

2021 RSR Manual Errata Document

HRSA/HAB has recently updated its guidance regarding FY 2020 CARES Act grants and the 2021 RSR. According to this guidance, recipients who received FY2020 CARES Act funds do NOT need to complete a RSR Recipient Report for their CARES Act grant or include CARES Act-funded services in their RWHAP contracts. However, clients who received services funded through FY2020 CARES Act funds SHOULD be included in the 2021 RSR client-level data report. This errata document updates the 2021 RSR manual based on the new guidance.

In addition, the RSR was renewed within the OMB and the public burden statement was updated, also reflected in this errata document.
