DEA VARKOVCHY

# WEBINAR OBJECTIVES

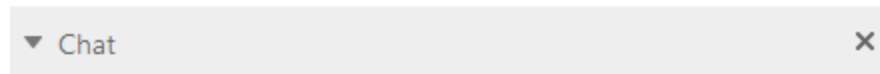

---

- Learn about the new Integrated HIV/AIDS Planning (IHAP) Technical Assistance Center (TAC) and technical assistance response to support integrated local HIV planning efforts across prevention, care and treatment.
- Address questions about the Integrated HIV Prevention and Care Plan, including the Statewide Coordinated Statement of Need, as jurisdictions are in the process of finalizing the Integrated HIV Prevention and Care Plans.

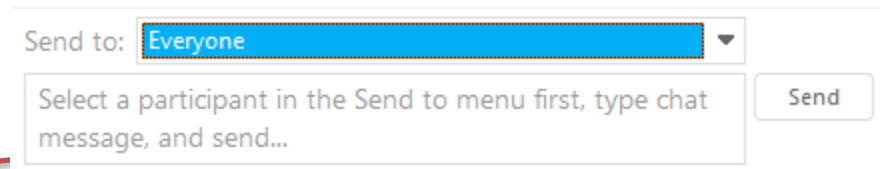

# Chat Feature

You have the opportunity to send private chats to the IHAP TAC during the call. To do so:

Use the drop down arrow to send your comments and/or questions to “HOST.”

Chat comments and/or questions here, and please indicate which jurisdiction you're from.

# KEY INFORMATION

---

**3-year  
project**

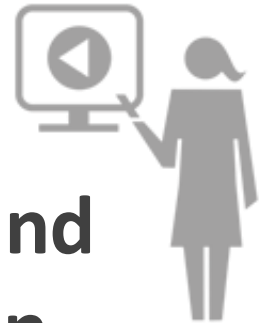

beginning  
July 1, 2016

**Supports  
Ryan White  
HIV/AIDS  
Program  
Parts A & B**

grant recipients and  
their planning bodies

**Will  
conduct  
virtual and  
in-person**

technical assistance  
activities

# TA RESPONSE 1

---

**Develop tools and processes to support the HRSA HAB and CDC DHAP review of Integrated HIV Prevention and Care Plans, including the Statewide Coordinated Statement of Need, and provide feedback to jurisdictions**

## TA RESPONSE 2

---

**Deliver targeted TA to select jurisdictions implementing integrated planning activities**

# TA RESPONSE 3

---

**Support peer learning opportunities  
across jurisdictions**

# TA RESPONSE 4

---

**Develop and disseminate strategies, tools, and trainings for RWHAP recipients and planning bodies to identify and support activities to integrate planning across prevention and care and treatment service delivery systems**

- **Identify best and promising practices** and existing resources
- **Develop new materials** to meet additional Training and Technical Assistance needs
- **Conduct webinars** to address cross-cutting planning and implementation issues

# RESOURCE INVENTORY: Examples

---

- Integrated HIV Prevention and Care Plan Guidance, Including the Statewide Coordinated Statement of Need, 2017-2021
- Integrated Guidance for Developing Epidemiologic Profiles
- 2015 RWHAP Part A and Part B Manuals
- Integrated HIV Epidemiologic Profiles for HIV Prevention and Care Planning Training
- CDC/HRSA Overview of Integrated HIV Prevention and Care Plan Including the SCSN Guidance Webcast
- Integrating HIV/AIDS Community Planning Webinar
- Integrated HIV Prevention-Care Planning Activities Examples
- Managing Scarcity: Report on a Statewide Initiative to Build Skills and Enhance Collaboration Among Ryan White HIV Planning Councils in California

# **WE WANT TO HEAR FROM YOU!**

---

**The IHAP TAC will emphasize:**

- Peer learning
- Responding to articulated needs

**Today we will be responding to questions we've received and heard from you throughout the Plan development process.**

# Questions and Answers

---

For Questions and Answers from this webinar, please refer to the posted document on the Webinars page of [www.careacttarget.org/ihap](http://www.careacttarget.org/ihap).

# THANK YOU!

---
