

ADR-READY SYSTEMS LIST

FEBRUARY 2021

Four data management systems generate the ADAP Data Report (ADR). These systems also have internal validations and reports that allow ADAPs to check the quality and completeness of the ADR data before upload.

The table below presents the ADR-Ready System website and contact information. For more information about a particular data system, please contact the appropriate data system vendor. If you have general questions about selecting an ADR-Ready System, please [email the DISQ team](#).

ADR-Ready System	Contact	Information on the ADR
CAREWare	CAREWare Help Desk 877-294-3571	CAREWare wiki
eCOMPAS	Jesse Thomas 973-773-0244 x1001	eCOMPAS home page
Provide Enterprise	Bret Ballinger 414-454-0161	Check with system representative
SCOUT	Gary Long	Check with system representative

Non-Endorsement

The Health Resources Services Administration (HRSA) and their associated Bureaus in no manner endorse or sponsor the aforementioned listed vendors or their products or offerings. This listing is based on self-report and successful upload of a test report.
