

Best Practices for Providing Substance Use Disorder Treatment and HIV-Related Services to Minority YMSM

Edwin M. Craft, Dr.PH, M.Ed, LCPC
Senior Public Health Analyst

**Substance Abuse and Mental Health
Services Administration**

Disclosures

Presenter(s) has no financial interest to disclose.

This continuing education activity is managed and accredited by Professional Education Services Group in cooperation with HSRA and LRG. PESG, HSRA, LRG and all accrediting organization do not support or endorse any product or service mentioned in this activity.

PESG, HRSA, and LRG staff has no financial interest to disclose.

Learning Objectives

At the conclusion of this activity, the participant will be able to:

1. Apply new knowledge about effective strategies for recruitment and retention to increase the number of YMSM clients engaged in SUD treatment.
2. Describe the specialized needs of YMSM enrolled in SUD treatment and HIV services.
3. Recommend effective strategies for developing community partnerships that result in the delivery of more comprehensive services to this population.
