Performance Measure:

ADAP Med Pickup

Code:	Provider:	Nmr Count:	Dnm Count:	Percent:
ADPPU01	001-Network	32	215	14.88%

Description:

Measures the number of clients that the pharmacy disbursed drugs for and the number and percent of those clients that picked up their meds.

Denominator:

An unduplicated count of all clients that the ADAP pharmacy disbursed drugs for in a specified period.

Numerator:

An unduplicated count of clients who qualified for the denominator that also had a medication pickup within a specified number of days for each dispense in the period.
