

**MEMORANDUM OF UNDERSTANDING – Agreement #5600000124
Multnomah County Health Department and Cascade AIDS Project (CAP)**

**CAP Network Navigators Documentation in
Multnomah County Health Department (MCHD) Epic Electronic Health Record**

1. PURPOSE

This agreement between Multnomah County, acting by and through its Health Department (COUNTY) and Cascade AIDS Project (CAP or Contractor) establishes the terms and conditions by which CAP Network Navigators and relevant CAP management based in MCHD Health Centers may document in MCHD Epic Electronic Health Record (EHR) for shared clients.

2. GENERAL PROVISIONS

- A. COUNTY and CAP shall cooperate in the out-stationing of CAP Network Navigators at the Multnomah County Health Department HIV Health Services Center.
- B. COUNTY and CAP agree that CAP staff may have access to view and document in shared client records using the MCHD Epic Electronic Health Record (EHR). CAP staff authorized to use the Epic record are subject to all COUNTY policies related to Protected Health Information and the viewing and use of electronic health records. County policies are fully in accordance with state and federal law related to health information privacy and security.
- C. COUNTY and CAP agree to inform each other of pertinent changes in their policies, practices and staff.
- D. COUNTY and CAP will review this MOU annually, and will meet as necessary during the year for joint planning and problem solving.

3. COUNTY'S RESPONSIBILITIES

- A. COUNTY shall provide CAP Network Navigators with office space, computer and MCHD Epic EHR access.
- B. COUNTY will establish an EHR security template (role) for CAP Network Navigators appropriate for the scope of practice and role on the health care team and to accommodate documentation needs. Security administration will be compliant with HIPAA and all relevant policies.
- C. COUNTY will provide CAP Network Navigators with basic training and orientation to Epic EHR and relevant County policies governing its use.

Multnomah County Health Department and Cascade AIDS Project (CAP)

- D. Access to and termination of access to EHR by CAP Network Navigators will follow existing MCHD policy.
- E. Documentation in key parts of the patient record will be governed by the principles in Figure 1.1. MCHD HHSC primary care team and CAP Network Navigators will abide by these principles and are responsible for maintaining these parts of the record as described.

4. CASCADE AIDS PROJECT'S (CAP) RESPONSIBILITIES

- A. Ensure that all CAP Network Navigators placed at COUNTY adhere to COUNTY's policies and procedures related to electronic health records, including but not limited to Health Insurance Portability Accountability Act (HIPAA) rules.
- B. Ensure that all CAP Network Navigators placed at COUNTY sign and comply with MCHD's HIPAA and Confidentiality agreement set forth in Attachment A, which is incorporated herein as a part of this Agreement. In performing the responsibilities stated in this document, CAP agrees to function as a business associate of the County, and comply with the policies outlined in Attachment B, HIPAA Business Associate Agreement. CAP agrees to comply with privacy and confidentiality policies outlined at the beginning of Attachment C, Charting Encounter Guidelines for Network Navigators.
- C. Ensure that CAP Network Navigators:
 - a. Follow all policies and procedures for accessing shared client data that apply to any other patient shared across OCHIN service areas.
 - b. Document all pertinent interactions relating to their interactions with the client in the Epic EHR. Network Navigators will follow charting encounter guidelines specified in Attachment C.
 - c. Only access records for patients who are current Special Projects of National Significance (SPNS) Participants or are identified as potential, engaged or past participants.
 - d. Protect MCHD HHSC client information according to MCHD's HIPAA and Confidentiality policies.
 - e. Communicate appropriately with MCHD HHSC primary care teams.
 - i. Phone or in person contact will be made with a primary care team member for all urgent issues.
 - ii. If a patient has an urgent medical issue and a care team member is not available (after hours), contact the after hours Nurse Response (call the main clinic phone number and follow steps to reach Nurse Response) for clinical guidance or direct patient to the emergency room.
 - iii. Network Navigators will obtain authorization for release of information (ROI) from patients in order to share specific protected information

related to mental health or addictions treatment with providers at MCHD.

- D. Designate a CAP supervisor who will be responsible for CAP Network Navigators at the COUNTY who will:
 - a. Provide supervision of CAP Network Navigators
 - b. Audit charts for compliance with these principles, and for following up with CAP Network Navigators on charting deficiencies or issues.

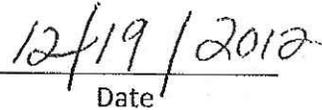

- E. Documentation in key parts of the patient record will be governed by the principles in Figure 1.1. MCHD HHSC primary care team and CAP Network Navigators will abide by these principles and are responsible for maintaining these parts of the record as described.

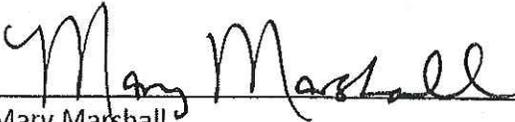

- F. Documentation may occur through County or wireless networks at any location using CAP devices. Network Navigators must otherwise abide by HIPAA guidelines set forth by MCHD HIPAA and Confidentiality policies.

This MOU is effective upon the signature of both parties as of December 19, 2012. The termination date shall be September 30, 2017.

MCHD Contractor Confidentiality and Security Agreement

Instructions:

Every contractor, consultant or student working for the Multnomah County Health Department shall sign this confidentiality and security agreement. This agreement might be an addendum to the hiring contract.

Guidelines:

Contractors will appropriately safeguard protected health and other confidential information made available to or obtained by contractor. Contractors will comply with all federal and state law regarding privacy and confidentiality of the Patient and other County Records. In addition to the above, contractor shall comply with the following confidentiality and security guidelines.

- Client identifiable information shall not be accessed except as needed in the course and scope of contractor's duties.
- Client information and data housed in Multnomah County Health Department facilities are the property of the Multnomah County Health Department and shall remain in County facilities unless being transferred between County facilities or Oregon State Department under specific direction from Multnomah County Health Department management.
- With the exception of data sent to Government Agencies that is regulated by law or statute, client identifiable data shall only be released with appropriate written consent from the client.
- With the exception of billing and remittance data, data transmitted outside the firewall shall be key-based data encrypted.
- Client identifiable information shall not be transmitted via e-mail without key-based data encryption.
- Client information and data shall not be left unattended in areas accessible to the public.
- Client information and data shall only be stored on PC or server that is in a locked and secured network room. Client identifiable data shall not be stored on PC hard drives.
- Information that is available to the contractor that could be deemed confidential (i.e. healthcare, personnel, finance, vendor information, patents, copyrights, etc.) shall not be shared with anyone without the express approval of the Clinic Manager.
- Any data that needs to or is planned to be stored outside Multnomah County needs to be approved by Health Information Application Support and Decision Support Management. Additionally, any data contractor has off site, with approval, should be returned to the health department at the department's discretion.

A copy of this signed form will be kept by the Clinic Manager and the original sent to the Health Department's Contracts Unit.

ATTACHMENT B
Health Insurance Portability and Accountability Act of 1996 (HIPAA)
Business Associate Compliance Requirements

A. General:

For purposes of this Contract, Contractor is County's business associate and will comply with the obligations set forth below. Contractor and County agree to amend this section if necessary to allow either party to comply with the Privacy or Security Rule.

B. Definitions:

Terms used, but not otherwise defined in this section, will have the same meaning as those terms in the Privacy Rule and Security Rule.

- *Breach*: As defined in 45 CFR 164.402 and includes the unauthorized acquisition, access, cause, or disclosure of Protected Health Information (PHI) that compromises the security or privacy of such information such that it poses a significant risk of financial, reputational or other harm to the individual.
- *Designated record set*: as defined in 45 CFR 164.402.
- *Individual*: as defined in 45 CFR 160.103 and includes a person who qualifies as a personal representative in accordance with 45 CFR 164.502(g).
- *Privacy Rule*: the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Part 160 and part 164, subpart A and E, as amended by the HITECH Act and as may otherwise be amended from time to time.
- *Protected Health Information*: as defined in 45 CFR 160.103, limited to the information created or received by Contractor on behalf of County.
- *Required by Law*: as defined in 45 CFR 164.103.
- *Secretary*: the Secretary of the U.S. Department of Health and Human Services or designee.
- *Security Rule*: the Standards for Security of Individually Identifiable Health Information at 45 CFR Part 160 and part 164, subpart A and C.
- *Unsecured Protected Health Information*: PHI that is not secured through the use of a technology or methodology specified by the Secretary in guidance or as otherwise defined in 45 CFR 164.402.

C. Contractor's Obligations:

1. Contractor agrees to not use or disclose Protected Health Information (PHI) other than as permitted or required by this Contract or as Required by Law. Contractor further agrees to use or disclose Protected Health Information only on behalf of, or to provide services to, the County in fulfilling Contractor's obligations under this contract, and to not make uses or disclosures that would violate the Privacy Rule or violate County's Minimum Disclosure policy.
2. When using, disclosing, or requesting PHI, Contractor agrees to make reasonable efforts to limit the PHI to the minimum necessary to accomplish the intended purpose of the use, disclosure or request, in accordance with 45 CFR 164.514(d), with the following exceptions:
 - a. disclosures to or requests by a health care provider for treatment
 - b. disclosures made to the individual about his or her own PHI information
 - c. uses or disclosures authorized by the individual
 - d. disclosures made to the Secretary of Health and Human Services in accordance with the HIPAA Privacy Rule
 - e. uses or disclosures that are Required by Law
 - f. uses or disclosure that are required for compliance with the HIPAA Transaction Rule
3. Contractor will be directly responsible for full compliance with the relevant requirements of the Privacy Rule to the same extent as County.
4. Contractor agrees to use appropriate safeguards to prevent use or disclosure of the PHI other than as provided for by this Contract.

ATTACHMENT B
Health Insurance Portability and Accountability Act of 1996 (HIPAA)
Business Associate Compliance Requirements

5. Contractor agrees to implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the electronic PHI that it creates, receives, maintains, or transmits on behalf of the County as required by 45 CFR 164 Subpart C.
6. Contractor agrees to immediately notify County of any security incident, including use or disclosure of the PHI in violation of or not provided for by this Contract of which it becomes aware.
7. Contractor will promptly notify County of a Breach of Unsecured PHI following the first day on which Contractor (or Contractor's employee, office or agent) knows or should have known of such Breach. Contractor's notification to County must:
 - a. Be made to County no later than 60 calendar days after discovery of the Breach, except where a law enforcement official determines that a notification would impede a criminal investigation or cause damage to national security;
 - b. Include the individuals whose Unsecured PHI has been, or is reasonably believed to have been, the subject of a Breach; and
 - c. Be in substantially the same form as the attached Exhibit A.
8. Contractor agrees to mitigate, to the extent practicable, any harmful effect that is known to Contractor of a use or disclosure of PHI or Breach of Unsecured PHI by Contractor in violation of the requirements of this Contract.
9. Contractor agrees to ensure that any agent, including a subcontractor, to whom it provides PHI received from, or created or received by Contractor on behalf of County, agrees to the same restrictions and conditions that apply through this Contract to Contractor with respect to such information.
10. Contractor agrees to provide access to PHI about an individual contained in a Designated Record Set within 5 working days of County's request. If an individual requests access to information directly from Contractor, Contractor agrees to forward the request to County within 2 working days of receipt. County will be responsible for any denials of requested PHI.
11. Contractor agrees to make any amendments to PHI in a Designated Record Set that the County directs or agrees to pursuant to 45 CFR.164.526 within 10 working days of County's request.
12. Contractor agrees to make internal practices, books and records, including policies and procedures and PHI, relating to the use and disclosure of PHI received from, or created or received by Contractor, on behalf of, County available to County or Secretary upon request of County or Secretary, for purposes of the Secretary determining County's Compliance with the Privacy Rule or the Security Rule.
13. Contractor agrees to document such disclosures of PHI and information related to such disclosures as would be required for County to respond to a request by an individual for an accounting of disclosure of PHI in accordance with 45 CFR 164.528. Contractor will make available, at a minimum, the following information: (i) the date of the disclosure, (ii) the name of the entity or person who received the PHI, and if known, the address of such entity or person, (iii) a brief description of the PHI disclosed, and (iv) a brief statement of the purpose of such disclosure which includes an explanation of the basis for such disclosure. Contractor hereby agrees to implement an appropriate record keeping process to comply with this section.
14. Contractor agrees to provide County or an Individual, within 10 working days of the request from County or individual, information collected under Item 9 of this section, to permit County to respond to a request by an Individual for an accounting of disclosure of PHI in accordance with 45 CFR 164.528.

D. Termination

1. Notwithstanding any other termination provisions in this Contract, County may terminate this contract in whole or in part upon 5 working days written notice to Contractor if the Contractor breaches any provision contained in this section, HIPAA Compliance, and fails to cure the breach within the 5 working day period; provided, however, that in the event termination is not feasible County may report the breach to the Secretary.
2. Upon termination of this Contract for any reason, Contractor will extend the protections of this section,

ATTACHMENT B
Health Insurance Portability and Accountability Act of 1996 (HIPAA)
Business Associate Compliance Requirements

HIPAA Compliance, to any records containing PHI that contractor is required to retain under any provision of this Contract.

E. Remedies in Event of Breach

Contractor recognizes that irreparable harm will result to County, and to County business, in the event of breach by Contractor of any of the covenants and assurances contained in this Agreement. As such, in the event of breach of any of the covenants and assurances contained in Sections C above, County will be entitled to enjoin and restrain Contractor from any continued violation of Section C. Furthermore, in the event of breach of Section C by Contractor, County is entitled to reimbursement and indemnification from Contractor for County's reasonable attorneys' fees and expenses and costs, including notices the County is required to give as a result of any Breach of Unsecured PHI, that were reasonably incurred as a proximate result of Contractor's breach. The remedies contained in this Section E are in addition to (and not supersede) any action for damages and/or any other remedy County may have for breach of any part of this Agreement.

Our House provides healthcare, housing, and other vital services to low-income people living with HIV/AIDS. Our House has been part of the Portland community since 1988. Our services have expanded but our commitment to people living with HIV/AIDS has remained the same. HIV/AIDS is a complex and challenging disease that can often be overwhelming. The Our House team of expert clinicians works with people with advanced HIV/AIDS who are having difficulty managing independent living. They tailor services for each individual that defines what “living well” means to them. Over the years we have expanded services that now range from regular in-home visits by clinical staff to 24-hour residential skilled nursing services. As the health of a resident or client improves or declines, we are able to continue to provide services within our continuum of care. Our programs and services include: Our House, Swan House, Neighborhood Housing & Care Program, Esther’s Pantry and Tod’s Corner.

Quest Center for Integrative Health

2901 East Burnside Street

Portland, OR 97214

phone: (503) 238-5203

Quest Center for Integrative Health is a nonprofit, community-based health center. Originally a psychosocial support service provider for people living with HIV/AIDS, the “project” expanded over the decades, first to include all people affected by illnesses and chronic pain, and then in 2000 to include a medical/wellness component with a holistic focus.

Hooper Detox

1535 North Williams Avenue

Portland, OR 97232

phone: (503) 238-2067

Once individuals resolve to address their drug/alcohol addictions, detoxification is the first and most crucial step in a safe path to recovery. Hooper Center provides medical detoxification and stabilization at this critical juncture. There, patients receive 4-10 days of medical treatment for early withdrawal symptoms. A team of registered nurses and technicians provide around the clock medical care, and a physician provides an examination on admissions. Patients meet with a counselor and are referred to available treatment services. Many of the staff at the Hooper Center are in recovery and have turned their lives around. They are an example that recovery is possible and often provide the first rays of hope for the long journey ahead. Hooper Center is

open to all individuals regardless of insurance or ability to pay. Upon completing the program, patients may be referred to Alcohol and Drug Free housing and ongoing resources to support recovery including the CCC Recovery Center.

We offer the following programs for adults, youth, and families:

- Detox- clients suffering from withdrawal are provided with medications and monitored by medical professionals (adult only)
- Residential- clients live onsite and have access to services 24/7
- Outpatient- clients live at home but come to DP for treatment one or more times per week, depending on individual need
- Family therapy- individual or group sessions with a family therapist

Adult clients (18 and over) are treated at our downtown Portland facility or in Hillsboro. Youth clients, ages 13-18, are treated at our Youth & Family Center in NE Portland. All three DP locations also provide treatment for co-occurring mental health issues.

All programs begin with an assessment that enables us to recommend the appropriate level of care for each individual client. Treatment levels are based on ASAM PPC II-R criteria. Every client at DP creates an individual treatment plan that is tailored to his/her specific needs and goals. Counselors work closely with clients to ensure that progress is made. DP uses practices that are evidence based, meaning they have research to support their effectiveness.

PUBLIC HEALTH DEPARTMENT

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (“MOU”) is made between the City of Pasadena Public Health Department (“PPHD”) and **Agency**, located at **Agency Address** (collectively, the “parties”), and is guided by the Health Resources and Services Administration’s (“HRSA”) initiative entitled *Building Medical Homes for Multiply Diagnosed HIV Homeless Populations*. This five-year initiative is funded through the U.S. Department of Health and Human Services (“HHS”) under the HRSA Division of HIV/AIDS Bureau Special Projects of National Significance (“SPNS”) and is administered under the name of *Operation Link* by PPHD. Operation Link will provide intensive peer care navigation and case management services to homeless individuals living with HIV/AIDS and a history of substance abuse or mental illness.

PPHD and **Agency** have entered into this MOU to better serve the target population of the HRSA initiative within Los Angeles County. Both parties have found that more intensive, focused, and frequent provision of follow-up and treatment are more effective for individuals facing homelessness and other complex issues. Both parties believe that this partnership will yield important, positive client health and service outcomes.

PPHD will provide the following services to **Agency** (check all that apply):

- HIV counseling and testing at **Agency** on days to be mutually agreed upon by both parties.
- Case management services for referred individuals that are HIV positive, homeless, and currently have or have a history of mental illness or substance abuse.
- Assistance with linkage to care for HIV positive individuals that do not meet Operation Links’ specific criteria.
- Represent Operation Link at agency meetings.

Agency will provide the following services to PPHD (check all that apply):

- A private room and/or a secure location to park PPHD's mobile unit for the purposes of providing HIV counseling and testing.
- Referrals to PPHD of individuals that are HIV positive, homeless, and currently have or have a history of mental illness or substance abuse.
- Donations of goods (e.g., food and hygiene products) for distribution to homeless individuals during PPHD's outreach events.

We, the undersigned, do hereby approve this document in support of the City of Pasadena Department of Public Health Operation Link Research Project. This agreement will be in effect for the period commencing September 1, 2013 through August 31, 2017, unless terminated earlier in writing by one of the parties.
