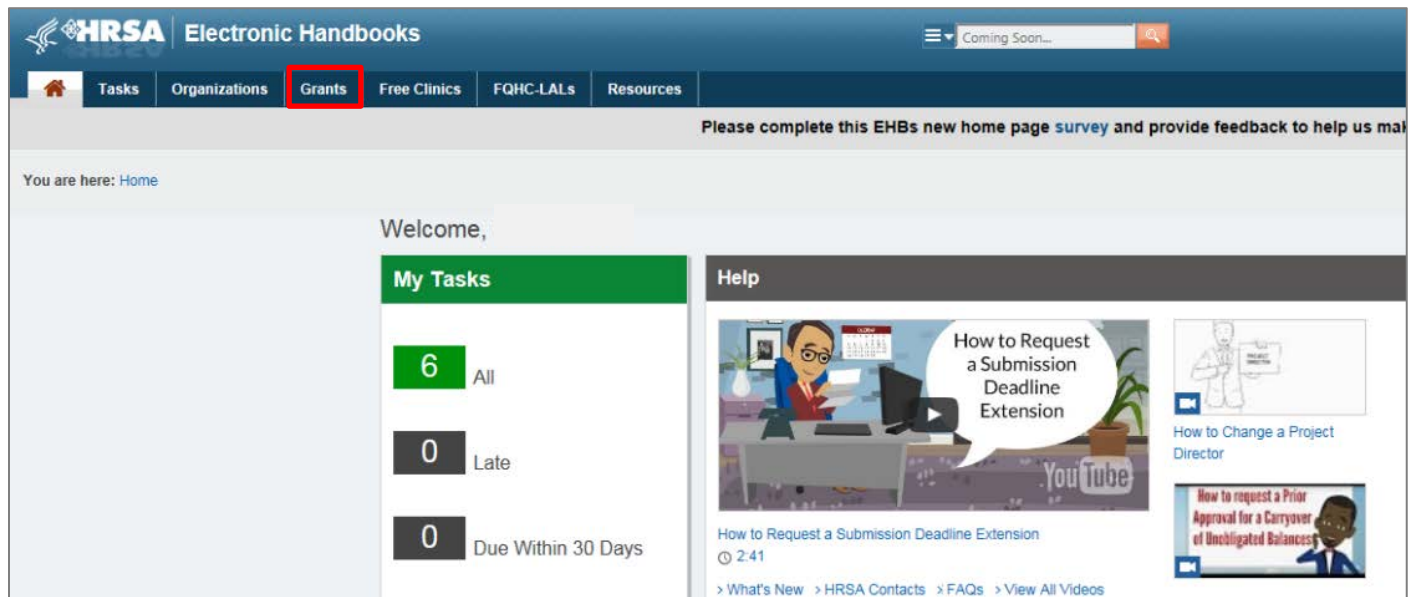

These funding categories are separated into 30 service categories to meet the needs of HIV-affected clients. The amount of funding allocated to these service categories is reported to Congress to show the value of the Ryan White HIV/AIDS Program (RWHAP) and its continuing efforts to meet the needs of the HIV-affected population in the United States and its territories.

ACCESSING THE PTR/ALLOCATIONS REPORT

To access the PTR/Allocations Report, follow these steps.

Step One: Log in to the HRSA electronic handbooks (EHBs) site at <https://grants.hrsa.gov/webexternal>. From the EHBs Homepage, select the “Grants” tab, on the top-left side of the screen. This will take you to a list of all the grants with which you are affiliated.

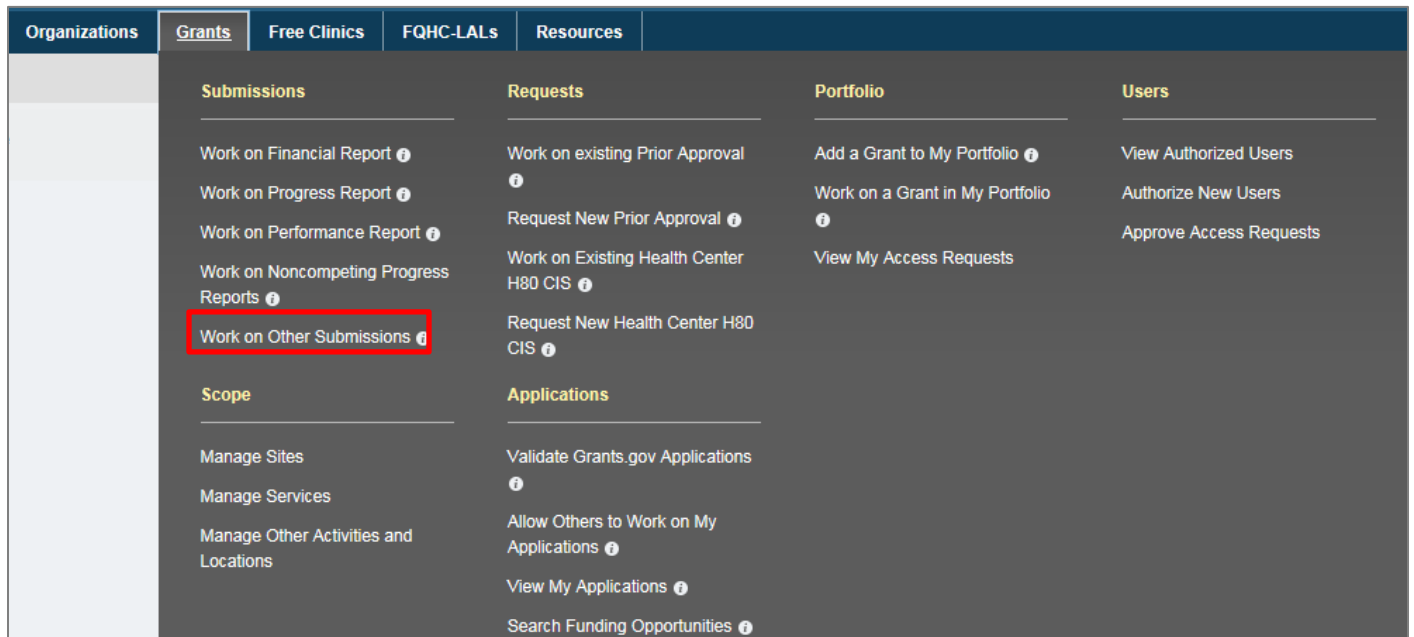

Figure 1. HRSA Electronic Handbooks: Screenshot of the Homepage

If you need assistance with your credentials for the EHBs, call the HRSA Contact Center at 1-877-464-4772.

Step Two: On the “My Grant Portfolio Page” on the “Grants” drop-down menu, select “Work on Other Submissions” under the “Submissions” header.

Figure 2. HRSA Electronic Handbooks: Screenshot of the “My Grant Portfolio” Page

Step Three: On the bottom of the “Submissions - All” page, under “Submission Name,” locate the PTR/Allocations Report submission you want to access. Then select “Start” (to start a new report) or “Open” (to continue a report already in progress) listed under the “Options” header for your PTR submission. A new window will appear.

 If you are attempting to create contracts in the GCMS *before* the submission period begins, you must access the GCMS through your previous year’s PTR/Allocations Report.

Accessing the GCMS

The PTR is one of several RWHAP reports that are linked to the Grantee Contract Management system. The GCMS decreases data entry by sharing information between multiple HAB reports.

Before you enter your PTR/Allocations Report information, ensure that all your current RWHAP-funded contracts are entered into the GCMS. The GCMS is a data entry system that allows you to enter and maintain your agency's RWHAP contracts. For a detailed explanation of the GCMS and how the system interacts with the PTR/Allocations Report, refer to the **GCMS Manual** available at the TARGET Center.

To access the GCMS via the PTR/Allocations Report Inbox, locate the Navigation panel on the left side of the screen. Under the “Manage Contracts” header, select “Search Contracts.”

6. Local Pharmacy Assistance Program (LPAP) Profile.

The PTR, with all items listed above, must be submitted through the HRSA Electronic Handbooks (EHBs) as specified in your final NoA.

The RWHAP Part A and MAI Allocations Table, RWHAP Part A Revised SF-424A, and RWHAP Part A Revised Budget Narrative Spreadsheet must reflect the total amount indicated on the final NoA. Only RWHAP Part A funds should be included in these documents.

Please do not include rebate funds, program income, or other funding sources in these documents.

If you require assistance or have questions about the required RWHAP Part A PTR submission, please contact your Division of Metropolitan HIV/AIDS Program project officer. Additional information is also available on the TARGET Center page, [2018 Part A Program Terms Reports](#).

Reviewing and Retrieving the Consolidated List of Contracts for the RWHAP Part A PTR

The Consolidated List of Contracts (CLC) is a list of all RWHAP subrecipients that are funded with your agency's RWHAP Part A grant. The list is generated automatically based on the information you entered into the GCMS, as described in Appendix A, **Searching, Entering, and Modifying Contracts in the GCMS**. Review each subrecipient listed and extract a copy of the CLC in PDF form to be uploaded to the EHBs for your project officer to review.

All editable fields must have a numerical value as a response. If you do not allocate funding to a specific area, enter "0."

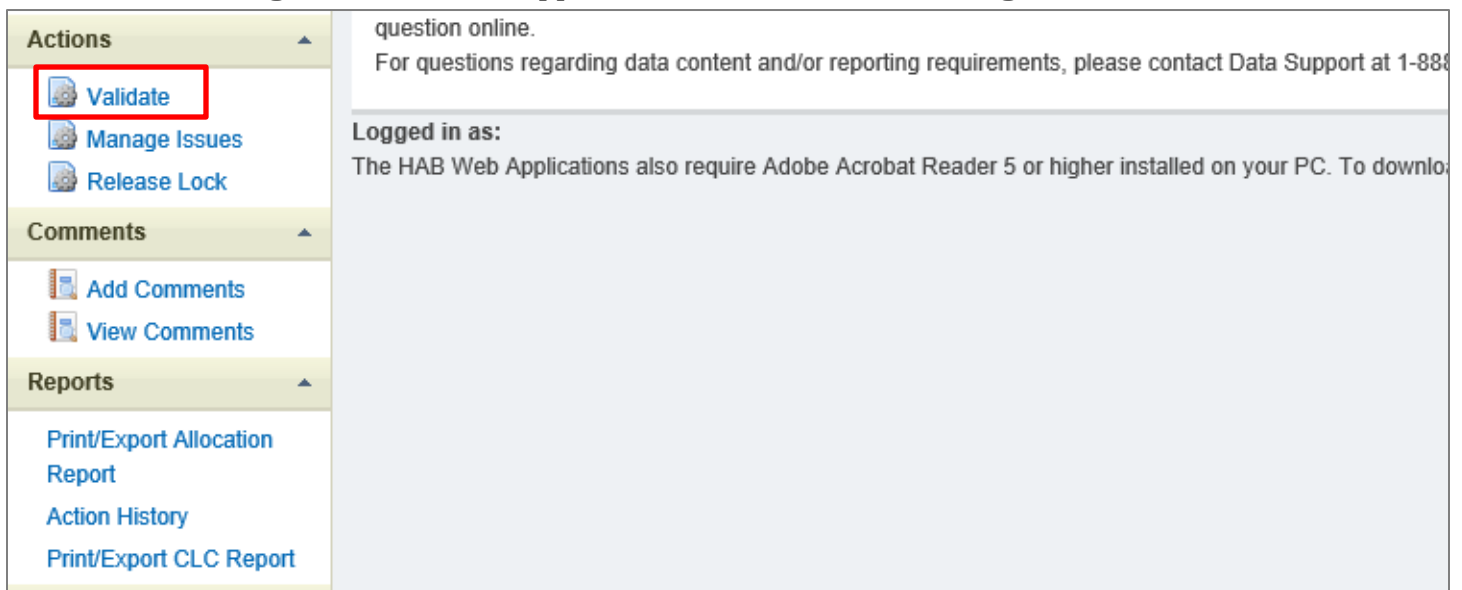

Validating and Submitting the RWHAP Part A PTR

After you have updated all service and non-service categories, validate your report. The validation process looks for potential problems in the information you entered and allows you the opportunity to review the information you entered before the PTR is sent to your project officer.

To validate your PTR, follow these steps.

Step One: On the Navigation panel on the left of the screen, under the “Actions” header, select “Validate.” A system message will appear indicating that you will need to refresh the page after several minutes. On the Navigation panel, under the “Actions” header, select “Validate” again. Or in your web browser, select the “Refresh” icon. This will either display your validation results or ask you to continue to wait while the PTR web application processes.

Figure 15. HAB Web Application: Screenshot of the “Navigation Panel”

Step Two: Once the system displays your validation results, it will sort validation problems into three categories: Errors, Warnings, and Alerts. Errors must be fixed. Warnings require that you add a comment; however, you should address warnings to prevent your project officer from returning the report to you. Alerts are informational and do not need to be addressed.

To add a comment to a warning, select “Add Comment” under the “Actions” column to the right of the warning validation. A new window will appear for you to enter your comment. When finished, select “Save” at the bottom of the text box. In your comment, you can explain why the warning is inaccurate or erroneous. The comment does not change the information in your report.

You must fix all errors in your report before you can submit your data. Please fix all warnings as appropriate. For the warnings that you cannot or should not fix, enter a warning comment before you submit your data. To enter warning comments for a specific check, select the “Add Comment” link located in the Action column of the validation results table(s). Contact the help desk if you have questions about any of the validation errors, warnings, or alerts.

FREQUENTLY ASKED QUESTIONS

Where do I upload my completed PTR templates?

Part A programs must upload all required PTR templates into the EHBs. Contact the HRSA Contact Center at 1-888-464-4772 or your project officer for assistance with the EHBs.

Are MAI funds captured within the GCMS or within the PTR/Allocations Report?

For Part A Programs, MAI funds allocated to client services are entered into the GCMS under question 9 in the MAI funding column. This will populate the Allocations Report for your agency's RWHAP Part A PTR. See Appendix A, [Searching, Entering, and Modifying Contracts in the GCMS](#), for details.

How can we correct funding amounts within the report if changes need to be made?

If your agency needs to make changes to amounts allocated to administrative activities, update those amounts on the "Allocations Report" section of your PTR/Allocations Report. If your agency needs to make changes to amounts allocated to client services, update those amounts in the GCMS. Please see the [GCMS Manual](#) for more details or Appendix A, [Searching, Entering, and Modifying Contracts in the GCMS](#).

Why are new contracts required to be entered into the GCMS each year?

Your agency is required to enter new contracts with subrecipients every year to ensure accurate funding amounts and subrecipient relationships are indicated within the GCMS.

In the Allocations Report, there are fields that I cannot edit, such as Core Medical Services. How do I edit them?

Funds allocated to Core Medical Service and Support Services are captured in the GCMS. See Appendix A, [Searching, Entering, and Modifying Contracts in the GCMS](#), or the [GCMS Manual](#) for more details.

The Allocations Report or CLC are not capturing my contracts even though I have entered them in the GCMS. What do I do?

Information entered into the GCMS is not automatically pulled into the Allocations Report or CLC once your agency's PTR/Allocations Report is opened. You will need to synchronize the changes that you have made into the report. See [Reviewing and Retrieving the Consolidated List of Contracts for the RWHAP Part A PTR](#) for details.

Do I complete a separate PTR/Allocations Report for each of my RWHAP grants?

Yes. You must complete a separate PTR/Allocations Report for every RWHAP grant you have. Each RWHAP Part has its own version of the PTR/Allocations Report.

My PTR/Allocations Report says that it is "locked," and I cannot edit anything. What does that mean?

Another user from your agency is accessing your report. If you believe this is an error, call Data Support at 1-888-640-9356 or via email at RyanWhiteDataSupport@wrma.com.

If my agency awards part of our grant to subrecipients, why is our agency not marked as an administrative agent, fiscal intermediary, or lead agency in the GCMS?

As a recipient, your agency is expected to manage all RWHAP funds. Management of RWHAP funds includes but is not limited to: selecting subrecipients, awarding contracts, providing clinical quality management guidelines, and ensuring subrecipient compliance with RWHAP policies. As a recipient, you may choose to delegate some of your agency's responsibilities. If your agency does choose to delegate some responsibilities to a third party, this entity would be classified as an administrative agent, fiscal intermediary or lead agency. See the [Glossary](#) for definitions of these terms.

Are the contracts I enter into the GCMS also used for other RWHAP reports?

Yes. See the [GCMS Manual](#) for more details on how the GCMS is used to populate multiple RWHAP reports.

3. RWHAP Part B Revised SF-424A,
4. RWHAP Part B Revised Budget Narrative Spreadsheet,
5. RWHAP Part B Revised Implementation Plan, and

Please be advised that your PO must approve all the individual report items listed above before approving the entire PTR.

If revisions are required for individual report items, you must resubmit the entire report with the revisions.

If you require assistance or have questions about the required RWHAP Part B PTR submission, please contact the Division of State HIV/AIDS Programs project officer or Ryan White Data Support at 1-888-640-9356 or via email at RyanWhiteDataSupport@wrma.com.

Reviewing the Consolidated List of Contracts for the RWHAP Part B PTR

The Consolidated List of Contracts (CLC) is a list of all RWHAP subrecipients that are funded with your agency’s RWHAP Part B grant. The list is generated automatically based on the information you entered into the GCMS, as described in Appendix A, **Searching, Entering, and Modifying Contracts in the GCMS**. You will need to review each subrecipient listed.

Figure 20. HAB Web Application: Screenshot of the “Consolidated List of Contracts” Page

The screenshot shows the HAB Web Application interface. The top navigation bar includes 'Tasks', 'Organizations', 'Grants', 'Free Clinics', 'FQHC-LALs', and 'Resources'. The left sidebar has a 'NAVIGATION' section with 'Inbox', 'Manage Contracts', 'Search Contracts', 'Navigation', 'Grantee Information', 'File Upload', 'CLC Report' (highlighted with a red box), 'Allocations Report', and 'References'. The main content area is titled 'Program Terms Report' and shows details for 'X07HA00000: State Health Department'. Below this, there is a section titled 'Consolidated List of Contractors' with a warning message and a table of contractors.

+	111111	X07HA00000	Potomac Clinic, Inc.		4/1/2018	3/31/2019	2			\$36,933.00

To review the Part B CLC, follow these steps.

Step One: On the Navigation panel on the left side of the screen, under the “Navigation” header, select “CLC Report” to view a full list of subrecipients.

Step Two: Within the CLC, on the left side of each subrecipient listed, select the expansion button to display the services for the subrecipient (see Figure 20). Confirm that the services for each subrecipient are correct. To make changes to the services listed for a subrecipient, modify the contract in the GCMS. See Appendix A, **Searching, Entering, and Modifying Contracts in the GCMS**.

Once you make any changes, synchronize the changes you made in the GCMS with the PTR. Once back on the CLC Report page, if a yellow warning banner is at the top of the page, the system is indicating you have changes to synchronize. Select the agency’s name in blue in the yellow banner. On the page that populates, select “Synchronize” on the bottom right.

Validating and Submitting the RWHAP Part B PTR

After all service and non-service categories are updated, you will need to validate your report. The validation process looks for potential problems in the information you entered and allows you to review the information you entered before the PTR is sent to your project officer.

To validate your Part B PTR, follow these steps.

Step One: On the Navigation panel, under the “Actions” header, select “Validate.” A system message will appear indicating that you will need to refresh the page after several minutes. On the Navigation panel, under the “Actions” header, select “Validate” again. Or in your web browser, select the “Refresh” icon. The system will either display your validation results or ask you to continue to wait while the PTR web application processes.

Step Two: Once the system displays your validation results, it will sort validation problems into three categories: Errors, Warnings, and Alerts. Errors must be fixed. Warnings require that you add a comment; however, you should address warnings to prevent your project officer from returning the report to you. Alerts are informational and do not need to be addressed.

To add a comment to a warning, select “Add Comment” under the “Actions” column to the right of the warning validation. A new window will appear for you to enter your comment. When finished, select “Save” at the bottom of the text box. In your comment, you can explain why the warning is inaccurate or erroneous. The comment does not change the information in your report.

FREQUENTLY ASKED QUESTIONS

The service information data table in the Allocations Report is empty, and I cannot edit the field. What do I do?

The information displayed in the Allocations Report's service tables is populated based on information in the GCMS. Please refer to the [Completing the Allocations Report for the RWHAP Part B PTR](#) section for more detailed information. If you need assistance adding contracts, see Appendix A, [Searching, Entering, and Modifying Contracts in the GCMS](#).

There are no contracts listed on the CLC Report Page. What do I do?

The information displayed on the CLC Report page is populated based on information in the GCMS. If you do not have contracts that overlap your grant's budget year, this page will not be prepopulated. For more information, see Appendix A, [Searching, Entering, and Modifying Contracts in the GCMS](#).

How can I tell if my Program Terms Report was submitted?

The status of your report is listed in the status column on the Inbox page. The status of your report is also in the Status field of the report header.

Can I edit my information after I submit?

No. Once your report is in Review or Submitted status, you cannot edit your report. However, you may ask your project officer or project quality controller to return your report to you for changes.

How do I add a new organization to the Grantee Contract Management System subrecipient directory?

Contact Ryan White Data Support at RyanWhiteDataSupport@wrma.com to have the organization added to the directory. In the email, be sure to include the organization's full name, complete street address, and, if available, Federal Employer Identification Number (EIN) and/or DUNS number.

Are MAI funds captured within the GCMS or within the PTR/Allocations Report?

For Part B Programs, MAI funds allocated to administration and client services are captured on the RWHAP Part B Allocations Report. See the [Completing the Allocations Report for the RWHAP Part B PTR](#) section for details.

Is my agency required to upload documents to complete the PTR/Allocations Report?

If your agency is required to complete and upload a document, the template will be available in the "File Upload" section of the PTR web application. See the [Uploading RWHAP Part B PTR Forms](#) section for details.

How can we correct funding amounts within the report?

If your agency needs to make changes to amounts allocated to administrative activities, update those amounts on the "Allocations Report" section of your PTR/Allocations Report. If your agency needs to make changes to amounts allocated to client services, update those amounts in the GCMS. Please see the [GCMS Manual](#) for more details.

The Allocations Report or CLC is not capturing my contracts even though I have entered them in the GCMS. What do I do?

Information entered into the GCMS is not automatically pulled into the Allocations Report or CLC once your agency's PTR/Allocations Report is opened. You will need to synchronize the changes that you have made into the report. See the [Reviewing the Consolidated List of Contracts for the RWHAP Part B PTR](#) section for details.

Do I complete a separate PTR/Allocations Report for each of my RWHAP grants?

Yes. You must complete a separate PTR/Allocations report for every RWHAP grant you have. Each RWHAP Part has its own version of the PTR/Allocations Report.

My PTR/Allocations Report says that it is "locked," and I cannot edit anything. What does that mean?

Another user from your agency is accessing your report. If you believe this is an error, contact Data Support at 1-888-640-9356 or via email at RyanWhiteDataSupport@wrma.com.

If my agency awards part of our grant to subrecipients, why is our agency not marked as an administrative agent, fiscal intermediary, or lead agency in the GCMS?

As a recipient, your agency is expected to manage all RWHAP funds. Management of RWHAP funds includes but is not limited to: selecting subrecipients, awarding contracts, providing

clinical quality management guidelines, and ensuring subrecipient compliance with RWHAP policies. As a recipient, you may choose to delegate some of your agency's responsibilities. If your agency does choose to delegate some responsibilities to a third party, this entity would be classified as an administrative agent, fiscal intermediary or lead agency. See the **Glossary** for definitions of these terms.

Do you enter contracts into the GCMS for Part B ADAP earmarked funds?

No. Part B ADAP funds are only entered into the Allocations Report section of the PTR.

Are the contracts I enter into the GCMS also used for other RWHAP reports?

Yes. See the **GCMS Manual** for more details on how the GCMS is used to populate multiple RWHAP Reports.

Reviewing the Consolidated List of Contracts for the RWHAP Part B Supplemental PTR

The Consolidated List of Contracts (CLC) is a list of all RWHAP subrecipients that are funded with your agency's RWHAP Part B Supplemental grant. The list is generated automatically based on the information you entered into the GCMS, as described in Appendix A, **Searching, Entering, and Modifying Contracts in the GCMS**. You will need to review each subrecipient listed.

Figure 29. HAB Web Application: Screenshot of the “Consolidated List of Contracts” Page

The screenshot shows the HRSA Electronic Handbooks interface. The left navigation pane includes sections like 'Inbox', 'Manage Contracts', 'Navigation', and 'References'. The 'CLC Report' link under the 'Navigation' section is highlighted with a red rectangle. The main content area displays the 'Program Terms Report' for 'X08HA00000: State Health Department'. It includes fields for Report ID, Budget Year (4/1/2018-3/31/2019), Access Mode (Read/Write), Status (Working), Last Modified Date, and DUNS. Below this is the 'Consolidated List of Contractors' section, which contains a table of contractors. The table has columns: Warning, Id, Funded By, Organization, Reference, Start, End, and Services. One contractor is listed with Id 111111, Funded By X08HA00000, Organization Health and Happiness Clinic, Start 4/1/2018, End 3/31/2019, and Services 1. Below the table, it says 'Funded Services: Outpatient/Ambulatory Health Services'. At the bottom, there is a help text block with contact information for the HRSA Contact Center and Data Support.

For help with EHBs contact the HRSA Contact Center by phone at 1-877-Go4-HRSA (1-877-464-4772) Monday through Friday, 8:00 a.m. to 8:00 p.m. Eastern Time. Or use the [HRSA Electronic Handbooks Contact Center help](#). For questions regarding data content and/or reporting requirements, please contact Data Support at 1-888-640-9356 or email to RyanWhiteDataSupport@wrma.com

To access the CLC for the RWHAP Part B Supplemental PTR, follow these steps.

Step One: On the Navigation panel on the left side of the screen, under the “Navigation” header, select “CLC Report” to view a full list of subrecipients.

Step Two: Within the CLC, on the left side of each subrecipient listed, select the expansion button to display the services for the subrecipient (see Figure 29). Confirm that the services for each subrecipient are correct. To make changes to the services listed for a subrecipient, modify the contract in the GCMS; see Appendix A, **Searching, Entering, and Modifying Contracts in the GCMS**.

Once you have made any changes, synchronize the changes you made in the GCMS with the PTR. Once back on the CLC Report page, if a yellow warning banner is at the top of the page, the system is indicating you have changes to synchronize. Select the agency's name in blue in the yellow banner. On the page that populates, select “Synchronize” on the bottom right of the page.

Validating and Submitting the RWHAP Part B Supplemental Award

After you have updated all service and non-service categories, validate your report. The validation process looks for potential problems in the information you entered and allows you to review the information you entered before the PTR is sent to your project officer.

To validate your Part B Supplemental Award, follow these steps.

Step One: On the Navigation panel, under the “Actions” header, select “Validate.” A system message will appear indicating that you will need to refresh the page after several minutes. On the Navigation panel, under the “Actions” header, select “Validate” again. Or in your web browser, select the “Refresh” icon. The system will either display your validation results or ask you to continue to wait while the PTR web application processes.

Figure 31. HAB Web Application: Screenshot of the “Navigation Panel”

Step Two: Once the system displays your validation results, the system will sort validation problems into three categories: Errors, Warnings, and Alerts. Errors must be fixed. Warnings require that you add a comment; however, you should address warnings to prevent your project officer from returning the report to you. Alerts are informational and do not need to be addressed.

To add a comment to a warning, select “Add Comment” under the “Actions” column to the right of the warning validation. A new window will appear for you to enter your comment. When finished, select “Save” at the bottom of the text box. In your comment, you can explain why the warning is inaccurate or erroneous. The comment does not change the information in your report.

To enter warning comments for a specific check, select the “Add Comment” link located in the Action column of the validation results table(s). Contact the help desk if you have questions about any of the validation errors, warnings, or alerts.

FREQUENTLY ASKED QUESTIONS

Are MAI funds captured within the GCMS or within the PTR/Allocations Report?

For programs funded by Part B Supplemental funds, MAI funds allocated to client services are entered into the GCMS under question 9 in the “Direct Services funding column.” This will populate the Allocations Report for your agency’s RWHAP Part B Supplemental PTR. See Appendix A, [Searching, Entering, and Modifying Contracts in the GCMS](#), or the [GCMS Manual](#) for more details.

Is my agency required to upload documents to complete the PTR/Allocations Report?

If your agency is required to complete and upload a document, the template will be available in the “File Upload” section of the PTR web application. See the [Uploading RWHAP Part B Supplemental PTR Forms](#) section for details.

How can we correct funding amounts within the report if changes need to be made?

If your agency needs to make changes to amounts allocated to administrative activities, update those amounts on the “Allocations Report” section of your PTR/Allocations Report. If your agency needs to make changes to amounts allocated to client services, update those amounts in the GCMS. See Appendix A, [Searching, Entering, and Modifying Contracts in the GCMS](#), or the [GCMS Manual](#) for more details.

Why are new contracts required to be entered into the GCMS each year?

Your agency is required to enter new contracts with subrecipients into the GCMS every year to ensure accurate funding amounts and subrecipient relationships are indicated within the GCMS.

In the Allocations Report, there are fields that I cannot edit, such as Core Medical Services. How do I edit them?

Funds allocated to Core Medical Service and Support Services are captured in the GCMS. See Appendix A, [Searching, Entering, and Modifying Contracts in the GCMS](#) or the [GCMS Manual](#) for more details.

The Allocations Report or CLC is not capturing my contracts even though I have entered them in the GCMS. What do I do?

Information entered into the GCMS is not automatically pulled into the Allocations Report or CLC once your agency's PTR/Allocations Report is opened. You will need to synchronize the changes that you have made into the report. See the [Reviewing the Consolidated List of Contracts for the Part B Supplemental PTR](#) section for details.

Do I complete a separate PTR/Allocations Report for each of my RWHAP grants?

Yes. You must complete a separate PTR/Allocations report for every RWHAP grant you have. Each RWHAP Part has its own version of the PTR/Allocations Report.

My PTR/Allocations Report says that it is "locked," and I cannot edit anything. What does that mean?

Another user from your agency is accessing your report. If you believe this is an error, contact Data Support at 1-888-640-9356 or via email at RyanWhiteDataSupport@wrma.com.

If my agency awards part of our grant to subrecipients, why is our agency not marked as an administrative agent, fiscal intermediary, or lead agency in the GCMS?

As a recipient, your agency is expected to manage all RWHAP funds. Management of RWHAP funds includes but is not limited to: selecting subrecipients, awarding contracts, providing clinical quality management guidelines, and ensuring subrecipient compliance with RWHAP policies. As a recipient, you may choose to delegate some of your agency's responsibilities. If your agency does choose to delegate some responsibilities to a third party, this entity would be classified as an administrative agent, fiscal intermediary or lead agency. See the [Glossary](#) for definitions of these terms.

Are the contracts I enter into the GCMS also used for other RWHAP reports?

Yes. See the [GCMS Manual](#) for more details on how the GCMS is used to populate multiple RWHAP Reports.

RECIPIENT REPORTING REQUIREMENTS: RWHAP PART C

(Last Updated: September 20, 2018)

All RWHAP Part C recipients must submit an Allocations Report within 60 days after the start of the budget period. Recipients can only submit an Allocations Report after they have an approved final budget. A revised budget condition of award must be approved by HRSA before the submission of the Allocations Report. Recipients must complete the Allocations Report and reflect the required RWHAP Part C legislative requirements.

The Ryan White HIV/AIDS Program statute specifies criteria for the expenditure of RWHAP Part C grant funds. After reserving funds for Administration and Clinical Quality Management, at least 75 percent of the remaining funds must be spent on Core Medical Services, which includes Early Intervention Services (EIS). At least 50 percent of the total funds awarded must be spent on EIS. No more than 10 percent of the funds awarded may be spent on Administrative Costs, including Planning and Evaluation, and excluding costs of a Clinical Quality Management program. The remainder of the funds may be spent on Support Services, defined as those services needed for low-income people with HIV to achieve their medical outcomes.

RWHAP Part C funds may **not** be used for the following: inpatient services; residential treatment; clinical research; nursing home care; cash payments to intended recipients of services; purchasing or construction of real property; or payments for any item or service to the extent that payment has been made, or reasonably can be expected to be made, with respect to that item or service under any State compensation program, insurance policy, Federal or State health benefits program, or by an entity that provides health services on a prepaid basis (except for a program administered by or providing the services of the Indian Health Services).

If you require assistance or have questions about the required RWHAP Part C Allocations Report submission, please contact your Division of Community HIV/AIDS Programs Project Officer or Ryan White Data Support at 1-888-640-9356 or via email at RyanWhiteDataSupport@wrma.com.

Reviewing the Consolidated List of Contracts for the RWHAP Part C Allocations Report

The Consolidated List of Contracts (CLC) is a list of all RWHAP subrecipients that are funded with your agency's RWHAP Part C grant. The list is generated automatically based on the information you entered into the GCMS, as described in Appendix A, **Searching, Entering, and Modifying Contracts in the GCMS**. Review each subrecipient listed.

Step Two: On the “Allocations Report” page, there are only three editable fields that you must complete using your agency’s final NoA and your agency’s final budget. These fields include:

Award Information

1. RWHAP Part C Grant Award Amount—The total amount of your agency’s RWHAP Part C award amount indicated on your agency’s final NoA.

Part C Program Total

2. Base Award Amount
 - a) *Clinical Quality Management Activities*—The total amount of your agency’s RWHAP Part C Award allocated to clinical quality management.
 - b) *Grantee Administration*—The total amount of your agency’s RWHAP Part C Award allocated to Grantee Administration. *Note: This amount may not exceed 10 percent of your total Part C award.*

Step Three: Once you have completed all editable fields, scroll to the bottom of the page and select “Save.”

All editable fields must have a numerical value as a response. If you do not allocate funding to a specific area, enter “0.”

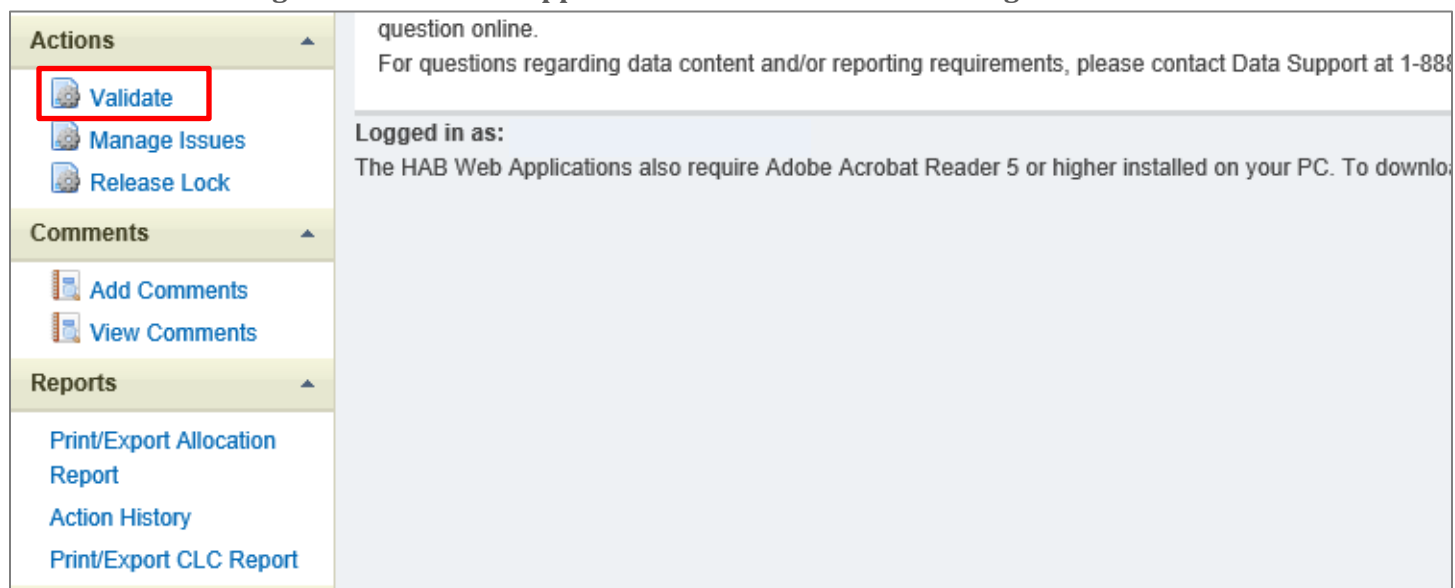

Validating and Submitting the Part C Allocations Report

After you have updated all service and non-service categories, validate your report. The validation process looks for potential problems in the information you entered and allows you to review the information you entered before the Allocations Report is sent to your project officer.

To validate your Part C Allocations Report, follow these steps.

Step One: On the Navigation panel, under the “Actions” header, select “Validate.” A system message will appear indicating that you will need to refresh the page after several minutes. On the Navigation panel, under the “Actions” header, select “Validate” again. Or in your web browser, select the “Refresh” icon. The system will either display your validation results or ask you to continue to wait while the PTR web application processes.

Figure 39. HAB Web Application: Screenshot of the “Navigation Panel”

Step Two: Once the system displays your validation results, the system will sort validation problems into three categories: Errors, Warnings, and Alerts. Errors must be fixed. Warnings require that you add a comment; however, you should address warnings to prevent your project officer from returning the report to you. Alerts are informational and do not need to be addressed.

To add a comment to a warning, select “Add Comment” under the “Actions” column to the right of the warning validation. A new window will appear for you to enter your comment. When finished, select “Save” at the bottom of the text box. In your comment, you can explain why the warning is inaccurate or erroneous. The comment does not change the information in your report.

You must fix all errors in your report before you can submit your data. Please fix all warnings as appropriate. For the warnings that you cannot or should not fix, enter a warning comment before you submit your data. To enter warning comments for a specific check, select the “Add Comment” link located in the Action column of the validation results table(s). Contact the help desk if you have questions about any of the validation errors, warnings, or alerts.

FREQUENTLY ASKED QUESTIONS

I am a Part C grant recipient. Where do I enter funding for the services my agency provides using Ryan White funding?

Funds allocated to Core Medical Services and Support Services are captured in the GCMS. See Appendix A, [Searching, Entering, and Modifying Contracts in the GCMS](#) or the [GCMS Manual](#) for more details. Funds allocated to Administrative Activities are captured on the Allocations Report. See the [Completing the Allocations Report for the Part C Allocations Report](#) section for details on how to enter and modify these amounts.

Are MAI funds captured within the GCMS or within the PTR/Allocations Report?

For Part C Programs, funds designated for MAI activities, such as MAI Education and MAI Outreach, are captured in the GCMS. See Appendix A, [Searching, Entering, and Modifying Contracts in the GCMS](#) or the [GCMS Manual](#) for more details.

Is my agency required to upload documents to complete the PTR/Allocations Report?

If your agency is required to complete and upload a document, the template will be available in the “File Upload” section of the PTR web application. See the [Uploading RWHAP Part C Allocations Report Forms](#) section for details.

How can we correct funding amounts within the report if changes need to be made?

If your agency needs to make changes to amounts allocated to administrative activities, update those amounts on the “Allocations Report” section of your PTR/Allocations Report. If your agency needs to make changes to amounts allocated to client services, update those amounts in the GCMS. Please see the [GCMS Manual](#) for more details.

Why are new contracts required to be entered into the GCMS each year?

Your agency is required to enter new contracts with subrecipients every year to ensure accurate funding amounts and subrecipient relationships are indicated within the GCMS.

In the Allocations Report, there are fields that I cannot edit, such as Core Medical Services. How do I edit them?

Funds allocated to Core Medical Service and Support Services are captured in the GCMS. See Appendix A, [Searching, Entering, and Modifying Contracts in the GCMS](#), or the [GCMS Manual](#) for more details.

The Allocations Report or CLC is not capturing my contracts even though I have entered them in the GCMS. What do I do?

Information entered into the GCMS is not automatically pulled into the Allocations Report or CLC once your agency’s PTR/Allocations Report is opened. Synchronize the changes that you have made into the report. See the [Reviewing the Consolidated List of Contracts for the Part C Allocations Report](#) section for details.

Do I complete a separate PTR/Allocations Report for each of my RWHAP grants?

Yes. You must complete a separate PTR/Allocations report for every RWHAP grant you have. Each RWHAP Part has its own version of the PTR/Allocations Report.

My PTR/Allocations Report says that it is “locked,” and I cannot edit anything. What does that mean?

Another user from your agency is accessing your report. If you believe this is an error, contact Data Support at 1-888-640-9356 or via email at RyanWhiteDataSupport@wrma.com.

If my agency awards part of our grant to subrecipients, why is our agency not marked as an administrative agent, fiscal intermediary, or lead agency in the GCMS?

As a recipient, your agency is expected to manage all RWHAP funds. Management of RWHAP funds includes, but is not limited to: selecting subrecipients, awarding contracts, providing clinical quality management guidelines, and ensuring subrecipient compliance with RWHAP policies. As a recipient, you may choose to delegate some of your agency’s responsibilities. If your agency does choose to delegate some responsibilities to a third party, this entity would be classified as an administrative agent, fiscal intermediary or lead agency. See the [Glossary](#) for definitions of these terms.

Are the contracts I enter into the GCMS also used for other RWHAP reports?

Yes. See the [GCMS Manual](#) for more details on how the GCMS is used to populate multiple RWHAP reports.

RECIPIENT REPORTING REQUIREMENTS: RWHAP PART D

(Last Updated: September 20, 2018)

All RWHAP Part D recipients must submit an Allocations Report within 60 days after the start of the budget period. Recipients can only submit an Allocations Report after they have an approved final budget. A revised budget condition of award must be approved by HRSA before the submission of the Allocations Report. Recipients must complete the Allocations Report and reflect the required RWHAP Part D legislative requirements.

The Ryan White HIV/AIDS Program statute specifies criteria for the expenditure of RWHAP Part D grant funds. After reserving funds for Administration and Clinical Quality Management, at least 75 percent of the remaining funds must be spent on Core Medical Services. No more than 10 percent of the funds awarded may be spent on Administrative Costs, including Planning and Evaluation, and excluding costs of a Clinical Quality Management program. The remainder of the funds may be spent on support services, defined as those services needed for low income people living with HIV to achieve their medical outcomes.

RWHAP Part D funds may **not** be used for the following: inpatient services; residential treatment; clinical research; nursing home care; cash payments to intended recipients of services; purchasing or construction of real property; or payments for any item or service to the extent that payment has been made, or reasonably can be expected to be made, with respect to that item or service under any State compensation program, insurance policy, Federal or State health benefits program or by an entity that provides health services on a prepaid basis (except for a program administered by or providing the services of the Indian Health Services).

If you require assistance or have questions about the required RWHAP Part D Allocations Report submission, please contact your DCHAP Project Officer or Ryan White Data Support at 1-888-640-9356 or via email at RyanWhiteDataSupport@wrma.com.

Reviewing the Consolidated List of Contracts for the RWHAP Part D Allocations Report

The Consolidated List of Contracts (CLC) is a list of all RWHAP subrecipients that are funded with your agency's RWHAP Part D grant. The list is generated automatically based on the information you entered into the GCMS, as described in Appendix A, **Searching, Entering, and Modifying Contracts in the GCMS**. Review each subrecipient listed to access this list.

Figure 44. HAB Web Application: Screenshot of the “Consolidated List of Contracts” Page

The screenshot shows the HRSA Electronic Handbooks interface. The left navigation panel has 'CLC Report' selected. The main content area is titled 'Program Terms Report' for 'H12HA00000: Health and Happiness Clinic'. It displays a table of contractors with the following data:

Warning	Id	Funded By	Organization	Reference	Start	End	Services
<input type="checkbox"/>	111111	H12HA00000	Health and Happiness Clinic		4/1/2018	3/31/2019	1

Below the table, it states 'Funded Services: Outpatient/Ambulatory Health Services'. At the bottom, there is a help section with contact information for HRSA and Data Support.

To review the CLC Report for RWHAP Part D funding, follow these steps.

Step One: On the Navigation panel, under the “Navigation” header, select “CLC Report” to view a full list of subrecipients.

Step Two: On the left side of each subrecipient listed, select the expansion button to display the services for the subrecipient. Confirm that the services for each subrecipient are correct. If you need to make changes to the services listed, see Appendix A, **Searching, Entering, and Modifying Contracts in the GCMS**.

Once you have made any changes, synchronize the changes you made in the Allocations Report with the GCMS. Once back on the CLC Report page, if a yellow banner is at the top of the page, the system is indicating you have changes to synchronize. Select the agency's name in blue in the yellow banner. Completing the Allocations Report for RWHAP Part D

The Part D Allocations Report is composed of three components: Award Information, Program Totals, and Allocations Categories. Each component captures budgetary information on the amount allocated during a grant period for each category listed.

To complete the Part D Allocations Report, follow these steps.

Step One: On the Navigation panel, under the “Navigation” header, select “Allocations Report.”

Figure 46. HAB Web Application: Screenshot of the “Part D Allocations Report” Page

Service	Base Award Amount	Base Award Percent

d. Core Medical Services		
e. Support Services		
Service Allocation Subtotal		
Total Allocations (Service+Non-service)		

Step Two: On the “Allocations Report” page, there are only three editable fields that you must complete using your agency’s final Notice of Award (NoA) and your agency’s final budget.

Award Information

1. RWHAP Part D Grant Award Amount—The total amount of your agency’s RWHAP Part D Award amount indicated on your agency’s final NoA.

RWHAP Part D Program Total

2. Base Award Amount
 - a) *Clinical Quality Management Activities*—The total amount of your agency’s RWHAP Part D Award allocated to clinical quality management.
 - b) *Grantee Administration*—The total amount of your agency’s RWHAP Part D Award allocated to Grantee Administration. *Note: This amount may not exceed 10 percent of your total RWHAP Part D Award.*
 - c) *Indirect Costs*—The total amount of your RWHAP Part D Award allocated to indirect costs, such as the cost of operating and maintaining facilities, depreciation,

administrative salaries, etc. *Note: Indirect costs may not exceed 10 percent of your total grant award when combined with grantee administration.*

Step Three: Once you have completed all editable fields, scroll to the bottom of the page and select “Save.”

All editable fields must have a numerical value as a response. If you do not allocate funding to a specific area, enter “0.”

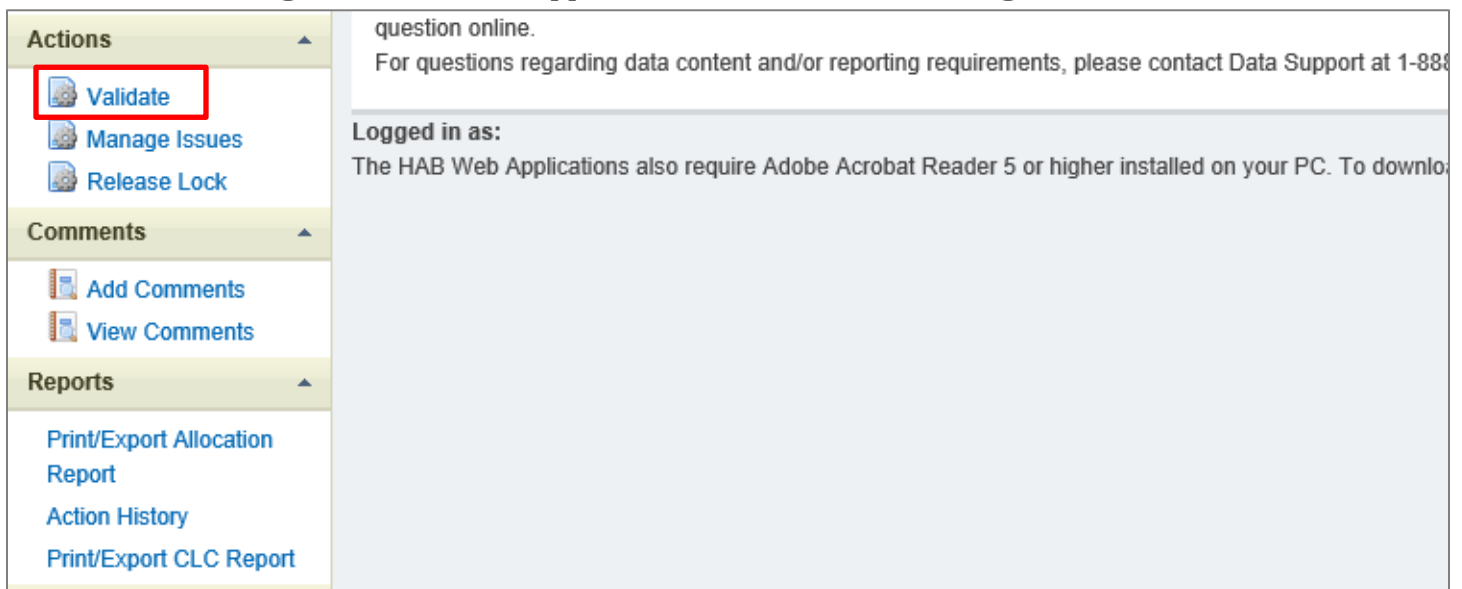

Validating and Submitting the RWHAP Part D Allocations Report

After all service and non-service categories are updated, you will need to validate your report. The validation process looks for potential problems in the information you entered and allows you to review the information you entered before the Allocations Report is sent to your project officer.

To validate your Part D Allocations Report, follow these steps.

Step One: On the Navigation panel, under the “Actions” header, select “Validate.” A system message will appear indicating that you will need to refresh the page after several minutes. On the Navigation panel, under the “Actions” header, select “Validate” again. Or in your web browser, select the “Refresh” icon. The system will either display your validation results or ask you to continue to wait while the PTR web application processes.

Figure 47. HAB Web Application: Screenshot of the Navigation Panel

Step Two: Once the system displays your validation results, the system will sort validation problems into three categories: Errors, Warnings, and Alerts. Errors must be fixed. Warnings require that you add a comment; however, it’s a good idea to address warnings to prevent your project officer from returning the report to you. Alerts are informational and do not need to be addressed.

To add a comment to a warning, select “Add Comment” under the “Actions” column to the right of the warning validation. A new window will appear for you to enter your comment. When finished, select “Save” at the bottom of the text box. In your comment, you can explain why the warning is inaccurate or erroneous. The comment does not change the information in your report.

Validation Results

You must fix all errors in your report before you can submit your data. Please fix all warnings as appropriate. For the warnings that you cannot or should not fix, enter a warning comment before you submit your data. To enter warning comments for a specific check, select the "Add Comment" link located in the Action column of the validation results table(s). Contact the help desk if you have questions about any of the validation errors, warnings, or alerts.

Once you have addressed all errors and warnings, you are ready to submit your report.

Step Three: On the Navigation panel, under the “Action” header, click “Submit.” On the new page that appears, enter a meaningful comment relating to your Allocations Report submission. Read and acknowledge that statement under the comment box by checking the box. Select “Submit” at the bottom of the page.

FREQUENTLY ASKED QUESTIONS

I am a Part D grant recipient. Where do I enter funding for the services my agency provides using Ryan White funding?

Funds allocated to Core Medical Services and Support Services are captured in the GCMS. See Appendix A, [Searching, Entering, and Modifying Contracts in the GCMS](#), or the [GCMS Manual](#) for more details. Funds allocated to Administrative Activities are captured on the Allocations Report. See the [Completing the Allocations Report for the Part D Allocations Report](#) section for details on how to enter and modify these amounts.

Are MAI funds captured within the GCMS or within the PTR/Allocations Report?

For Part D Programs, funds designated for MAI activities, such as MAI Education and MAI Outreach, are captured in the GCMS. See Appendix A, [Searching, Entering, and Modifying Contracts in the GCMS](#), or the [GCMS Manual](#) for more details.

Is my agency required to upload documents to complete the PTR/Allocations Report?

If your agency is required to complete and upload a document, the template will be available in the “File Upload” section of the Allocations Report web application. See the [Uploading RWHAP Part D Allocations Report Forms](#) section for details.

How can we correct funding amounts within the report if changes need to be made?

If your agency needs to make changes to amounts allocated to administrative activities, update those amounts on the “Allocations Report” section of your PTR/Allocations Report. If your agency needs to make changes to amounts allocated to client services, update those amounts in the GCMS. Please see the [GCMS Manual](#) for more details.

Why are new contracts required to be entered into the GCMS each year?

Your agency is required to enter new contracts with subrecipients every year to ensure accurate funding amounts and subrecipient relationships are indicated within the GCMS.

In the Allocations Report, there are fields that I cannot edit, such as Core Medical Services. How do I edit them?

Funds allocated to Core Medical Service and Support Services are captured in the GCMS. See Appendix A, [Searching, Entering, and Modifying Contracts in the GCMS](#), or the [GCMS Manual](#) for more details.

The Allocations Report or CLC is not capturing my contracts even though I have entered them in the GCMS. What do I do?

Information entered into the GCMS is not automatically pulled into the Allocations Report or CLC once your agency’s PTR/Allocations Report is opened. Synchronize the changes that you have made into the report. See the [Reviewing the Consolidated List of Contracts for the RWHAP Part D Allocations Report](#) section for details.

Do I complete a separate PTR/Allocations Report for each of my RWHAP grants?

Yes. You must complete a separate PTR/Allocations report for every RWHAP grant you have. Each RWHAP Part has its own version of the PTR/Allocations Report.

My PTR/Allocations Report says that it is “locked,” and I cannot edit anything. What does that mean?

Another user from your agency is accessing your report. If you believe this is an error, contact Data Support at 1-888-640-9356 or via email at RyanWhiteDataSupport@wrma.com.

If my agency awards part of our grant to subrecipients, why is our agency not marked as an administrative agent, fiscal intermediary, or lead agency in the GCMS?

As a recipient, your agency is expected to manage all RWHAP funds. Management of RWHAP funds includes but is not limited to: selecting subrecipients, awarding contracts, providing Clinical Quality Management guidelines, and ensuring subrecipient compliance with RWHAP policies. As a recipient, you may choose to delegate some of your agency’s responsibilities. If your agency does choose to delegate some responsibilities to a third party, this entity would be classified as an administrative agent, fiscal intermediary or lead agency. See the [Glossary](#) for definitions of these terms.

Are the contracts I enter into the GCMS also used for other RWHAP reports?

Yes. See the [GCMS Manual](#) for more details on how the GCMS is used to populate multiple RWHAP reports.

APPENDIX A: SEARCHING, ENTERING, AND MODIFYING CONTRACTS IN THE GCMS

Entering Search Criteria

In the GCMS, to find a contract, you can search by any criterion or combination of criteria. When searching the GCMS, if you are not sure of the exact name, date, etc., you should use broader criteria to search. For example: If an agency's name is "Health and Happiness Clinic," searching for "Happiness" in the GCMS may return more results but is more likely to return the desired result. You can also narrow your search by adding a date range.

Every subrecipient in the GCMS receives a Registration Code, or "Reg Code." This 5-digit code is unique and does not change year to year. Keeping track of this code will ensure you always select the correct subrecipient.

Entering and Modifying Contracts

Once you have searched in the GCMS, you will see all contracts for your agency that match your search criteria. All users in your agency with access to the GCMS will be able to add, delete, and modify contracts in the system using "Edit/Remove" to the right of each contract. Select the contract you want to enter information for. **Note:** *Your agency should establish guidelines on who will be responsible for accessing the GCMS to make modifications and enter any new contracts.*

Adding Contracts into the GCMS

Before adding a contract into the GCMS, you must search for the contract first. The "Add Contract" option will only appear after you have performed a search. If you determine that a contract is missing for one of your subrecipients, add the new contract by following these steps:

1. Click "Add Contract" below the search results table.
2. Search for the organization by Registration Code, Name, or City/State.

Figure 50. HAB Web Application: Screenshot of the "Select Contractor" Page

3. Locate the subrecipient in the results table, and click "Add" under the "Action" header
4. Complete questions 1–9.

If you need help locating/adding a subrecipient within/into the GCMS, call Data Support at 1-888-640-9356 or e-mail RyanWhiteDataSupport@wrma.com.

Entering Contract Information for New Contracts

1. **Contract Start Date:** Enter the start date by typing into the box or selecting the date from the calendar. To enter the contract date, the format is “MMDDYYYY.”
2. **Contract End Date:** Enter the end date by typing into the box or selecting the date from the calendar. To enter the contract date, the format is “MMDDYYYY.”
3. **Enter the Contract Reference ID (if desired):** You may enter any combination of letters, numbers, and/or special characters to make the contract easier to find. The Reference ID is created internally within your organization and is for your reference only. It is not required for you to be able to enter the contract.
4. **Contract Execution:** Select “Yes” if the contract has been signed and executed.
5. **Is this agency serving as an administrative agent, consortia, fiscal intermediary, or lead agency for the recipient?** Select “Yes” or “No.” If you select “Yes,” choose the appropriate designation in **question 5a** that appears after you select “Yes.” **Note:** *If an agency is serving as an administrative agent, consortia, fiscal intermediary, or lead agency, it is helpful to use the Contract Reference ID by entering the contract year.*

A recipient cannot serve as a administrative agent, consortia, fiscal intermediary, or lead agency for its own grant.

6. **Is this agency a subcontractor or second-level provider?** Select “Yes” or “No.” If you select “Yes,” select the provider’s fiscal intermediary from the drop-down menu in question **6a** that appears after you select “Yes.”

The GCMS does not capture funding amounts allocated to administrative and technical services.

Entering Service Information for New Contracts

7. **Does this agency provide direct client services?** Select “Yes” or “No.”
8. **If applicable, select the administrative and technical services that are funded for this contractor.** Select all that apply:
 - Planning and evaluation
 - Administrative or technical support
 - Fiscal intermediary support
 - Other fiscal services
 - Technical assistance
 - Capacity development
 - Clinical quality management
9. **If applicable, indicate the core medical and essential support services that are funded for this contract by selecting “Update Services.”** A screen will pop up with the list of

services. Enter the award amount(s) for each service that the subrecipient was funded to deliver **using only whole numbers**. To review the service category definitions, refer to **Policy Clarification Notice (PCN) 16-02** located on the HAB website.

Once you have entered all the contract information, click “Done Updating Services.” Then click “Save” at the bottom of the main page

The GCMS does not capture funding amounts allocated to Administrative and Technical Services. This information is captured on the PTR/Allocations Report Table.

Editing/Deleting Contracts in the GCMS

If you need to make modifications to your displayed list of service provider contracts, click **“Edit/Remove”** at the right side of the table to open the desired contract. Make the edits and click “Save.” If successful, a green banner will be displayed at the top of the page. You can now exit the GCMS or select “Search Contracts” on the Navigation panel to continue working.

To delete a contract, click “Edit/ Remove” on the right side of the table to open the contract you want to delete. Scroll to the bottom of the page. Select “Delete Contract.” You will receive a warning message. If you want to proceed, select “OK.” To cancel the deletion process, select “Cancel.”

The GCMS populates multiple HAB deliverables. Only delete a contract from the GCMS if you no longer have a contract in place during the reporting period.

Your agency should establish guidelines on who will be responsible for accessing the GCMS to make modifications and enter any new contracts your agency establishes.
