

# Division of State HIV/AIDS Program (DSHAP) Business Day

2022 National Ryan White Conference on HIV Care and Treatment

*August 23, 2022*

**Vision: Healthy Communities, Healthy People**

# Health Resources and Services Administration (HRSA)

## Overview

Supports more than 90 programs that provide health care to people who are geographically isolated, economically or medically challenged

HRSA does this through grants and cooperative agreements to more than 3,000 awardees, including community and faith-based organizations, colleges and universities, hospitals, state, local, and tribal governments, and private entities

Every year, HRSA programs serve tens of millions of people, including people with HIV/AIDS, pregnant women, mothers and their families, and those otherwise unable to access quality health care

# HRSA's HIV/AIDS Bureau (HAB) Vision and Mission

---

## Vision

Optimal HIV care and treatment for all to end the HIV epidemic in the U.S.

## Mission

Provide leadership and resources to advance HIV care and treatment to improve health outcomes and reduce health disparities for people with HIV and affected communities.

# HRSA's Ryan White HIV/AIDS Program (RWHAP) Overview

- Provides a comprehensive system of HIV primary medical care, medications, and essential support services for low-income people with HIV.
- Funds grants to states, cities, counties, and local community-based organizations to improve health outcome and reduce HIV transmission.
  - Recipients determine service delivery and funding priorities based on local needs and planning process.
- Provided services to nearly 562,000 people in 2020—more than half of all people with diagnosed HIV in the United States.
- 89.4% of RWHAP clients receiving HIV medical care were virally suppressed in 2020, exceeding national average of 64.6%<sup>i</sup>.

## Ryan White HIV/AIDS Program Services: Eligible Individuals & Allowable Uses of Funds

- Have you experienced challenges or barriers in providing or accessing services based on the service category descriptions outlined in Policy Clarification Notice 16-02?
- Are there new or emerging needs or service delivery models that pertain to the service categories that HAB should consider?

Please join HAB's Division of Policy and Data during our **listening session at the NRWC to learn how to access, provide, and improve services and service delivery in the Ryan White HIV/AIDS Program!**

# Call for CHAC Nominations

- HRSA accepts nominations for the CDC/HRSA Advisory Committee on HIV, Viral Hepatitis and STD Prevention and Treatment (CHAC) on open-continuous basis.
- To nominate yourself or someone else, submit:
  - A letter of interest or personal statement from the nominee stating how their expertise would inform the work of CHAC;
  - A biographical sketch of the nominee (500 words or fewer);
  - A copy of the nominee's resume or curriculum vitae; and
  - The nominee's contact information (address, daytime telephone number, and email address).
- All nominations will be kept on file for 2 years.
- For questions about CHAC or to submit a nomination, email [CHACAdvisoryComm@hrsa.gov](mailto:CHACAdvisoryComm@hrsa.gov).

# RWHAP National Monitoring Standards

## National Monitoring Standards (NMS) and RWHAP Part B Manual Recipients | TargetHIV

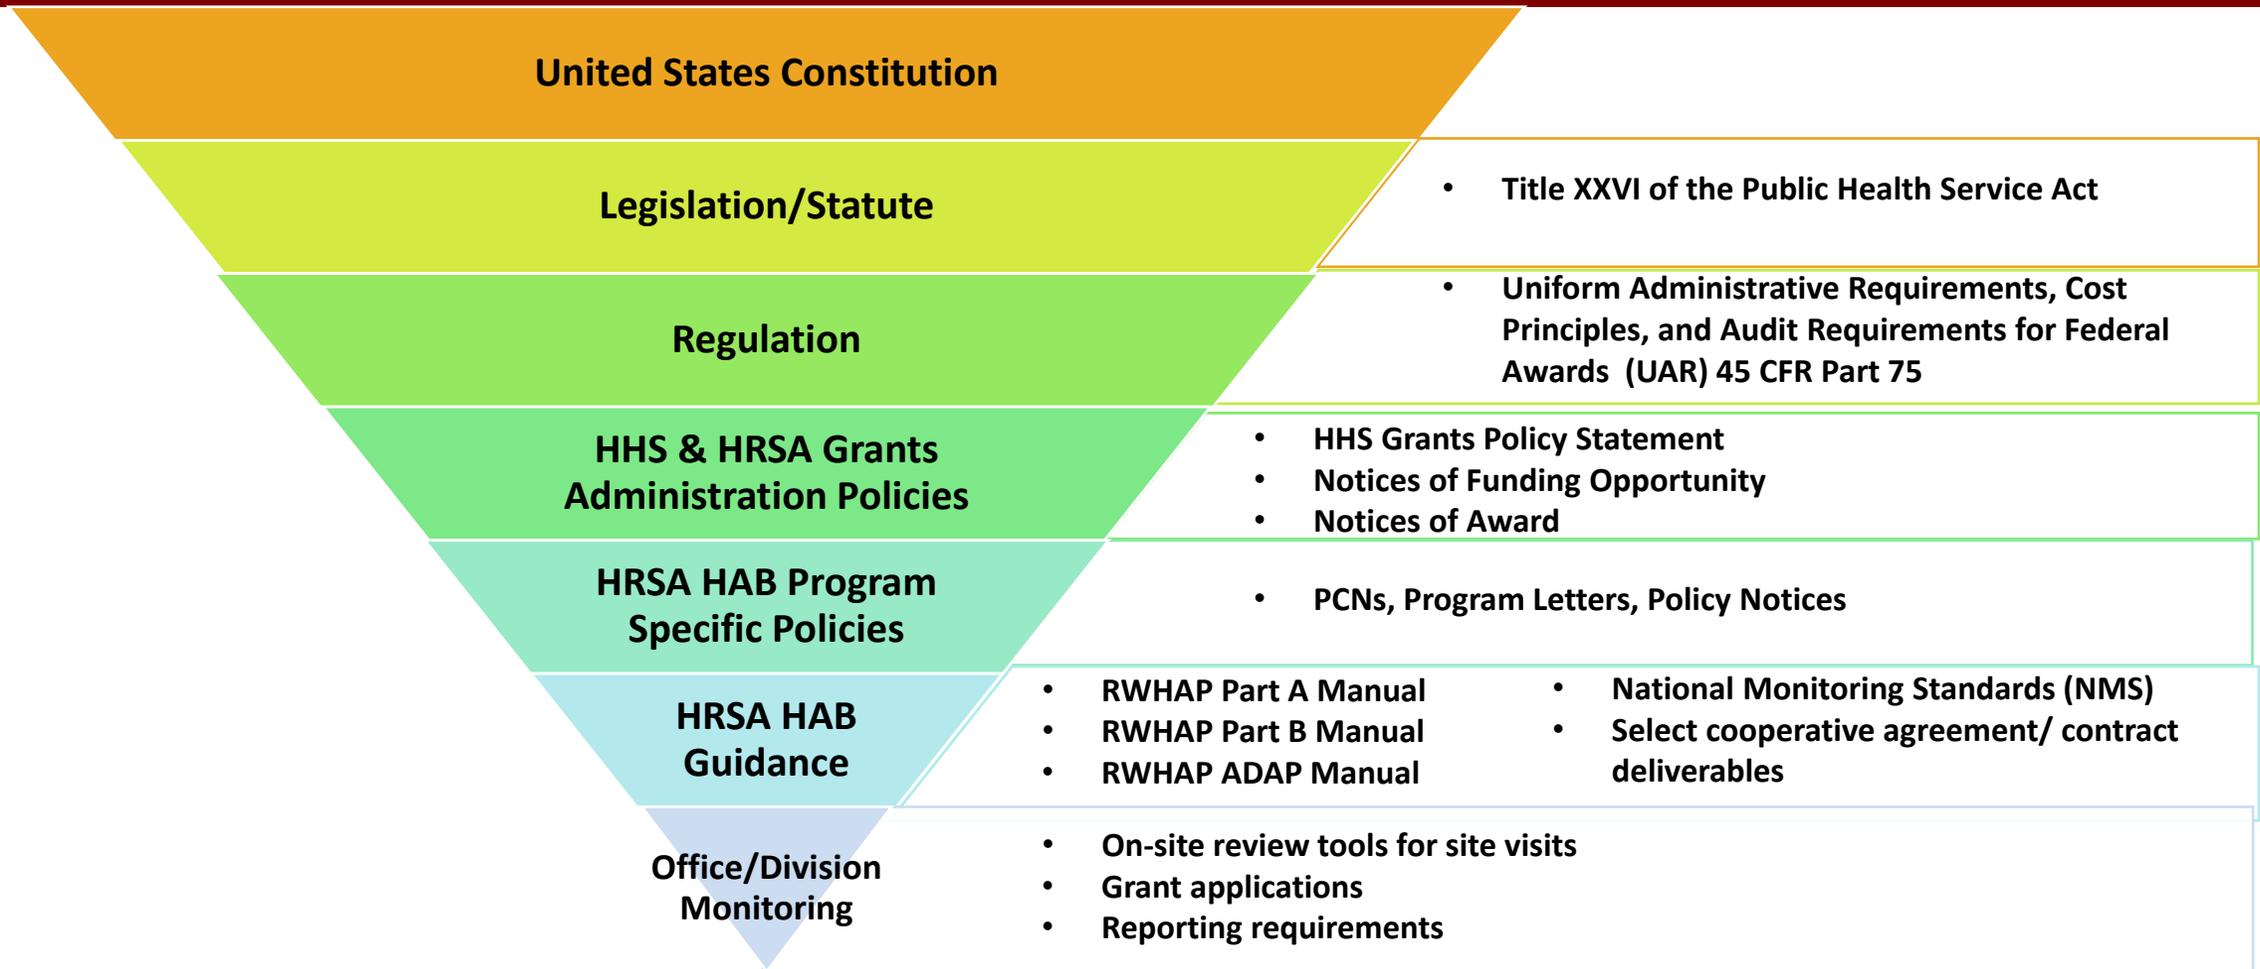

# National Monitoring Standards

- Provide a compilation of all major Ryan White HIV/AIDS Program documents used for compliance, oversight, and expectations
- Assist recipients in meeting federal requirements for program and fiscal management, monitoring, and reporting
- Serves as a reference for HRSA consultants and POs in conducting site visits

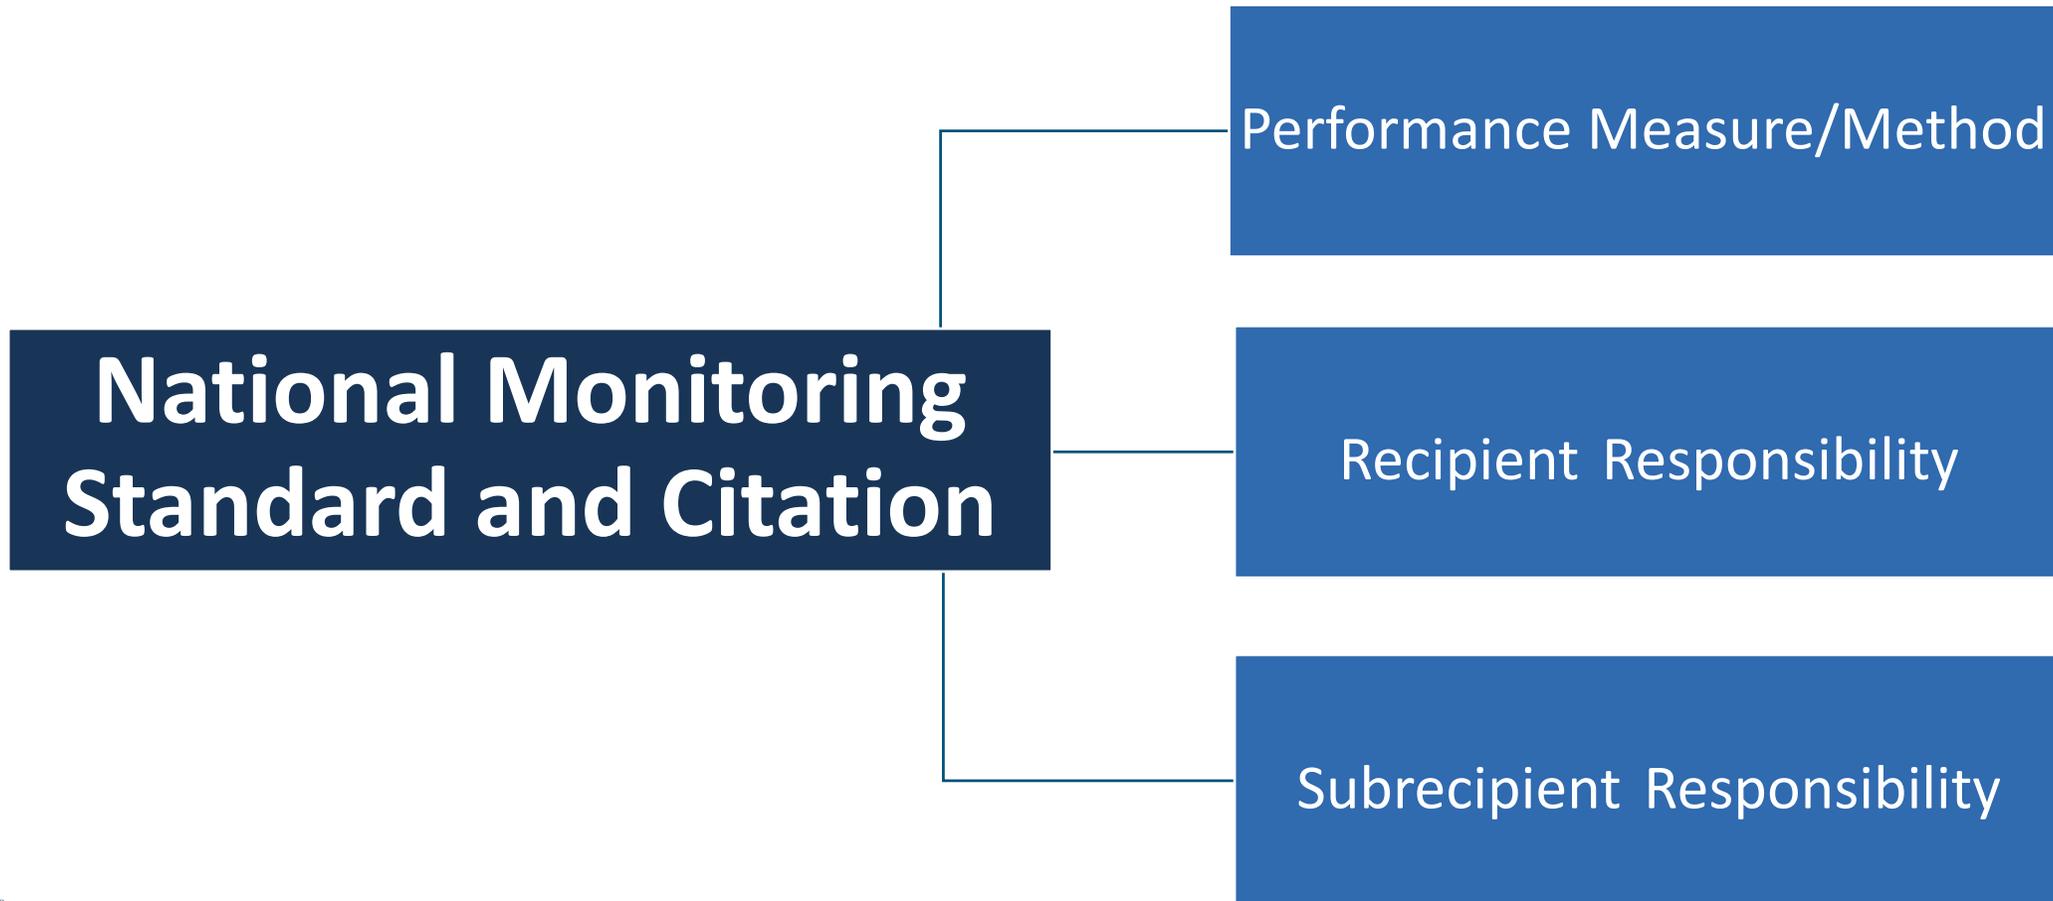

Administrative/Program, Fiscal, Clinical Quality Management and Subrecipient Site Visit Monitoring Tools were developed to monitor compliance of legislative and programmatic requirements.

# RWHAP Hierarchy of Authorities

# NMS Structure

# NMS Implementation

---

## Recipients are encouraged to:

- Review the NMS and share with program and fiscal staff who have monitoring responsibilities
- Share the standards with subrecipients as appropriate
- Hold meetings with subrecipients to introduce the NMS and clarify compliance issues
- Make standards easily accessible to subrecipients
- Meet with legal, contracts, procurement, finance and other government entities to familiarize them with the NMS

# NMS Implementation

- Review request for proposals (RFPs) and contract language to assure that they specify services to be provided and data to be collected and reported
- Review current monitoring systems, procedures, and tools for potential revision/updates/changes
- Fully implement any needed changes in subrecipient monitoring
- Implement recipient and subrecipient responsibilities
- Contact project officer if there are additional questions or concerns

*Determining Client Eligibility & Payor of Last Resort in the RWHAP*

# Policy Clarification Notice 21-02 Overview

## Determining Client Eligibility & Payor of Last Resort in the Ryan White HIV/AIDS Program

**Number:** Policy Clarification Notice 21-02

**Replaces:** HRSA HAB Policy Clarification Notice 13-02 *Clarifications on Ryan White Program Client Eligibility Determinations and Recertification Requirements*

### Issue Date:

#### I. Purpose

This Policy Clarification Notice (PCN) outlines the Health Resources and Services Administration's (HRSA) HIV/AIDS Bureau (HAB) guidance for Ryan White HIV/AIDS Program (RWHAP) recipients and subrecipients for determining client eligibility and complying with the payor of last resort requirement, while minimizing administrative burden and enhancing continuity of care and treatment services.<sup>1</sup>

#### II. Scope and Applicability

This PCN applies to RWHAP Parts A, B, C, D, and Part F when funding supports direct care and treatment services. As of the effective date, this PCN applies to competing continuation, non-competing continuation, and new awards.

#### III. Effective Date

The effective date of this PCN is

#### IV. Eligibility Requirements for RWHAP Services

People are eligible to receive RWHAP services when they meet each of the following factors:

##### 1. HIV Status

- A documented diagnosis of HIV.<sup>2</sup> (Note: People who do not have an HIV diagnosis are eligible to receive certain services as outlined in HRSA HAB PCN 16-02 *Ryan White HIV/AIDS Program Services: Eligible Individuals & Allowable Uses of Funds*,<sup>3</sup> and as otherwise stipulated by HRSA HAB.)

##### 2. Low-Income

- The RWHAP recipient defines low-income. Low-income may be determined based on percent of Federal Poverty Level (FPL),<sup>4</sup> which can be measured in several ways (e.g., Modified Adjusted Gross Income,<sup>5</sup> Adjusted Gross Income, Individual Annual Gross Income, and Household Annual Gross Income).

<sup>1</sup> RWHAP recipients (including AIDS Drug Assistance Programs) and subrecipients may collect additional information as necessary for program administration.

# Rebates and Program Income

# Utilization and Reporting of Pharmaceutical Rebates (PCN 15-04)

- Rebate: a return of a part of a payment.
- The RWHAP legislation (Section 2616(g) of the Public Health Services Act) requires that rebates collected on ADAP medication purchases be applied to the RWHAP Part B Program with a priority, but not a requirement, that the rebates be placed back into ADAP. These rebates must be used for the statutorily permitted purposes under the RWHAP Part B Program, which are limited to core medical services including ADAP, support services, clinical quality management, and administrative expenses (including planning and evaluation) as part of a comprehensive system of care for low-income individuals living with HIV.

# Use of Rebates

---

- Rebates may be used for allowable RWHAP services that exceed the recipients' RWHAP Part B implementation work plan. Rebates are not part of the recipient's RWHAP Part B award, and so are not subject to the 10% administrative cost cap nor to the RWHAP requirement to spend 75% on core medical services.
- Rebates can be used to meet both a recipient's State Match requirement and the Maintenance of Effort (MOE) requirement.

# Expenditure of Rebates

- Although ADAP rebates are neither program income nor refunds, they are subject to the same regulatory provision regarding expenditure.
- To the extent available, recipients and subrecipients must disburse funds available from program income, rebates, refunds, contract settlements, audit recoveries and interest earned on such funds before requesting additional cash payments.
- Recipients and subrecipients should proactively project the extent to which rebates will be received.
- Rebates for medications purchased within one budget year may be received in the following budget year. Such rebates should be accounted for and utilized in the year in which they are received by the program.
- Rebates received at the end of the budget year must be expended by the recipient prior to the expenditure of new RWHAP funds awarded in the budget year.

# Rebate Reporting

- Recipients are required to track and account for all pharmaceutical rebates in accordance with 45 CFR § 75.302(b)(3).
- The RWHAP statute expects that states obligate all award funds prior to the end of the one-year project period.
- For any ADAP receiving rebates on medication purchases, the RWHAP legislation has a specific exemption from the UOB penalties provision that applies when a recipient is unable to expend grant funds because rebates must be spent first.
- If the recipient would otherwise incur a penalty, that recipient may request that the amount of the UOB balance be reduced by the amount of obligated rebates, and that such amount be carried forward to the next budget period without penalty. RWHAP Part B recipients that fail to follow the rebate reporting instructions above and that have an UOB of five percent or greater will be subject to the full UOB penalty outlined in [Policy Notice 12-02](#).

# Clarifications Regarding the Ryan White HIV/AIDS Program and Program Income (PCN 15-03)

- Program income means gross income earned by the non-federal entity that is directly generated by a supported activity or earned as a result of the federal award during the period of performance except as HAB Policy Clarification Notice 15-03 provided on 45 CFR § 75.307(f).
- Program income includes but is not limited to income from fees for services performed, the use, or rental of, real or personal property acquired under federal awards; the sale of commodities or items fabricated under a federal award; license fees and royalties on patents and copyrights; and principal and interest on loans made with federal award funds. Interest earned on advances of federal funds is not program income.
- Except as otherwise provided in federal statutes, regulation, or the terms and conditions of the federal award, **program income does not include rebates, credits, discounts, and interest earned on any of them.**

# Use of Program Income

---

- HAB has determined that for RWHAP recipients and subrecipients, the use of program income will be “additive” (as documented in the Notice of Award.) RWHAP Part B recipients may also use non-federal program income to meet matching requirements.
- Under the “additive” alternative, program income must be used for the purposes for which the award was made, and may only be used for allowable costs under the award.

# Documentation and Reporting of Program Income

---

- Recipients are required to track and account for all program income in accordance with 45 CFR § 75.302(b)(3). Recipients must report program income on their Federal Financial Report (FFR).
- Additionally, it is the responsibility of the recipient to monitor and track program income earned by subrecipients. Subrecipients should retain program income for “additive” use within their own programs. Consequently, program income earned by subrecipients should not be reported on the recipient’s FFR.

# Integrated HIV Prevention and Care Plan, including the Statewide Coordinated Statement of Need

# RWHAP Statutory Requirements for RWHAP Part A and Part B

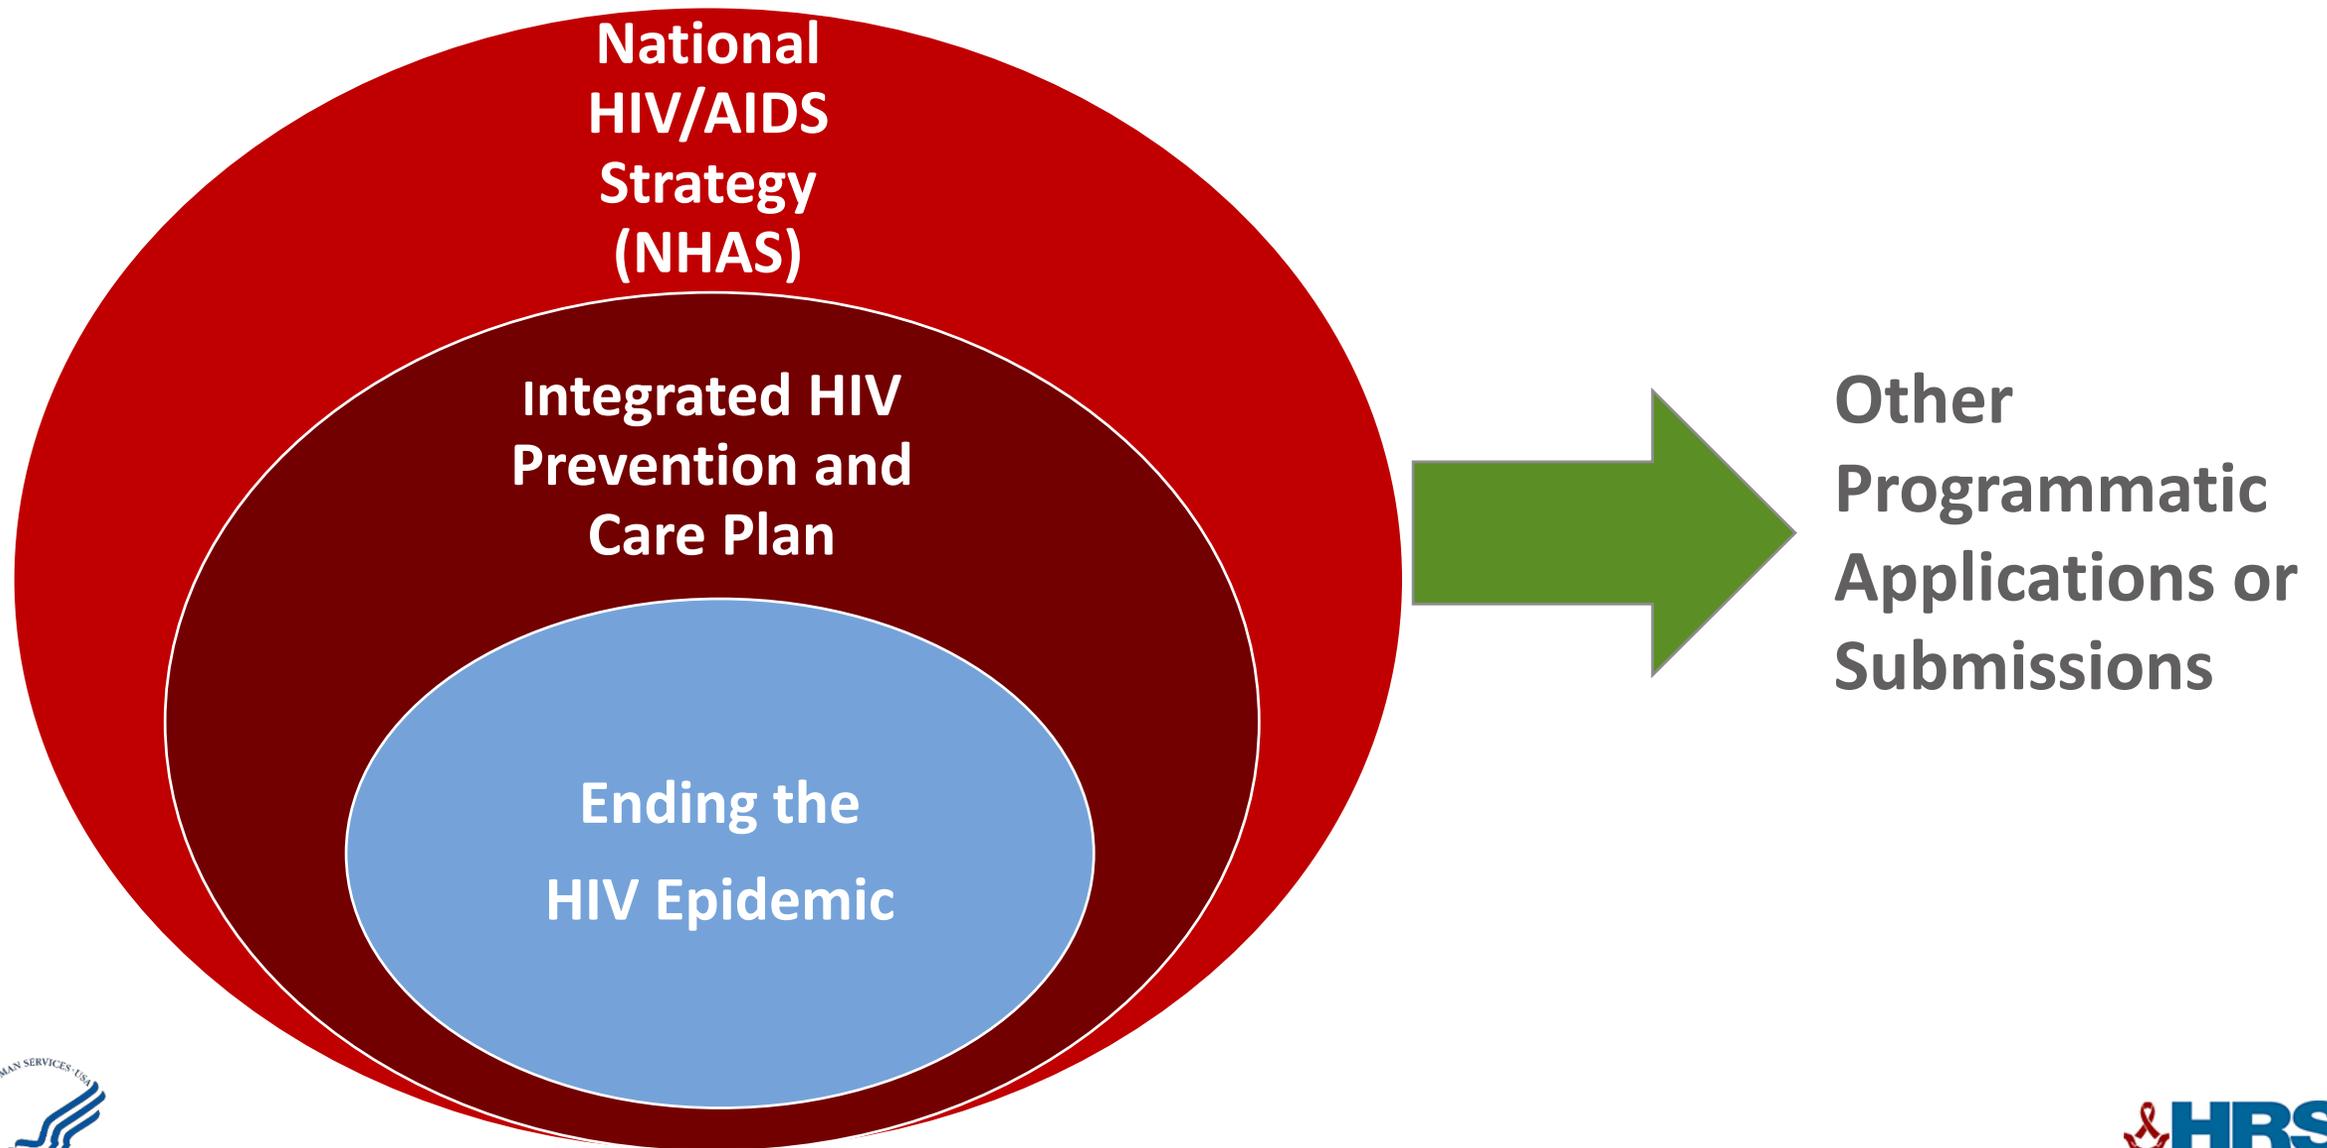

- Develop a *comprehensive plan for the organization and delivery of health and support services*, Section 2602(b)(4)(D) and Section 2617(b)(5)
  - Strategies for early identification of individuals who know their HIV status and are not receiving services,
  - Coordination with HIV prevention and substance use prevention/treatment service providers,
  - Coordination across RWHAP Parts,
  - Community input that includes the RWHAP Part A planning council and Part B planning bodies
- Include a *statewide coordinated statement of need (SCSN)*, Section 2602(b)(4)(F) and Section 2617(6)
  - Led by RWHAP Part B but all parts required to participate
  - Legislation includes a list of entities that must participate (minimum participation): section 2617(b)(6) and (7)
  - Generally includes an assessment of needs, barriers to care, and gap in the service delivery system
  - Meant to inform the comprehensive plan

# Major Components of Integrated Planning:

- The SCSN, which includes an epidemiologic overview; HIV care continuum; financial and human resources inventory; assessment of needs, gaps, and barriers; and data access, sources, and systems;
- The Integrated HIV Prevention and Care Plan, which outlines strategies to address the HIV prevention and care needs, existing resources, barriers, and gaps within the jurisdiction; collaborations, partnerships, and stakeholder involvement; and people with HIV and community engagement; and
- The expectations for monitoring the implementation of the plan and improvement in the system of care.

# Connection to National Initiatives & Plans

# Integrated HIV Prevention and Care Plan, including the SCSN CY 2017-2021

## Integrated HIV Prevention and Care Plan Guidance, including the Statewide Coordinated Statement of Need, CY 2017- 2021

Division of HIV/AIDS Prevention  
National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention  
Centers for Disease Control and Prevention

HIV/AIDS Bureau  
Health Resources and Services Administration

June 2015

- In July 2015, HRSA HAB and the Centers for Disease Control and Prevention (CDC) Division of HIV Prevention (DHP) developed and released the first joint guidance to support submission of an Integrated HIV Prevention and Care Plan, including the SCSN.
- This guidance allowed dually funded recipients to develop and submit a single plan to both HRSA and CDC that meets all corresponding legislative and programmatic requirements.
- The guidance also supported collaboration, coordination, efficiency, and leveraging across stakeholders, resources, and planning activities across the jurisdiction.

# Integrated HIV Prevention and Care Plan, including the SCSN CY 2022-2026

## Integrated HIV Prevention and Care Plan Guidance, including the Statewide Coordinated Statement of Need, CY 2022- 2026

Division of HIV/AIDS Prevention

National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention  
Centers for Disease Control and Prevention

HIV/AIDS Bureau

Health Resources and Services Administration

June 2021

- In June 2021, CDC and HRSA released joint guidance to support the Integrated HIV Prevention and Care Plan, including the Statewide Coordinated Statement of Need (SCSN), CY 2022-2026.
- This guidance builds upon the previous guidance issued in 2015.
- As in 2015, the Integrated Plan Guidance for CY 2022-2026 meets all programmatic and legislative requirements associated with both CDC and HRSA funding.

# Submission Requirements

- Submissions due to CDC DHP and HRSA HAB ***no later than 11:59 PM ET on December 9, 2022***
- Submissions should be no longer than 100 pages not including the completed checklist and no smaller than 11pt font
- **Required components of submission**
  - Integrated HIV Prevention and Care Plan Submission
  - Completed *CY 2022 – 2026 CDC DHP and HRSA HAB Integrated Prevention and Care Plan Guidance Checklist*
  - Signed letter(s) from the HIV planning group/body indicating concurrence, concurrence with reservations, or non-concurrence with the plan
- HRSA and CDC will provide more details at a later date about where to submit completed plans

# Integrated Plan Monitoring and Oversight

- Recipients will report the progress on achieving the objectives presented in the Integrated Plan on a periodic basis through the CDC DHP and HRSA HAB reporting requirements (e.g., grant application, NCC Progress Report, Implementation Plan, APR). These reporting requirements may vary slightly across federal agencies and RWHAP Parts.
- HAB and CDC POs will conduct a joint review and assess alignment across various planning documents listed in the introduction above. Feedback on how to improve alignment and coordination will be provided during routine monitoring.
- Recipients should request TA from the DSHAP PO as needed to ensure planning requirements are met.

## Ryan White HIV/AIDS Program Compass Dashboard

The Ryan White HIV/AIDS Program (RWHAP) Compass Dashboard provides users an opportunity to interact with and visualize the reach, impact, and outcomes of the RWHAP. The Health Resources and Services Administration (HRSA) HIV/AIDS Bureau (HAB) developed the RWHAP Compass Dashboard to support data utilization to improve outcomes along the HIV care continuum. By advancing users' ability to interact with and utilize RWHAP program data, the dashboard supports HRSA HAB's vision of optimal HIV/AIDS care and treatment for all.
